## **Elizabeth And Hazel Two Women Of Little Rock:**

**Elizabeth and Hazel** David Margolick, 2011-10-04 The names Elizabeth Eckford and Hazel Bryan Massery may not be well known but the image of them from September 1957 surely is a black high school girl dressed in white walking stoically in front of Little Rock Central High School and a white girl standing directly behind her face twisted in hate screaming racial epithets This famous photograph captures the full anguish of desegregation in Little Rock and throughout the South and an epic moment in the civil rights movement In this gripping book David Margolick tells the remarkable story of two separate lives unexpectedly braided together He explores how the haunting picture of Elizabeth and Hazel came to be taken its significance in the wider world and why for the next half century neither woman has ever escaped from its long shadow He recounts Elizabeth's struggle to overcome the trauma of her hate-filled school experience and Hazel's long efforts to atone for a fateful horrible mistake The book follows the painful journey of the two as they progress from apology to forgiveness to reconciliation and amazingly to friendship This friendship foundered then collapsed perhaps inevitably over the same fissures and misunderstandings that continue to permeate American race relations more than half a century after the unforgettable photograph at Little Rock And yet as Margolick explains a bond between Elizabeth and Hazel silent but complex endures

**White Trash** Nancy Isenberg, 2016 In *White Trash* Nancy Isenberg upends assumptions about America's supposedly class free society and shows how poor whites have been deeply ingrained in the country's history for the past 400 years. They were central to both the Civil War itself and the rise of the Republican Party and still today feature in reality TV as entertainment. White trash have always been an integral part of the American identity and here their history in both culture and politics is explored in depth. A fascinating work that's timely to today's public debate about rich and poor.

**Massive Resistance and Southern Womanhood** Rebecca Brückmann, 2021-01-01 *Massive Resistance and Southern Womanhood* offers a comparative sociocultural and spatial history of white supremacist women who were active in segregationist grassroots activism in Little Rock, New Orleans, and Charleston from the late 1940s to the late 1960s. Through her examination, Rebecca Brückmann uncovers and evaluates the roles, actions, self-understandings, and media representations of segregationist women in massive resistance in urban and metropolitan settings. Brückmann argues that white women were motivated by an everyday culture of white supremacy and they created performative spaces for their segregationist agitation in the public sphere to legitimize their actions. While other studies of mass resistance have focused on maternalism, Brückmann shows that women's invocation of motherhood was varied and primarily served as a tactical tool to continuously expand these women's spaces. Through this examination, she differentiates the circumstances, tactics, and representations used in the creation of performative spaces by working class, middle class, and elite women engaged in massive resistance. Brückmann focuses on the transgressive street politics of working class female activists in Little Rock and New Orleans that contrasted with the more traditional political actions of segregationist middle class and elite women in Charleston who aligned white supremacist agitation with long standing experience in conservative women's clubs, including the United Daughters of the Confederacy and the Daughters of the American Revolution. Working class women's groups chose consciously transgressive strategies, including violence, to elicit shock value and create states of emergency to further legitimize their actions and push for white supremacy.

*My Soul Is a Witness* Mari N. Crabtree, 2023-01-10 An intimate look at the afterlife of lynching through the personal stories of Black victims and survivors who lived through and beyond its trauma. Mari N. Crabtree traces the long afterlife of lynching in the South through the traumatic memories it left in its wake. She unearths how African American victims and survivors found ways to live through and beyond the horrors of lynching, offering a theory of African American collective trauma and memory rooted in the ironic spirit of the blues sensibility: a spirit of misdirection and cunning that blends joy and pain. Black southerners often shielded their loved ones from the most painful memories of local lynchings with strategic silences but also told lynching stories about vengeful ghosts or a wrathful God or the deathbed confessions of a lyncher tormented by his past. They protested lynching and its legacies through art and activism and they mourned those lost to a mob's fury. They infused a blues element into their lynching narratives to confront traumatic memories and keep the blues at bay even if just for a spell. Telling their stories troubles the simplistic binary of

resistance or submission that has tended to dominate narratives of Black life and reminds us that amid the utter devastation of lynching were glimmers of hope and an affirmation of life

**South Side Girls** Marcia Chatelain, 2015-04-19 In South Side Girls Marcia Chatelain recasts Chicago s Great Migration through the lens of black girls Focusing on the years between 1910 and 1940 when Chicago s black population quintupled Chatelain describes how Chicago s black social scientists urban reformers journalists and activists formulated a vulnerable image of urban black girlhood that needed protecting She argues that the construction and meaning of black girlhood shifted in response to major economic social and cultural changes and crises and that it reflected parents and community leaders anxieties about urbanization and its meaning for racial progress Girls shouldered much of the burden of black aspiration as adults often scrutinized their choices and behavior and their well being symbolized the community s moral health Yet these adults were not alone in thinking about the Great Migration as girls expressed their views as well Referencing girls letters and interviews Chatelain uses their powerful stories of hope anticipation and disappointment to

highlight their feelings and thoughts and in so doing she helps restore the experiences of an understudied population to the Great Migration's complex narrative

**Reading the Social in American Studies** Astrid Franke, Stefanie Mueller, Katja Sarkowsky, 2022-03-12 Reading the Social in American Studies offers a unique exploration of the advantages and benefits in using sociological terms and concepts in American literary and cultural studies and conversely in using literature understood broadly to uncover a microlevel of the social. Its temporal scope ranges from the early 19th to the 21st century, providing a historical dimension that is otherwise often missing from studies on the conjunction of literature and sociology. The contributors' approaches include genre reflections as well as close readings, theoretical discussions of crucial sociological terms, and literary observations backed up by empirical sociological studies. The book will familiarize international readers with ideas on the social from both sides of the Atlantic, including scholarship of such figures as John Dewey, Georg Simmel, Norbert Elias, and Pierre Bourdieu.

**Lies We Tell Ourselves** Robin Talley, 2014-09-30 In 1959 Virginia the lives of two girls on opposite sides of the battle for civil rights will be changed forever. Sarah Dunbar is one of the first Black students to attend the previously all-white Jefferson High School. An honors student at her old school, she is put into remedial classes, spit on, and tormented daily. Linda Hairston is the daughter of one of the town's most vocal opponents of school integration. She has been taught all her life that the races should be kept separate but equal. Forced to work together on a school project, Sarah and Linda must confront harsh truths about race, power, and how they really feel about one another. Boldly realistic and emotionally compelling, *Lies We Tell Ourselves* is a brave and stunning novel about finding truth amid the lies and finding your voice even when others are determined to silence it.

**The Choice We Face** Jon Hale, 2021-08-10 A comprehensive history of school choice in the US from its birth in the 1950s as the most effective weapon to oppose integration to its lasting impact in reshaping the public education system today. Most Americans today see school choice as their inalienable right. In *The Choice We Face*, scholar Jon Hale reveals what most fail to see: school choice is grounded in a complex history of race exclusion and inequality. Through evaluating historic and contemporary education policies, Hale demonstrates how reframing the way we see school choice represents an opportunity to evolve from complicity to action. The idea of school choice, which emerged in the 1950s during the civil rights movement, was disguised by American rhetoric as a symbol of freedom and individualism. Shaped by the ideas of conservative economist Milton Friedman, the school choice movement was a weapon used to oppose integration and maintain racist and classist inequalities. Still supported by Democrats and Republicans alike, this policy continues to shape American education in nuanced ways. Hale shows, from the expansion of for-profit charter schools and civil rights-based reform efforts to the appointment of Betsy DeVos. Exposing the origins of a movement that continues to privilege middle to upper-class whites while depleting the resources for students left behind, *The Choice We Face* is a bold, definitive new history that promises to challenge long-held assumptions on education and redefine our moment as an opportunity to save it a choice we will not have for much longer.
