Emancipation Hell Tragedy Lincolns Proclamation:

Lincoln's Tragic Admiral Kevin John Weddle, 2005 Weddle reveals that the admiral was the victim of a double irony although Du Pont championed technological innovation he outspokenly opposed the use of the new ironclads to attack Charleston Only when his objections were overridden did his use of these modern vessels bring his career to an end Weddle exposes this historical misunderstanding while also pinpointing Du Pont's crucial role in the development of United States naval strategy his work in modernizing the navy between the Mexican War and the Civil War and his push for the navy's technological transition from wood to iron Eulogy on the Death of Abraham Lincoln George Sewall Boutwell, 1865

Shadows of the Slave Past Ana Lucia Araujo, 2014-08-07 This book is a transnational and comparative study examining the processes that led to the memorialization of slavery and the Atlantic slave trade in the second half of the twentieth century Araujo explores numerous kinds of initiatives such as monuments memorials and museums as well as heritage sites By connecting different projects developed in various countries and urban centers in Europe Africa and the Americas during the last two decades the author retraces the various stages of the Atlantic slave trade and slavery including the enslavement in Africa the process of confinement in slave depots the Middle Passage the arrival in the Americas the daily life of forced labor until the fight for emancipation and the abolition of slavery Relying on a multitude of examples from the United States Brazil and the Caribbean the book discusses how different groups and social actors have competed to occupy the public arena by associating the slave past with other human atrocities especially the Holocaust Araujo explores how the populations of African descent white elites and national governments very often carrying particular political agendas appropriated the slave past by fighting to make it visible or conceal it in the public space of former slave societies Abraham Lincoln and a New Birth of Freedom Howard Jones, 1999-01-01 No one has fully examined Lincoln's impact on Civil War diplomacy particularly as it derived from his constantly evolving views toward slavery and the way these ideas fitted into his concept of the Union In 1945 Jay Monaghan published his classic work *A Diplomat in Carpet Slippers* Abraham Lincoln Deals with Foreign Affairs but it rested almost entirely on American sources and reflected both a Union and a Lincoln bias Moreover Monaghan brought insufficient focus to Lincoln's efforts to tie antislavery to the creation of a better Union This gap in the historiography of the period provides the rationale for this book Prologue *Looking for Lincoln* Philip B. Kunhardt, Peter W. Kunhardt, Peter W. Kunhardt (Jr.), 2008 In honor of the bicentennial of Abraham Lincoln's birth comes this sequel to the enormously successful *Lincoln An Illustrated Biography* This work picks up where the previous book left off and examines how the 16th president's legend came into being **Sermons Preached in Boston on the Death of Abraham Lincoln**, 1865 **The Laws of Slavery in Texas** Randolph B. Campbell, 2010-02-01 The laws that governed the institution of slavery in early Texas were enacted over a fifty year period in which Texas moved through incarnations as a Spanish colony a Mexican state an independent republic a part of the United States and a Confederate state This unusual legal heritage sets

Texas apart from the other slave holding states and provides a unique opportunity to examine how slave laws were enacted and upheld as political and legal structures changed The Laws of Slavery in Texas makes that examination possible by combining seminal historical essays with excerpts from key legal documents from the slave period and tying them together with interpretive commentary by the foremost scholar on the subject Randolph B Campbell Campbell s commentary focuses on an aspect of slave law that was particularly evident in the evolving legal system of early Texas the dilemma that arose when human beings were treated as property As Campbell points out defining slaves as moveable property or chattel presented a serious difficulty to those who wrote and interpreted the law because unlike any other form of property slaves were sentient beings They were held responsible for their crimes and in numerous other ways statute and case law dealing with slavery recognized the humanness of the enslaved Attempts to protect the property rights of slave owners led to increasingly restrictive laws including laws concerning free blacks that were difficult to uphold The documents in this collection reveal both the roots of the dilemma and its inevitable outcome

The Death of Punishment Robert Blecker,2013-11-19 For twelve years Robert Blecker a criminal law professor wandered freely inside Lorton Central Prison armed only with cigarettes and a tape recorder The Death of Punishment tests legal philosophy against the reality and wisdom of street criminals and their guards Some killers poignant circumstances should lead us to mercy others show clearly why they should die After thousands of hours over twenty five years inside maximum security prisons and on death rows in seven states the history and philosophy professor exposes the perversity of justice Inside prison ironically it s nobody s job to punish Thus the worst criminals often live the best lives The Death of Punishment challenges the reader to refine deeply held beliefs on life and death as punishment that flare up with every news story of a heinous crime It argues that society must redesign life and death in prison to make the punishment more nearly fit the crime It closes with the final irony If we make prison the punishment it should be we may well abolish the very death penalty justice now requires
