Charles Hatfield

Fury Stars Universe Flames 2:

Hand of Fire Charles Hatfield, 2011-12-12 Jack Kirby 1917-1994 is one of the most influential and popular artists in comics history. With Stan Lee, he created the Fantastic Four and defined the drawing and narrative style of Marvel Comics from the 1960s to the present day. Kirby is credited with creating or cocreating a number of Marvel's mainstay properties among them the X-Men, the Hulk, Thor, and the Silver Surfer. His earlier work with Joe Simon led to the creation of Captain America, the popular kid gang, and romance comic genres and one of the most successful comics studios of the 1940s and 1950s. Kirby's distinctive narrative drawing use of bold abstraction and creation of angst-ridden and morally flawed heroes mark him as one of the most influential mainstream creators in comics. In this book, Charles Hatfield examines the artistic legacy of one of America's true comic book giants. He analyzes the development of Kirby's cartooning technique, his use of dynamic composition, the recurring themes and moral ambiguities in his work, his eventual split from Lee, and his later work as a solo artist. Against the backdrop of Kirby's earlier work in various genres, *Hand of Fire* examines the peak of Kirby's career when he introduced a new sense of scope and sublimity to comic book fantasy. **Horror Film Stars, 3d ed.**

Michael R. Pitts, 2024-10-09 John Carradine, Jamie Lee Curtis, Yvonne De Carlo, Faith Domergue, Boris Karloff, Otto Kruger, Bela Lugosi, Jack Palance, Vincent Price, Santo, and George Zucco are just a few of the 80 horror film stars that are covered in this major standard reference work now in its third edition. The author has revised much of the information from the two previous editions and has added several more performers to the lineup of horror film stars. The performers are given well-rounded career bios and detailed horror film write-ups with complete filmographies provided for those most associated with horror, science fiction, and fantasy movies, and genre-oriented filmographies for the lesser stars. *2 Peter and Jude MacArthur New Testament Commentary*

John MacArthur, 2005-10-01 Second Peter and Jude are sometimes neglected as the dark corner of the New Testament. But Christians avoid these two letters to their peril. Both letters were written to expose false teachers and to strengthen believers in the truth. In a day when sound doctrine is devalued, their warning has never been more needed. Join John MacArthur as he explains each verse in a way that is both doctrinally precise and intensely practical. **Pillar of Fire**

Taylor Branch, 2007-04-16 From Pulitzer Prize-winning author Taylor Branch, the second part of his epic trilogy on Martin Luther King Jr. and the American Civil Rights Movement. In the second volume of his three-part history, a monumental trilogy that began with *Parting the Waters*, winner of the Pulitzer Prize and the National Book Critics Circle Award, Taylor Branch portrays the Civil Rights Movement at its zenith, recounting the climactic struggles as they commanded the national stage. Beginning with the Nation of Islam and conflict over racial separatism, *Pillar of Fire* takes the reader to Mississippi and Alabama, Birmingham, the murder of Medgar Evers, the March on Washington, the Civil Rights Act, and voter registration drives. In 1964, King is awarded the Nobel Peace Prize. Branch's magnificent trilogy makes clear why the Civil Rights Movement and indeed King's leadership are among the nation's enduring achievements. In bringing these decades alive
