Domby,Simon Lewis,2021-12-07 Reconstruction is one of the most complex overlooked and misunderstood periods of American history The thirteen essays in this volume address the multiple struggles to make good on President Abraham Lincoln s promise of a new birth of freedom in the years following the Civil War as well as the counter efforts including historiographical ones to undermine those struggles The forms these struggles took varied enormously extended geographically beyond the former Confederacy influenced political and racial thought internationally and remain open to contestation even today The fight to establish and maintain meaningful freedoms for America s Black population led to the apparently concrete and permanent legal form of the three key Reconstruction Amendments to the U S Constitution as well as the revised state constitutions but almost all of the latter were overturned by the end of the century and even the former are not necessarily out of jeopardy And it was not just the formerly enslaved who were gaining and losing freedoms Struggles over freedom citizenship and rights can be seen in a variety of venues At times gaining one freedom might endanger another How we remember Reconstruction and what we do with that memory continues to influence politics especially the politics of race in the contemporary United States Offering analysis of educational and professional expansion legal history armed resistance the fate of Black soldiers international diplomacy post 1865 and much more the essays collected here draw attention to some of the vital achievements of the Reconstruction period while reminding us that freedoms can be won but they can also be lost      **The War That Made America** Caroline E. Janney,Peter S. Carmichael,Aaron Sheehan-Dean,2024-03-01 This collection of original essays reveals the richness and dynamism of contemporary scholarship

on the Civil War era Inspired by the lines of inquiry that animated the writings of the influential historian Gary W Gallagher this volume includes nine essays by leading scholars in the field who explore a broad range of themes and participants in the nation's greatest conflict from Indigenous communities navigating the dangerous shoals of the secession winter to Confederate guerrillas caught in the legal snares of the Union's hard war to African Americans pursuing landownership in the postwar years Essayists also explore how people contested and shaped the memory of the conflict from outright silences and evasions to the use of formal historical writing Other contributors use comparative and transnational history to rethink key aspects of the conflict The result is a thorough examination of Gallagher's scholarly legacy and an assessment of the present and future of the Civil War history field Contributors are William A Blair Peter S Carmichael Andre M Fleche Wayne Wei siang Hsieh Caroline E Janney Peter C Luebke Cynthia Nicoletti Aaron Sheehan Dean and Kathryn J Shively

Cimbala, Robert F. Himmelberg, 1996 These essays provide a rich portrait of how the self and its deepest commitments have driven some of the most important vital scholarship of the last fifty years Georgia Historical Quarterly the writing is highly readable and informative for a non academic audience curious about how history is written Magill Book Reviews To provide a context for understanding current race relations and the goals of the civil rights movement the editors asked distinguished scholars to reflect upon their careers and how personal experiences have influenced their scholarship Prominent historians Dan T Carter Eric Foner Darlene Clark Hine Jacqueline Jones David Levering Lewis Leon F Litwack Mark D Naison and George B Tindall answered the call **Congoism** Johnny Van Hove, 2017-10-04 To justify the plundering of today's Democratic Republic of the Congo U S intellectual elites have continuously produced dismissive Congo discourses Tracing these discourses in great depth and breadth for the first time Johnny Van Hove shows how U S intellectuals and their influential European counterparts have been using the Congo in similar fashions for their own goals Analyzing intellectuals as diverse as W E B Du Bois Joseph Conrad and David Van Reybrouck the book offers a theorization of Central West Africa a case study of normalized narratives on the Other and a stirring wake up call for all contemporary writers on international history and politics **A Survey of Cincinnati's Black Press & Its Editors 1844-2010** Mae Najiyyah Duncan, 2011-03-16 There is probably no better way to catch the flavor of a time period or of a people than by perusing the pages of contemporary

periodicals The problem is that very often newspapers newsletters and magazines are not saved and preserved as the precious historical record that they represent This is doubly true of the ephemera of African Americans in by gone eras for a number of reasons First of all periodicals are intended at their inception to be for immediate consumption and not for posterity Their own creators the many editors and publishers referenced here were probably too busy to worry about preserving their publications Unlike artifacts or material goods paper products are likely to disintegrate if not properly stored And institutions such as archives and libraries where they might have been collected tend to be white dominated and not to value information pertaining to African Americans until fairly recently With the passage of time the precious record of African American life that is recorded in African American publications is too often lost to later generations Not only are the newspapers themselves often lost but the memories of their impact disappear with each death of a community elder who remembers the personalities and issues involved That is why Najiyyah Duncan s work in researching the history of Cincinnati s African American newspapers is so important Not only did Ms Duncan scour local and national collections to determine where old Cincinnati newspapers were archived but she also located individuals who had retained some precious copies privately If she saw a citation for a Cincinnati newspaper in one of the few books published on the topic of African American newspapers she did everything within her power to try to locate extant copies Then she scrutinized what was in the papers recording information about founders editors dates of publication mastheads news stories and typical contents including businesses that advertised in the papers By interviewing people who still remembered some of the earlier publications and the personalities behind them Ms Duncan supplements what she found in print Although her main focus is on African American newspapers published in Cincinnati she also shares here what she found in the way of other types of local African American publications as well as newspapers published elsewhere but circulated in Cincinnati All of this is very important to anyone interested in how we got to where we are today in matters of culture and race I know from personal experience while researching the life of Maurice McCrackin a white minister who lived among African Americans in Cincinnati s West End and worked tirelessly to end racism and war how important it is to have a balanced historical record to draw on Such a record however is useful to far more than writers and historians Anyone inspired to address today s complex social inequities needs to know what has gone before Furthermore the record of any group should be articulated by members of that group rather than filtered and interpreted by the majority or dominant group One of the first African Americans to articulate the importance of this idea was John Brown Russwurm In the first edition of the first African American newspaper published in the United States Freedom s Journal in 1827 Russwurm wrote We wish to plead our own cause Too long have others spoken for us Too long has the public been deceived by misrepresentations in things which concern us dearly Quoted by Mary Sagarin in John Brown Russwurm The Story of Freedom s Journal Freedom s Journey NY Lothrop Lee Shepart 1970 57 Najiyyah Duncan has paid homage to Russwurm s vision and a long history of self articulation among African American journalists by

her efforts here in describing Cincinnati's heritage o
