

RHYMING WORDS

OBJECTIVES:

- To introduce children to rhyming words.
- To be able to identify rhyming words

LESSON PLAN:

Firstly write down these pair of words on a paper or board:

pan- fan	lip-ear	flow-glow	year-hear	look-book
bed-eye	gun-fun	nose-hose	tree- ring	play-tray

Ask the children to read the words out loud. Then, specifically ask for the ending sounds of words of each pair. As they read each pair, lead the question- is the ending sound of both the words same? Repeat the same for all the pairs. Great job! There is a special term for the words having the same sound at the end- rhyming words.

Yes! the words that have similar or same ending sounds are called as RHYMING WORDS.

Now, let us look at some more rhyming words:

cat - bat- sat - fat - pat
pot - bot - cot - dot - got
pin - fin - tin - bin - win
ban - can - fan - tan - van
joke - woke - poke - yoke
hole - role - sole - pole

Resources in Education ,1984 Culturally Responsive Teaching Geneva Gay,2010 The achievement of students of color continues to be disproportionately low at all levels of education More than ever Geneva Gay s foundational book on culturally responsive teaching is essential reading in addressing the needs of today s diverse student population Combining insights from multicultural education theory and research with real life classroom stories Gay demonstrates that all students will perform better on multiple measures of achievement when teaching is filtered through their own cultural experiences This bestselling text has been extensively revised to include expanded coverage of student ethnic groups African and Latino Americans as well as Asian and Native Americans as well as new material on culturally diverse communication addressing common myths about language diversity and the effects of English Plus instruction **Michigan School Moderator** ,1887

Using Art to Teach Writing Traits Jennifer Klein,Elizabeth Stuart Whitehead,2018-11-23 Our purpose for writing this book is so that children can become better communicators by expressing their thoughts feelings and ideas The ability to communicate is a universal goal in society If children can better communicate in their speaking and writing clearer more precise messages will be received and communication around the world will be strengthened The writing traits are a way for teachers and children to discuss and analyze written pieces for strengths and needs in order communicate their thoughts and expresses their ideas through writing in a way that touches their audience Adding art into this established process will allow children to learn about the writing traits in a text free environment before applying the traits to their own writing Children will learn how artists communicate their thoughts feelings and ideas and how the traits that writers use are similar to the traits that artists use in order to better communicate express themselves and process the world around them In addition we will discuss the revision and editing process Art is an exciting and engaging subject for students This book will allow children to transfer their knowledge of how artists use the traits to how writers use the traits and then to how they can utilize the traits in their own writing to better communicate with their audience and process the world around them *The Executive Educator* ,1993 **Popular Mechanics** ,1943-01 Popular Mechanics inspires instructs and influences readers to help them master the modern world Whether it s practical DIY home improvement tips gadgets and digital technology information on the newest cars or the latest breakthroughs in science PM is the ultimate guide to our high tech lifestyle *Popular Science* ,1949-05 Popular Science gives our readers the information and tools to improve their technology and their world The core belief that Popular Science and our readers share The future is going to be better and science and technology are the driving forces that will help make it better *Resources in Education* ,1982 *Popular Mechanics* ,1944-01 Popular Mechanics inspires instructs and influences readers to help them master the modern world Whether it s practical DIY home improvement tips gadgets and digital technology information on the newest cars or the latest breakthroughs in science PM is the ultimate guide to our high tech lifestyle **Instructor** ,1972-02 **Popular Mechanics** ,1944-06 Popular Mechanics
