The Minute Man on the Frontier William George Puddefoot, 2022-09-16 In *The Minute Man on the Frontier* William George Puddefoot offers a vivid portrayal of the resilience and courage embodying the stalwart defenders of early American frontiers. The literary context of the work situates it within the broader canon of historical narrative, illuminating the indomitable spirit that defined the pioneering American ethos. Puddefoot's prose is an embodiment of classical storytelling, resonating with an authenticity that transcends generations. William George Puddefoot, an author immersed in the grand tradition of historical literature, skillfully weaves fact with the artistry of fiction to enliven the legendary minute man, an archetype of rapid mobilization in the face of danger. This profound connection to the subject matter and his dedication to historical accuracy can be attributed to Puddefoot's relentless research and intimate connection with the historical period he so eloquently animates. His work not only recollects a pivotal moment in history but also serves as a compelling reminder of the sacrifices made by the ancestors of modern America. *The Minute Man on the Frontier* is therefore an essential read for both aficionados of historical literature and those seeking to grasp the foundations of American identity. DigiCat Publishing's fine edition ensures that Puddefoot's work receives the veneration it warrants, beckoning scholars, history enthusiasts, and casual readers alike into the fold of America's rich narrative heritage. This book is recommended for its enduring value as a window into the nascent chapters of the American saga, a testament to the unwavering human spirit and a wellspring of inspiration for understanding the complexities of past lives and events that have inexorably shaped the present.

British and Foreign Medico-chirurgical Review, 1859 **Mobility and Identity in US Genre Painting** Lacey Baradel, 2020-12-30 This book examines the portrayal of themes of boundary crossing, itinerancy, relocation, and displacement in US genre paintings during the second half of the long nineteenth century, c. 1860-1910. Through four diachronic case studies, the book reveals how the high-stakes politics of mobility and identity during this period informed the production and reception of works of art by Eastman Johnson (1824-1906), Enoch Wood Perry Jr. (1831-1915), Thomas Hovenden (1840-95), and John Sloan (1871-1951). It also complicates art history's canonical understandings of genre painting as a category that seeks to reinforce social hierarchies and emphasize more rooted connections to place by instead privileging portrayals of social flux and geographic instability. The book will be of interest to scholars working in art history, literature, American studies, and cultural geography.
