

The Yeoman

5. Yeomen were originally knights' servants (though the later became landowners and occupied a class just below the gentry). The Yeoman is traveling with the Knight and the Squire. How does the narrator portray his character?

The Nun

History: A nun is a woman who lives in a convent and follows rules of poverty, obedience, and chastity (she is married to Christ). As mother superior of a convent, a prioress is under obligation to leave her charges.

6. Lines 122-145: What details in the description of the Nun suggest that the narrator thinks she is putting on airs - that is, trying to appear more refined and "high class" than she really is?

7. Nuns were not supposed to keep pets, because the money required for their care was meant for the poor. What does this detail about her dogs suggest about the Prioress?

8. In Chaucer's time physical characteristics were thought to reveal a person's inner nature. In this description of the Prioress one such revealing detail is her high forehead, considered a sign of intelligence and good breeding. However, a nine-inch brow would be most unusual. Why do you think Chaucer exaggerated this feature?
