Prologue (Canterbury Tales)

Opening:

1. The first eighteen lines of the Prologue are among the most famous passages in English literature. (Don't believe me, go home and look it up on Youtube). These lines make up a single sentence. After two adverbial clauses (each beginning with *whenever*) that describe the time of year, the narrator introduces his main idea. What is it?

The Knight

History: All the wars Chaucer described were considered *just* wars rather than political wars; they were fought in defense of Christianity against non-Christians, whom the Church called *infidels* or *heathens*. The Knight is thus presented as a spiritual man rather than simply a brave warrior.

2. What qualities does the knight possess that are different from those you might expect to find in a veteran soldier?

3. When the narrator presents details about the knight's equipment and clothing, rather than directly stating his qualities (lines 69-74), he is using indirect characterization. What do these details reveal about the knight's character?

The Squire

4. How does the portrayal of the Squire differ from that of the Knight?
