Ignatius Donnelly s Caesar s Column A Story of the Future Introduction by Arthur Desmond A dangerously revolutionary futuristic novel with a dystopian theme in a New York setting The book is luridly fascinating 1988 New York the scene of the story is an earthly heaven where man or rather capitalism has brought nature under foot and chained science to his car as a slave Airships scour the atmosphere Electricity threads the earth Money is the only god and human brotherhood has perished from off the face of the earth One seventh of the entire population riot in soulless luxury The great bulk of the people lead and live the lives of brutes lower than the beasts that perish Then comes the inevitable crash Civilisation in the twentieth century totters over the brink of Tophet and falls into an abyss of chaotic Sheol in which all art science beauty and loveliness perish together The French Revolution is a child s dream compared to the horrors conjured up by the writer of Caesar s Column The outlook for humanity for thousands of years afterwards is blacker than midnight To day the ignorant mob triumphs over the brutal plutocracy To morrow it will starve The day after it will devour its own flesh and blood and civil government of the rudest kind will take long long centuries to re establish itself **Caesar's Column** Ignatius Donnelly,2020-04-07 But our admiration may be here and our hearts elsewhere And so from all this glory and splendor I turn back to the old homestead amid the high mountain valleys of Africa to the primitive simple shepherd life to my beloved mother to you and to all our dear ones This gorgeous gilded room fades away and I see the leaning hills the trickling streams the deep gorges where our woolly thousands graze and I hear once more the echoing Swiss horns of our herdsmen reverberating from the snow tipped mountains But my dream is gone The roar of the mighty city rises around me like the bellow of many cataracts
