Four Days In Cienfuegos The Adventure Of A Good Cuban Granddaughter:

Four Days in Cienfuegos Melissa Soldani Lemon, 2013-01-04 Reviews This is a wonderful read about a daughter's first time journey with her mother into Cuba to discover her family's past. Melissa is a very witty writer and you can't help but laugh with her as she makes her way through four days of uncovering her family's history and her marvel at the incredibly small thimble-sized glasses of wine. You will feel like you are standing there with her on the same island her Abuela stood, wind whipping your hair or inside homes where her family once lived and laughed. Everyone should be so fortunate in their lives to have a peek into their past and have such a connection. MC Another fabulous story by Melissa Soldani Lemon. A story of a granddaughter's love for her Abuela grandmother and her story of standing in her family's history on an island that had long been denied entry to Americans. Follow this history professor and very good Cuban granddaughter on an intimate and heart-warming adventure across the invisible wall that separates Cubans and Cuban Americans and makes her first visit to Cuba. TC

Are They White? Melissa Soldani Lemon, 2013-02-18 Over 10 000 unaccompanied minors were sent by their families from Cuba to the US to escape the Cuban Revolution. The US media seized on this heartbreaking Cold War story and asked US families to open their homes to these children. Many families wrote opening their homes to the children but in actuality almost all the children were placed immediately with distant family members or with Catholic Charities. The letters from families across the country asking to adopt the children escaping the Cuban Revolution genuinely reflect the concerns of 1960s Americans. They are alternately touching and odd but all are striking in their honesty. Americans weren't given many chances to fight on the front line of the Cold War. Opening their homes seemed to be one of the few ways they could really fight communism. American families wanted to open their homes to unaccompanied Cuban children but their generosity had bounds. It is clear that most families wanted to incorporate Cuban children who would be the least disruptive and the most beneficial to their household. Those boundaries as expressed in the letters from across the country testify to the honesty of the writers and the great thought that must have gone into the decision to open their homes to these children.
