Foundations Of Distance Education Routledge Studies In Distance Education:

Foundations of Distance Education Desmond Keegan, 2013-12-19 Distance education and training provision has expanded dramatically over the past few years This best selling introduction to the field has helped many to understand the origins and background of distance education and has been used by students and professionals as a guide to policy and practice It has now been updated in the light of the developments in recent years in Eastern Europe and the enormous advances in the use of new technologies A new case study of distance education in China is also included **(Re)Inventing the Internet**

Andrew Feenberg, Norm Friesen, 2012-03-24 Although it has been in existence for over three decades the Internet remains a contested technology Its governance and role in civic life education and entertainment are all still openly disputed and debated The issues include censorship and network control privacy and surveillance the political impact of activist blogging peer to peer file sharing the effects of video games on children and many others Media conglomerates governments and users all contribute to shaping the forms and functions of the Internet as the limits and potentialities of the technologies are tested and extended What is most surprising about the Internet is the proliferation of controversies and conflicts in which the creativity of ordinary users plays a central role The title *Re Inventing the Internet* refers to this extraordinary flowering of agency in a society that tends to reduce its members to passive spectators This collection presents a series of critical case studies that examine specific sites of change and contestation These cover a range of phenomena including computer gaming cultures online education surveillance and the mutual shaping of digital technologies and civic life **Open and Distance**

Learning in the Developing World Hilary Perraton, 2012-11-12 This revised and updated edition of *Open and Distance Learning in the Developing World* sets the expansion of distance education in the context of general educational change and explores its use for basic and non formal education schooling teacher training and higher education Engaging with a range of topics this comprehensive overview includes new material on non formal education mass communication approaches to education about HIV AIDS and recent literacy work in India South Africa and Zambia schooling new research projects in open schooling in Asia and sub-Saharan Africa and interactive radio instruction in South Africa the impact of new technology and globalisation learning delivered through the internet and mobile learning the political economy international agencies the role of private sector and funding With its critical appraisal of the facts and examination of data about effectiveness this book provides answers to problems and poses key questions for the consideration of policy makers educational practitioners and all professionals involved in implementing and delivering sustainable open and distance learning **Technology and**

the Politics of University Reform E. Hamilton, 2016-04-08 Do new technologies mean the end of the university as we know it Or can they be shaped in a way that balances innovation and tradition This volume explores these questions through a critical history of online education **Fostering Sustained Learning Among Undergraduate Students: Emerging Research**

and Opportunities Chemosit, Caroline, Rugutt, John, Rugutt, Joseph K., 2017-03-03 Keeping students engaged and receptive to

learning can at times be a challenge However by the implementation of new methods and pedagogies instructors can strengthen the drive to learn among their students **Fostering Sustained Learning Among Undergraduate Students Emerging Research and Opportunities** is an essential publication for the latest scholarly information on methods to inculcate student learning with a focus on implications to institutional policy and practices Featuring coverage on topics such as financial aid student motivation and mentorship this book is ideally designed for academicians practitioners and researchers seeking novel perspectives on the learning process and instruction methods Ethical Practices and Implications in Distance Learning Demiray, Ugur, Sharma, Ramesh C., 2008-07-31 This book provides ethical insight into the world of e learning through case studies that elucidate the issues through real world examples Provided by publisher **Resources in Education**, 2000 Pedagogy, Presence, and Motivation in Online Education Perez, Aaron Michael, Orakci, Senol, 2022-04-08 Online learning poses a multitude of challenges for educators as there are oftentimes limited resources and in most cases educators are forced to rely on trial and error strategies In the wake of the COVID 19 pandemic an urgent need has risen for a better understanding of creating and maintaining an engaging digital classroom environment Pedagogy Presence and Motivation in Online Education provides best practice techniques and utilizes analogies from brick and mortar education to provide a conceptual framework to a better understanding of how online education functions and shows how to engage students and build a positive digital culture Covering topics such as hybrid classrooms self directed learning skills and principal leadership this book is an excellent resource for educators of both higher and K 12 education educational administration pre service teachers government institutions policymakers researchers and academicians **Identification, Evaluation, and Perceptions of Distance Education Experts** Kurubacak, Gulsun, Yuzer, T. Volkan, 2015-02-28 Instructional quality can make or break the learning experience especially in digital environments where the expressional nuances of interpersonal communication are lost The most effective distance education instructors and experts are those who recognize the educational needs of students and are able to address those needs through creative use of the technological tools available to them Identification Evaluation and Perceptions of Distance Education Experts explores the current and future trends needs and priorities that affect the development of distance education in a postmodern world This premier reference work will be of significance to those interested in online learning teaching and training communication and education across multiple sectors such as universities colleges schools profit non profit e organizations and e commerce *Optimizing K-12 Education through Online and Blended Learning* Ostashewski, Nathaniel, Howell, Jennifer, Cleveland-Innes, Martha, 2016-07-13 The integration of information and communication technologies in education is unavoidable as an increasing percentage of educators embrace modern technology others are faced with the decision to reevaluate their own pedagogical practices or become obsolete To meet the needs of students one must first define what stipulates a successful K 12 student the best practices of online classrooms the warning signs for low performing students

and how to engage web based students Optimizing K 12 Education through Online and Blended Learning addresses the models support cases and delivery of K 12 online education Seeking to further the conversation about the most effective ways to integrate ICT into the classroom this publication presents theoretical frameworks to support educators and administrators This book is an essential collection of research for teachers administrators students of education IT professionals developers and policy makers **Blended learning environments to foster self-directed learning** Christo van der

Westhuizen,Mncedisi C. Maphalala,Roxanne Bailey,2023-03-31 This book on blended learning environments to foster self directed learning highlights the focus on research conducted in several teaching and learning contexts where blended learning had been implemented and focused on the fostering of self directed learning Several authors have contributed to the book and each chapter provides a unique perspective on blended learning and self directed learning research From each chapter it becomes evident that coherence on the topics mentioned is established One of the main aspects drawn in this book and addressed by several authors in the book is the use of the Community of Inquiry CoI framework when implementing teaching and learning strategies in blended learning environments to foster self directed learning This notion of focusing on the CoI framework is particularly evident in both theoretical and empirical dissemination presented in this book What makes this book unique is the fact that researchers and peers in varied fields would benefit from the findings presented by each chapter albeit theoretical methodological or empirical in nature this in turn provides opportunities for future research endeavours to further the narrative of how blended learning environments can be used to foster self directed learning

Motivation, Volition, and Engagement in Online Distance Learning Ucar, Hasan,Kumtepe, Alper Tolga,2021-06-25 Motivation is an important factor in and for all education levels However as learners in online distance education milieus are away from both teachers other learners and the learning environments physically this concept becomes more important for online education Motivating learners in distance education and keeping their motivation alive throughout the learning process is an issue that should be emphasized and taken care of for teachers and instructional designers At this point although there are many approaches models and theories regarding enhancing and sustaining motivation and engagement in the education processes it is seen that there is not enough work and or effective and efficient strategies that can be applied in online distance learning environments Motivation Volition and Engagement in Online Distance Learning evaluates motivational obstacles in online distance education both theoretically and practically identifies the strengths and weaknesses of the online education environments regarding motivation and provides actionable motivational and volitional strategies for online educators This book offers coverage of topics such as learning theories motivation research and synchronous online learning environments making it a valuable resource for researchers professionals decision makers institutions in all education levels academicians pre service teachers and most importantly online educators from various disciplines and learners from all educational landscapes *Developing Curriculum for Emergency Remote Learning Environments* Silva,

Susana,Peres, Paula,Silva, Cândida,2022-12-29 All over the world educational institutions confronted emergency policy changes caused by the COVID 19 pandemic Due to this academic activities were provided mostly by remote teaching and learning solutions The transition to emergency remote teaching and learning raised some challenges regarding technical pedagogical and organizational issues It is important for higher education institutions to prepare themselves to deal with future emergency scenarios promoting an in depth reflection about the future challenges in the post pandemic era

Developing Curriculum for Emergency Remote Learning Environments supports creating and promoting an education as a business strategy for higher education institutions by sharing possible business models It provides a collection of different approaches to online education in the perspective of the future of education environments Covering topics such as distance learning experiences online practice improvement and remote testing this premier reference source is an excellent resource for educators and administrators of higher education pre service educators IT professionals librarians researchers and academicians

Handbook of Research on Transformative Online Education and Liberation: Models for Social Equality Kurubacak, Gulsun,Yuzer, T. Volkan,2010-10-31 This book focuses on the societal social political economic and philosophical perspectives of transformative models and how digital learning communities foster critical reflections and perspective change building a better understanding on how online educators designers tutors learners can talk about injustice and inequality to a virtual group Provided by publisher

Online Learning Communities Rocci Luppigini,2007-08-01 This book makes a contribution to the field of distance education by presenting key perspectives on the state of the field and examining and discussing specific current trends and issues faced by the distance learning community To this end the book brings together Quarterly Review of Distance Education s most respected authors and other internationally known experts in the field of distance education to provide insight into a wide array of themes revolving around current work on communities of learning in distance education

Online Language Education Fatemeh Nami,2023-12-28 This book addresses the gap between Computer Assisted Language Learning CALL materials development and its theoretical considerations by offering a comprehensive look into theory practice and research on materials development and content authoring for language instruction practice drawing on the author s personal experiences along with previous empirical theoretical research in CALL materials development content authoring language teacher education and e learning The book features four sections In addition to highlighting related theoretical underpinnings key concepts linguistic didactic functionalities and interaction scenarios in materials development the volume will address the practical issues and considerations not only in the design development integration and evaluation of the technology enhanced materials development for language instruction but also the protection usability and access in authored and or co authored content Furthermore previous research findings and foci are addressed to highlight the research gaps and pedagogical implications for materials developers policy makers and language teachers The book can help teachers educators and researchers overcome the aforementioned problem by

providing a step by step guideline on how to effectively integrate technology and design and develop instructional materials for online language instruction and practice *E-Learning Methodologies and Computer Applications in Archaeology* Politis, Dionysios, 2008-04-30 Tools of data comparison and analysis are critical in the field of archaeology and the integration of technological advancements such as geographic information systems intelligent systems and virtual reality reconstructions with the teaching of archaeology is crucial to the effective utilization of resources in the field E Learning Methodologies and Computer Applications in Archaeology presents innovative instructional approaches for archaeological e learning based on networked technologies providing researchers scholars and professionals a comprehensive global perspective on the resources development application and implications of information communication technology in multimedia based educational products and services in archaeology Remote Learning and Distance Education William H. Pruden III, 2024-11-14 Remote learning and distance education burst into the national consciousness with the onset of the COVID 19 pandemic yet it remains poorly understood in many ways Explore a range of debates around this timely topic including can remote learning models of educational instruction produce the same or better academic results than in school learning What are the socialization impacts of remote learning What do education experts think is the next frontier in remote learning This book explores those questions and many more Remote Learning and Distance Education provides the historical background and context for understanding the origins and evolution of distance education an evolution which was accelerated dramatically and in unpredictable ways when the COVID 19 pandemic transformed millions of actual classrooms into virtual ones Readers will better understand the problems controversies and solutions surrounding distance education from access and equity issues to maintaining academic integrity Profiles of key figures and organizations such as Khan Academy give readers an introduction to important players in this potentially revolutionary approach to teaching and learning Staff Development in Open and Flexible Learning Colin R. Latchem, Fred Lockwood, 1998 Open learning is the fastest growing type of education world wide This book brings together the experiences insights and findings of some of the world s leading staff developers in open and flexible learning **ECEL 2020 19th European Conference on e-Learning** Prof. Dr.-Ing. Carsten Busc., Prof. Dr. Tilo Wendler, Martin Steinicke, 2020-10-29
