Leadership in a Slum Alan R. Johnson, 2010-04-01 In *Leadership in a Slum* Johnson looks at leadership in the Thai social context from a different angle than traditional studies that measure well educated Thais on leadership scales derived in the West Seeking a cultural account of social influence processes he turns to those who have been left behind in the race to participate in a globalizing world the urban poor Using both systematic data collection and participant observation he develops a culturally preferred model as well as a set of models based in Thai concepts that reflect on the ground realities Johnson also examines the community state relationship and finds that in the face of state power that brings both development and the forces of eviction the community

and its leaders are not passive in this relationship but modify reject or resist state views in their various forms He concludes by looking at the implications of his anthropological approach for those who are involved in leadership training in Thai settings and beyond This work challenges the dominance of the patron client rubric for understanding all forms of Thai leadership and offers an alternative view for understanding leadership rooted in local social systems to approaches that assume the universal applicability of leadership research findings across all cultural settings **Research Anthology on**

Challenges for Women in Leadership Roles Management Association, Information Resources,2021-03-19 The role of women in the workplace has rapidly advanced and changed within the previous decade leading to a current position in which women are taking over leadership roles and being offered these positions more than ever before However a gap still exists with the representation of women in the workforce especially in power positions and roles of authority in organizations While the representation of women in leadership roles is impressive and exciting for the future women still face many challenges when taking over these positions of power and face many issues related to gender inclusivity There is also still gender bias and discrimination against women who have been given the opportunity to become authority figures It is essential to acknowledge and discuss these critical issues and challenges that women in leadership roles must handle to better understand the current climate of gender roles across various industries and types of leadership The Research Anthology on Challenges for Women in Leadership Roles discusses the role of women in positions of authority across diverse industries and businesses By reviewing the biases struggles discrimination and overall challenges of being a woman in a powerful role women leaders can be better understood for their role in a male dominated world This includes topics of concern such as equal treatment proper implementation of women s policies social justice activism discrimination and sexual harassment in the workplace and the importance of diversity and empowerment of women in leadership positions with chapters pertaining specifically to African American Hispanic Asian and Middle Eastern women This book is ideal for professionals researchers managers executives leaders academicians sociologists policymakers and students in fields that include humanities social sciences women s studies gender studies business management management science health sciences educational studies and political sciences
