Language Teaching Robert J. Lowe, 2025-08-18 In this book Robert J Lowe introduces frame analysis a qualitative research approach grounded in the critical theory of the early Frankfurt School and framing in the social sciences Lowe sets out the principles of the frame analysis approach and provides a guide to conducting this kind of research in practice Focused on identifying and challenging ideology through immanent critique Lowe presents a methodological guide and research report He begins by explaining early critical theory and the frame analysis approach followed by a detailed example of its application This example illustrates the key stages identifying participants ideological presuppositions through their master framing questioning the internal logic of this framing and presenting contradictions to participants Finally the researcher observes reactions and documents emerging counter framing marking the first signs of resistance to dominant ideology By applying this approach to issues in English language teaching the book questions some of the ways in which the rhetoric of pluralism and diversity around English as an international language may stand at odds with the realities of a world in which some varieties of the language have more prestige than others Through the frame analysis approach the author suggests that researchers can play a role in empowering language learners and users to advocate for a world in which they can take true ownership of the language Key reading for all qualitative researchers and advanced students in applied linguistics sociolinguistics ELT TESOL and linguistic anthropology **Environmental Communication and the Public Sphere**

Robert Cox, 2010 *Environmental Communication and the Public Sphere* is the first comprehensive undergraduate textbook in the growing field of environmental communication It takes as its theme the role of communication in influencing the ways in which we perceive the environment as well as what actions we and others take in our relations to the natural world The text blends scholarship and hands on experiences to provide a theory based and coherent description of the concrete communication practices and sites in the debates over environment protection Additional theory and vocabulary are introduced as are case studies and examples for closer examination of the principal sites and practices of environmental communication including forums for public participation advocacy campaigns media coverage of environmental stories risk communication and models of dispute settlement This accessible book Summarizes current scholarship in the area and

the policy planner's work and stress the role of persuasive arguments in practical decision making Recognizing the rhetorical communicative character of policy and planning deliberations they show that policy arguments are necessarily selective both shaping and being shaped by relations of power These essays reveal the practices of policy analysts and planners in powerful new ways as matters of practical argumentation in complex highly political environments They also make an important contribution to contemporary debates over postempiricism in the social and policy sciences Contributors John S Dryzek William N Dunn Frank Fischer John Forester Maarten Hajer Patsy Healey Robert Hoppe Bruce Jennings Thomas J Kaplan Duncan MacRae Jr Martin Rein Donald Schon J A Throgmorton **Novels, Novelists, and Readers** Mary F.

Rogers,1991-07-03 Focusing on British and American novels Rogers takes a sociological look at the business of literature the book industry and the experiences of novelists and readers Viewing the novel as a vehicle of cultural meaning the author shows how the literary canon overlooks substantial similarities among novels in favor of restrictive codes based on social as well as literary considerations She emphasizes the kinship between the social sciences and humanities in her analysis by reinvigorating affection for the novel and also establishing its rich cultural significance On the Threshold of Knowing

Lucia Rainer,2017-04-15 In this in depth analysis of artistic and academic lectures and performances Lucia Rainer features an innovative conceptual and methodological tool that augments Goffman's Frame Analysis with a praxeological perspective This way she gives profound insight into how knowledge as a practice and a concept is associated with clarity rather than truth Based on four case studies including John Cage's unpublished and unabridged audio recording of Lecture on Nothing the study explores how the concept of lecture performances which adheres to two frames that never entirely blend provides a space to re negotiate the artistic academic relationship **The Institutional Dynamics of Culture, Volumes I and II**

Perri Six,2018-12-20 These two volumes present the most important recent developments in the institutional theory of culture and demonstrate their practical applications Sometimes called grid group analysis or cultural theory they derive from the work of Durkheim in the 1880s and 1900s and develop the insights of the anthropologist Mary Douglas and her followers from the 1960s on First redefined within social and cultural anthropology the theory's influence is shown in recent years to have permeated all the main disciplines of social science with substantial implications for politics history business work and organizations the environment technology and risk and crime and consumption Today the institutional theory of culture now rivals the rational choice Weberian and postmodern outlooks in influence across the social sciences **Microfoundations of Institutions**

Patrick Haack,Jost Sieweke,Lauri Wessel,2019-11-25 The notion of microfoundations has received growing interest in neo institutional theory along with an interest in microfoundational research in disciplines such as strategic management and economics **The Routledge Handbook of Discourse and Disinformation** Stefania M.

Maci,Massimiliano Demata,Mark McGlashan,Philip Seargeant,2023-11-30 This handbook offers a comprehensive overview of research into discourses of disinformation misinformation post truth alternative facts hate speech conspiracy theories and

fake news Divided into two sections it provides a detailed look at the methodological challenges and approaches for studying disinformation along with a wide range of case studies covering everything from climate change denial to COVID 19 conspiracies The studies address how discourses of disinformation are constructed and developed what rhetorical and persuasive strategies they employ how disinformation can be discerned from real news and what steps we might take in order to create a more trustworthy news environment Authored by leading experts from around the world and showcasing the most up to date methodological approaches to the topic the volume makes a significant contribution to current linguistic research on politics and is an essential guide to the discourses of disinformation for advanced students and researchers of English language studies linguistics and media and communication studies *The Oxford Handbook of Sociology, Social Theory, and Organization Studies* Paul S. Adler, Paul Du Gay, Glenn Morgan, Michael I. Reed, 2014 Sociology and social theory has always been a major source of new perspectives for organization studies Access to a series of authoritative accounts of theorists and research themes in sociology and social theory which have influenced developments in organization studies is essential for those wishing to deepen and extend their knowledge of the intersection of sociology and organization studies This goal is achieved by drawing on a group of internationally renowned scholars committed in their own work to strengthening these links and asking them to provide critical accounts of particular theorists and research themes which have straddled this divide This volume aims to strengthen ties between organization studies and contemporary sociological work at a time when there are increasing institutional barriers to such cooperation potentially generating a myopia that constricts new developments Used in conjunction with its companion volume *The Oxford Handbook of Sociology and Organization Studies* Classical Foundations the reader is provided with a comprehensive account of the productive and critical interaction between sociology and organization studies over many decades Highly international in scope theorists and themes are drawn from both the USA and Europe in equal measure Similarly the authors of the chapters are drawn from both sides of the Atlantic The result is a series of chapters on individuals and key research themes and debates which will provide faculty and post graduate researchers with appreciative authoritative and critical accounts that can be drawn on to design courses or provided guided reading to the field *The Routledge Companion to Semiotics* Paul Cobley, 2009-09-11 *The Routledge Companion to Semiotics* provides the ideal introduction to semiotics containing engaging essays from an impressive range of international leaders in the field Topics covered include the history development and uses of semiotics key theorists including Saussure Peirce and Sebeok crucial and contemporary topics such as biosemiotics sociosemiotics and semioethics the semiotics of media and culture nature and cognition Featuring an extended glossary of key terms and thinkers as well as suggestions for further reading this is an invaluable reference guide for students of semiotics at all levels
