## **Framework Union Comparison Constitutions Classic:**

**The Framework of Union** ,2015-07-11 Excerpt from The Framework of Union A Comparison of Some Union Constitutions As this work has been prepared for and is published by the Closer Union Society the author feels that it is necessary to explain that the aim which underlies it is to provide a manual of reference to the Constitutions of other countries which have achieved Closer Union At first it was intended merely to bring up to date a manual prepared for the Convention of 1891 in Australia by Mr R C Baker now the Hon Sir R C Baker K C M G who very kindly gave permission for this to be done But it was found that conditions had altered so greatly since 1891 that a mere bringing up to date of Sir R C Baker s manual would scarcely serve the purpose required and the author therefore decided to incorporate only those parts of Sir R C Baker s work which will be found in Chapters II III and IV of Part II of this book As the book appears it has been composed with the sole idea of supplying at once some elementary knowledge and the necessary references for a far more complete knowledge of such parts of the achievements of other countries in the matter of Closer Union as appeared to be of practical use to South Africa The test of utility will explain some otherwise inexplicable omissions Thus nothing has been said of the American Executive and the Executive Department of Government generally receives far less attention than the other two great Departments Similarly the organization of the separate States is dealt with only in one confessedly inadequate chapter and the Constitution of Germany is hardly ever referred to These and other omissions are all due to the fact that the author has tried always to keep before him the single aim of utility for those who are studying the problem of Closer Union in South Africa About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works      *Reader's Index and Guide* ,1913      *The Struggle for the European Constitution* Michael O'Neill,2008-11-28 The European Union EU Constitution is one of the most important developments in the history of the EU The Constitution aims to make the EU more transparent relevant and accountable to the citizens of its member states The European Constitution provides the most comprehensive account of why the Constitution developed and what its implications are      [Regional Integration - Europe and Asia Compared](#) Woosik Moon,2017-07-05 The aim of this book is to examine and compare the integration process in both Europe and Asia and to draw some possible lessons for East Asia from the European experience which culminated with the establishment of the economic and monetary union The book embraces the political dimension of integration peace and security economic trade and monetary aspects and cultural aspects Written by well known experts in the field of integration this book represents one of the first attempts at comparing Europe and Asia
