Armstrong,J. A. Wayne Hellmann,William J. Oberlin Alumni Magazine ,1926 *Living the Lord's Prayer* Albert Haase OFM, 2010-02-04 In this book Father Albert Haase follows the lines of the Lord's Prayer showing how the ideas have been understood by great people of faith including Francis of Assisi Martin Luther Th r se of Lisieux and others and revealing how God can use this ancient prayer to transform your very soul and teach you to walk in the way of a true disciple of Christ **Early Letters** Chiara Lubich, 2012 Chiara Lubich is now being called a great Catholic mystic of our times In these letters we encounter this mystical side of Chiara who is also the bearer of a charism a gift from the Holy Spirit in response to the special needs of the Church and of the world Chiara's charism is unity the unity that Jesus asked for us from his Father May they all be one as we are one I in them and you in me so that they may be brought to complete unity Jn 17 22 23 Chiara saw God's love in everyone and everything The light of this discovery enveloped her and she felt like she was at the center of the Father's love This discovery is at the foundation of Chiara's spirituality which emerges from these early letters They were written to the young women and others who were drawn by the way she presented the Christian life as a response to God's love which was shown to her in Jesus most especially in his abandonment and death on the Cross In these letters the God that Chiara invites us to believe in is Love The conversion she asks of us is a conversion to Love Often using the language and style of the saints and mystics of other ages like Saint Catherine of Siena and Saint Francis of Assisi Chiara communicates her burning desire that Love be loved that all the world be set ablaze by the fire of Love Her words are full of fervor but also simplicity and practical common sense How should the author be introduced Well in the back cover of this book of 147 pages there is a section introducing the author that I find fascinating The New York Times described Chiara Lubich as one of the most influential women in the Catholic Church As the president of the Focolare Movement Italian born Chiara Lubich was a renowned religious leader and writer She a prolific writer had published over 50 books in 29 languages with more than one million copies sold As a book of spirituality in the form of a collection of 60 letters written to many people spanning from 1944 to 1949 it is not easy to grasp the important themes of this book Therefore the letters are grouped into four parts with distinguished titles as follows 1 Whoever does not love does not know God for God is love 2 For I decided to know nothing among you except Jesus Christ and him crucified 3 I have come to bring fire on the earth and how I wish it were already kindled 4 Whoever is near me is near the fire Lubich's mystical experience can be traced to her intimate dwelling in God As result she has special spiritual insights expressed in her letters in the following subjects love suffering abandonment and unity Lubich attempts to help her friends to closely follow Jesus Christ in whatever their situation and circumstances Who are the audience of these letters Originally the recipients of these letters are the readers However after the publication of this book all readers of this book become the audience With the words of encouragement in this book readers are uplifted spiritually because as followers of Jesus Christ

Religion, Race, Multiculturalism, and Everyday Life Christopher

Williams, 2023-11-25 Religion Race Multiculturalism and Everyday Life takes a spirited conceptualist look back into the history of our development The book sets out to explore the ways in which a punditry of human equality continues to lock in unassailably assured logical postures enabled by the historically intertwined roles played by power and the passage of time towards the invention and sustenance of social truth Religion race and multiculturalism have been written about many times and from a variety of academic discipline specific perspectives Nonetheless these social issues remain ever relevant to any sincere bid to understand the inegalitarian aspects of modern society Religion Race Multiculturalism and Everyday Life was primarily written with serious students of philosophy sociology the humanities and history in mind The author contends that we should never be too afraid to explore contentious or difficult philosophical and social questions **Light** ,1907

Elusive Origins Paul B. Miller, 2010-05-31 Although the questions of modernity and postmodernity are debated as frequently in the Caribbean as in other cultural zones the Enlightenment generally considered the origin of European modernity is rarely discussed as such in the Caribbean context Paul B Miller constellates modern Caribbean writers of varying national and linguistic traditions whose common thread is their representation of the Enlightenment and the Age of Revolution in the Caribbean In a comparative reading of such writers as Alejo Carpentier Cuba C L R James Trinidad Marie Chauvet Haiti Maryse Cond Guadeloupe Reinaldo Arenas Cuba and Edgardo Rodr guez Juli Puerto Rico Miller shows how these authors deploy their historical imagination in order to assess and reevaluate the elusive and often conflicted origins of their own modernity Miller documents the conceptual and ideological shift from an earlier generation of writers to a more recent one whose narrative strategies bear a strong resemblance to postmodern cultural practices including the use of parody in targeting their discursive predecessors the questioning of Enlightenment assumptions and a suspicion regarding the dialectical unfolding of history as their precursors understood it By positing the Cuban Revolution as a dividing line between the earlier generation and their postmodern successors Miller confers a Caribbean specificity upon the commonplace notion of postmodernity The dual advantage of Elusive Origins s thematic specificity coupled with its inclusiveness allows a reflection on canonical writers in conjunction with lesser known figures Furthermore the inclusion of Francophone and Anglophone writers in addition to those from the Hispanic Caribbean opens up the volume geographically linguistically and nationally expanding its contribution to a nonessentialist understanding of the Caribbean in a Latin American Atlantic and global context **Mysticism and Spirituality** Panikkar, Raimon ,2014-12-03 The first volume of this Opera Omnia has been divided into two books one dedicated to mysticism intended as the supreme experience of reality and the second dedicated to spirituality intended as the path toward such an experience There are different paths because they depend not only on tradition and worship but also on the different sensitivities of human beings and historical periods What kind of spirituality is appropriate to our times The book starts with two booklets in which some lines of argument developed in the context of Christian religious retreats were spelled out in the plain language of everyday speech The second section

deals with a spirituality practiced by monks although not confined to institutional monasticism but seen rather as a universal archetype to be found in every human being the search for monos union with the Divine There follows a description of the ascetic tradition in India and as an example of the encounter of western Christian spirituality with Indic spirituality an article dedicated to my friend Henri Le Saux who is an example of the fertile encounter between the two traditions The last section is dedicated to wisdom as the goal of a positive spirituality from the Introduction
