Girl's Guide to the Open Road Cameron Tuttle, 1999 Suggests ideas for trips for women who love to drive, including unusual festivals and museums, things to do in a small town, and the best songs to listen to in the car. **Lost Chicago Department Stores** Leslie Goddard, 2022-01-31 Within thirty years of the Great Chicago Fire, the revitalized city was boasting some of America's grandest department stores. The retail corridor on State Street was a crowded canyon of innovation and inventory where you could buy anything from a paper clip to an airplane. Revisit a time when a trip downtown meant dressing up for lunch at Marshall Field's, Walnut Room, strolling the aisles of Sears, for Craftsman tools, or redeeming S H Green Stamps at Wieboldt's. Whether your family favored The Fair, Carson, Pirie, Scott, Montgomery Ward, or Goldblatt's, you were guaranteed stunning architectural design, attentive customer service, and eye-popping holiday window displays. Lavishly illustrated with photographs, advertisements, catalogue images, and postcards, Leslie Goddard's narrative brings to life the Windy City's fabulous retail past. **The Potential for Anthropology and Urban Community Engagement** Jill Florence

Lackey, Rick Petrie, 2024-07-01 The relationship between anthropology departments and their surrounding urban communities has been traditional, limited by a number of factors. **The Potential for Anthropology and Urban Community Engagement** pushes past these limitations, developing a firm foundation from which applied anthropology can support grassroots research and lasting community programs. Using two partnering Milwaukee organizations as examples, this volume explores the need in urban neighborhoods for practicing anthropologists, how a high volume of asset building programs can be developed by practicing anthropologists, and the potential efficacy of anthropology departments in partnering with urban neighborhoods. **Effective Public Relation Strategies For Food Companies** Muhammet Erbay, 2022-03-15 **Effective Public Relation Strategies For Food Companies** *American Ethnic Practices in the Twenty-first Century* Jill Florence Lackey, 2013-07-18 *American Ethnic Practices in the Early Twenty-first Century* The Milwaukee Study is a work based on a twelve-year research project conducted in the greater Milwaukee area by Urban Anthropology Inc. The qualitative study examined the current strength of ethnicity and the contributions that ethnic practices have made to the wider society. Since Barth 1970, social scientists, especially sociocultural anthropologists, have moved toward deconstructing ethnicity by concentrating on the malleability of ethnic identity. This work takes a new approach by focusing on ethnic practices. The most prominent findings in The Milwaukee Study were the ways that community building activities of ethnic groups contributed to the wider society and how this in turn can help restore a needed balance between individualism and

collectivism in the United States Since the first edition of *Habits of the Heart* Bellah et al 1985 public discourse about ways to restore this balance has been ubiquitous Most discussions have focused only on strengthening families faith communities or neighborhoods and have ignored the activity and potential of ethnic groups even though it was during this span of time that interest in multiculturalism in education and politics reached its peak *There's No Way I'd Die First* Lisa
