Speak Lord, I'm Listening Larry Kreider, 2011-08-31 Jesus said My sheep hear My voice but many Christians do not know how to hear from God In this practical story rich guidebook international teacher Larry Kreider shows believers how to develop a listening relationship with the Lord Speak Lord I'm Listening explores the multiple ways Christians can hear the voice of God in today's world It offers real life examples of how God teaches His followers to listen Contains tips in each chapter for distinguishing His voice from the noise of Satan's interference Christians across the denominational spectrum will develop a closer and deeper relationship with God as they learn fifty unique ways to listen to Him You will realize that God was

speaking to you all along but like the disciples on the road to Emmaus you didn't know it was Him *Groups of Twelve* Joel Comiskey, 2014-01-02 The International Charismatic Mission in Bogota Colombia is infiltrating its nation and touching the world with the G12 model Through onsite research international case studies and practical experience as a G12 pastor Joel Comiskey has discovered the secrets behind this powerful model In this book he not only tells you what ICM does he also outlines the G12 principles that your church can use today *Making Cell Groups Work Navigation Guide* Joel Comiskey, Scott Boren, Ralph Neighbour, Randall Neighbour, Bill Beckham, 2023-05-27 This is an expanded 624 page reference tool for the 8 stage transition process found in *How Do We Get There From Here* formerly titled *Making Cell Groups Work* This sizable compilation is filled with hundreds of articles by pastors and experts including helpful articles such as how to transition your church's calendar and budget to allow for a growing holistic small group cell group ministry how to choose team members to implement the transition tips on how to prototype groups and much much more One of the most valuable tools found in this resource is a revealing readiness assessment tool which will help you determine weaknesses if any in four key areas of church health all of which are required for a successful transition *Coach* Joel Comiskey, My favorite coach is John Wooden During his time coaching college basketball with the UCLA Bruins Wooden won ten NCAA titles including seven in a row from 1967 to 1973 His UCLA teams also had a record winning streak of eighty eight games four perfect 30-0 seasons and won thirty eight straight games in NCAA Tournaments Yet Wooden wasn't overly focused on winning basketball games He was more concerned about building character in his players He stimulated his players to be successful in their school studies attitudes and behavior which ultimately resulted in success on the basketball court And Wooden lived the life that he asked his players to follow Wooden was an amazing coach because he built into the lives of his players and developed their character Coaching small group leaders has similar characteristics The goal of Christian coaches is to move people toward Jesus Christ The Christian coach strives to lead people forward to conformity with Jesus Christ knowing that the ultimate crown is the one that will last forever 1 Corinthians 9:25 While Christ-like character is most important a small group coach also equips leaders with the tools knowledge and opportunities they need to develop themselves and become more effective in small group ministry A cell coach encourages nourishes and challenges cell leaders to grow and multiply their cell groups The word coach is descriptive of the role a person plays as he or she supports cell leaders under his or her care It is not a sacred term In fact churches use many terms to identify the role played by the cell group coach supervisor section leader G12 leader cell overseer cell sponsor even L which is the roman numeral for 50 This book provides step by step instructions on how to coach a small group leader from the initial stages of leading the group all the way to giving birth to a new one Those who have never coached before will receive clear information on how to take the small group leader to the next level And someone who is already coaching a small group leader will also find the eight lessons in this book invaluable to empower others to lead fruitful groups I have another more in depth book on coaching called *How to be a Great Cell Group Coach*

Some of the same concepts are covered in both books but the major difference is that this book is a hands on training manual to prepare someone to be a coach of small group leaders My other book How to be a Great Cell Group Coach would be a great reference manual to use alongside this book

The Cry for Spiritual Fathers & Mothers Larry Kreider, 2000-06 We all need practical input from loving seasoned spiritual fathers and mothers whose goal is to help us reach our full potential in Christ This is a book about returning to the biblical truth of spiritual parenting from back cover

The Spirit-Filled Small Group Joel Comiskey, 2009-11 Small group resources tend to overlook the spiritual side of small group leadership And yet most would agree that spiritual preparation is the most important aspect of leading a small group Only God's supernatural power can draw people to the truth and liberate them to be all that God wants them to be Only through the Spirit's power can we expect to see the miracles that Jesus talked about when He said that if we would abide in Him we would bear much fruit and even do greater works than He did while He was on earth The key distinction of this book is the spiritual perspective it gives to small group ministry So much of the literature about small groups relates to small group technique and only touches briefly on the Spirit's power This book is a practical

reference guide to help small group leadership begin to move in the supernatural realm The book's first priority is to help small group leaders and members trust the Holy Spirit to lead them empower them and work in their group Small group facilitators often sense a lack of guidance power and spiritual authority Jesus knew His disciples would be powerless without a touch from the Holy Spirit and so He told them to wait in Jerusalem saying You will receive power when the Holy Spirit comes on you and you will be my witnesses in Jerusalem and in all Judea and Samaria and to the ends of the earth Acts 1:8 Small group leaders need a power boost to make small group ministry relevant and exciting The second priority of this book is to help the facilitator identify and mobilize each small group member to use his or her own spiritual gifts Small group facilitators often feel ill prepared to identify spiritual gifts of the people in the group I firmly believe that the small group atmosphere is the perfect place to develop the gifts of the Spirit in each member's life and so it is essential that the facilitator know how to do this Whatever denominational or non denominational label a church wears the most important characteristic in my opinion is promoting individual sensitivity devotion and dependence on the Holy Spirit In a Holy Spirit charged atmosphere cell leaders are best raised up and members are encouraged to minister in their giftedness This book has been written for those who are leading facilitating a small group participating in a small group or considering joining a small group Group members should read this book for two particular reasons First members make a significant contribution to the life of the cell Each member will be intimately involved in causing supernatural events to happen using the gifts intercession etc In the life of the group no one is to sit back and do nothing The best cell leaders in fact rarely lead the entire cell instead encouraging cell members to participate actively Second members are the next in line to actually lead the small group I am assuming that the readers of this book are believers who desire God and are seeking to walk in the Spirit I am also assuming that those reading this book are studying the Bible and growing in their relationships with the Lord There are many great books dedicated to defining each spiritual gift in detail Many other authors cover gifts beyond the scope of this book such as voluntary poverty hospitality celibacy missions exorcism martyrdom artistic creativity craftsmanship and music Rather than cover every possible gift this book will focus on how the Spirit uses gifts in the small group context and guides the leader to facilitate a Spirit filled group Because this book is written to lay leadership rather than senior leaders of the Church I will not cover in detail the five fold offices that Paul mentioned in Ephesians 4:8 Instead the gifts I will cover in this book are explicitly listed in Scripture the one exception is intercessory prayer which I call a spiritual gift although some would disagree

Transmitting the Spirit in Missions Amos Jimmy Markin, 2019-02-05 Transmitting the Spirit in Missions The History and Growth of the Church of Pentecost discourses on how Pentecostalism in general has been involved in the current growth mission and changing face of global Christianity It argues that African Pentecostals particularly are an integral part of the global expansion of Christianity in this century Specifically this book engages the history and growth of the Church of Pentecost an African Pentecostal denomination from Ghana to demonstrate how African Pentecostals have taken their

spirituality into their own hands and planted churches in their home country as well as other parts of the globe The focus of this book is that African Pentecostals have achieved this feat through the experiential power and reliance of the Holy Spirit and the indigenous factor The specific highlight is that this book is an updated analysis of the history growth and missions of the Church of Pentecost Although this work is transformed from a PhD thesis the content is presented accessibly to both the academia and general church populace both pastors and the laity **Shouting in the Temple** Lorna Jenkins,1999

Nance,2008-04-14 Effective counterterrorism requires a non prejudicial understanding of terrorist motives and methods Security professionals need to identify who terrorists might be recognize pre incident indicators of terrorist activity and competently analyze intelligence information Unfortunately most terrorist education comes in short sketchy briefings **Starting a House Church** Larry Kreider,Floyd McClung,2007-04-05 There s a new way of doing church and it s taking North America by storm Here a recognized authority on the house church movement and a popular speaker and pastor share their expertise in starting and maintaining a healthy house church Together they look at current and future trends in the house church movement and provide best practice models for planting and leading house churches Also they explore how house churches are not always the same as simple cell groups or small groups especially in the areas of leadership and money Readers will discover all the information they need to begin a house church in their community **Japanization at Work** John Bratton,1994-06-10 Japanese management techniques have attracted considerable interest amongst managers and academics Using case studies in manufacturing this book goes beyond generalization in discussing the impacts of Japanese style management on relations between management and workers John Bratton presents a theoretical framework within which Japanese management can be analysed The author describes the changes often on the words of the people directly involved The book explores the hypothesis that just in time production increases managerial control through the application of new technology and worker generated forms of control
