Craigslist Ny Services:

New York, 2009-11 **Domestic Minor Sex Trafficking** United States. Congress. House. Committee on the Judiciary. Subcommittee on Crime, Terrorism, and Homeland Security, 2011 *Digital Disconnect* Robert W. McChesney, 2013-03-05 Looks at the relationship between economic power and the digital world encouraging readers to fight back against the monopolies that are making the Internet less democratic 20 000 first printing Cybercrime Nancy E. Marion, Jason Twede, 2020-10-06 This important reference work is an extensive resource for students who want to investigate the world of cybercrime or for those seeking further knowledge of specific attacks both domestically and internationally Cybercrime is characterized by criminal acts that take place in the borderless digital realm It takes on many forms and its perpetrators and victims are varied From financial theft destruction of systems fraud corporate espionage and ransomware of information to the more personal such as stalking and web cam spying as well as cyberterrorism this work covers the full spectrum of crimes committed via cyberspace This comprehensive encyclopedia covers the most noteworthy attacks while also focusing on the myriad issues that surround cybercrime It includes entries on such topics as the different types of cyberattacks cybercrime techniques specific cybercriminals and cybercrime groups and cybercrime investigations This includes an unbiased examination of controversial topics such as Julian Assange s leak of secret documents to the public and Russian interference in the 2016 US presidential election *Buy It Now* Michele White, 2012-07-10 Explores the communities and social norms on eBay discussing gender race and sexuality and how stereotypes about them are reinforced by the online auction site

Women and Crime Judith Ann Warner, 2012-07-19 Drawing on government data and interdisciplinary expertise this timely book seeks to explain why the changing economic and legal status of women has not reduced the gender gap in criminal offending *Women and Crime A Reference Handbook* examines how women s patterns of offending have changed over time in America from the Colonial period to the present The book sets the stage with a historical overview of women s criminal activity Subsequent chapters cover such topics as changes in women s status and patterns of offending the impact of childhood abuse on the development of criminality and how changes in law the War on Drugs and other crime policy have in fact increased the frequency of women s imprisonment and arrests International issues such as legalization of prostitution sex trafficking and women s involvement in organized crime including drug cartels are also explored Each chapter examines theory research law policy and key players in the evolving response to women s crime patterns Throughout the work the author links women s status victimization and offending patterns and suggests how crime control policy far from saving women is increasingly making it impossible for female offenders to live on the outside **Organized Retail Crime (ORC)** Eileen R. Larence, 2011 Each year organized groups of professional shoplifters steal or fraudulently obtain billions of dollars in merchandise to resell in an activity known as ORC These stolen goods can also be sold on online marketplaces a practice known as e fencing This report assessed ORC and e fencing It addresses 1 types of efforts that select retailers state and local

law enforcement and federal agencies are undertaking to combat ORC 2 the extent to which tools or mechanisms exist to facilitate collaboration and info sharing among these ORC stakeholders and 3 steps that online marketplaces have taken to combat ORC and e fencing and additional actions retailers and law enforcement think may enhance these efforts Illus This is a print on demand report

The Internet and Crime Alan Marzilli, 2009 As it has become easier for more and more people to go online Internet crime has also increased Some users view the World Wide Web as an opportunity for crime against millions of unsuspecting victims Crimes directly related to the Internet such as stealing personal information or engaging in fraudulent schemes have grown rapidly Criminals also use the Internet as a way to commit other types of crime as a clearinghouse for stolen goods as a hunting ground for pedophiles and even as a corner from which to sell illegal drugs Some believe that more oversight is needed to protect Internet users while others see the Internet as a place that should exist without restrictions Explore these issues and others pertaining to online crime in *The Internet and Crime*

Writing Computer and Information History William Aspray, 2024-05-14 This is not a book about the history of computing or the history of information Instead it is a meta historical book about the research and writing of these types of history The formal presentation of historical research in the form of a publication often hides the process by which the topic was selected boundaries were drawn evidence was selected analytic approach was chosen and applied results were presented how this work fits into a larger body of scholarship the implicit goals and biases of the author and many other similar issues This process of learning about the various ways to carry out computer history or information history can be enriched by this collection of reflective essays by experienced scholars discussing the craft that they practice This is a book that concerns both computer history and information history The first scholarship in computer history by professionally trained scholars began to appear in the 1970s so we are approaching a half century of research and publication in this area The field has generated numerous pieces of exemplary scholarship from various perspectives such as intellectual history of individual technologies business histories of firms economic histories of market sectors externalist histories of funding and professionalization and so on However the field continues to evolve especially as computing and communication technologies have drawn together in the form of the Internet and social media and with them a new set of scholars is participating drawn not only from the history of science and technology but also from the communication and media studies fields Powerful theories approaches and frameworks are being increasingly drawn more widely from both the humanities and the social sciences to inform the practice of computer history The scholars in this volume look at what s happened what s happening now and where historical scholarship in these disciplines is headed

1001 Ideas That Changed the Way We Think Robert Arp, 2022-06-07 Trace the progress of humanity from prehistoric times to the present day through 1 001 ideas that changed how we connect to each other and the world around us From the ability to control fire to augmented reality the power of humanity s ideas has revolutionized how we live and experience the world around us *1001 Ideas That Changed the Way We*

Think looks at the innovations and concepts that have played a key role in our progress since before recorded history
 Covering a wide range of topics from political and religious ideas to modern innovations such as social media and clean energy this captivating volume offers a comprehensive look at how human ideas have evolved over the millennia **Once Upon a Time in New York... How I Painted My Masterpiece** , The Cheap Bastard's Guide to New York City Rob Grader,2008-04-15 *New York Landlord's Law Book* Mary Ann Hallenborg,2003 The New York Landlord s Law Book explains New York landlord tenant law in comprehensive understandable terms and gives landlords the tools they need to head off problems with tenants and government agencies alike Let's Go New York City 16th Edition Carl Hughes,Let's Go Inc.,2006-11-28 Packed with travel information including more listings deals and insider tips CANDID LISTINGS of hundreds of places to eat sleep drink and danceRELIABLE MAPS to help you get around Manhattan and the other four boroughsTHE BEST NIGHTLIFE including comedy clubs sultry jazz joints and the hippest barsSTRAIGHT TALK about how to save money in the city and when to splurgeFESTIVALS concerts and public events throughout the yearSHOPPING tips for chic boutiques cut rate outlets and knock off look alikes **Pattaya Hash** Avram Mednick,2010-12-14 This book which takes place in the present is about a family dealing with the challenges of modern life Beyond that however it is a commentary about different ways some healthy some not that people are choosing to network in the 21st century **The Rough Guide to New York City** Rough Guides,2016-02-01 The Rough Guide to New York City is the ultimate insider s guide to America s most exciting city Whether you re here for world class art at the Met a blowout shop at Macy s or a ball game at Yankee Stadium The Rough Guide to New York City is the perfect companion to a weekend city break or a longer stay Inspirational photography neighbourhood by neighbourhood accounts and detailed full colour maps help make sure you can find that backstreet Harlem jazz club or classic deli in Midtown Updated by New Yorkers Rough Guides give the lowdown on everything from the newly completed High Line and the renaissance of Brooklyn to the emerging food scene in Queens Handy top 5 boxes give you quick round ups of the best pizzerias rooftop bars and more while detailed background covers the rise and fall of Wall Street 9 11 and New York s music heritage *Understanding the Social Economy* Jack Quarter,Ann Armstrong,Laurie Mook,2009-01-01 In this resource the authors integrate a wide array of organizations founded upon a social mission social enterprises nonprofits co operatives credit unions and community development associations under the rubric of the social economy This framework facilitates a comprehensive study of Canada s social sector an area often neglected in the business curricula despite the important role that these organizations play in Canada s economy This resource presents a unique set of case studies as well as chapters on organizational design and governance social finance and social accounting and accountability The examples provide much needed context for students and allow for an original and in depth examination of the relationships between Canada s social infrastructure and the public and private sectors With this work Quarter Mook and Armstrong illuminate a neglected facet of business studies to further our understanding of the Canadian economy 21st

Century Communication: A Reference Handbook William F. Eadie, 2009-05-15 The discipline of communication has grown in popularity from the time professors of journalism and speech decided in the mid 1960s that the term communication was an excellent general descriptor for the theory and research that each group aspired to create. Over time the two groups grew closer and recognized significant overlap in their theoretical and research interests but there were also differences in their traditions that kept them apart. While both groups agreed that communication is a practical discipline, journalism professors focused a great deal of their attention on the education of media professionals. Speech professors on the other hand often were more oriented to the liberal arts and valued the fact that communication could be approached from a variety of traditions including the arts, humanities, social sciences and even the sciences. A key term in 21st Century communication however is convergence. Not only are media and technology converging with each other to produce new means of communicating but individuals are increasingly using both new and existing communication tools to create new forms of communication. This convergence forces the various camps within the communication discipline to draw upon each other's theories and research methods to keep up with explaining the rapidly changing communication environment. This convergence of ideas and theories provides a space to challenge conventional ways of thinking about the communication discipline and that's the goal of the SAGE 21st Century Reference Series volumes on Communication. General Editor William F. Eadie has sought to honor the diversity of the study of communication but also integrate that diversity into a coherent form, dividing communication study into four basic properties: 1 processes, 2 forms and types of communication, 3 characteristics to consider in creating messages and 4 relationships between communicators. Via 100 chapters, this 2 volume set available in both print and electronic formats highlights the most important topics, issues, questions and debates any student obtaining a degree in the field of communication ought to have mastered for effectiveness in the 21st Century. The purpose is to provide undergraduate majors with an authoritative reference source that will serve their research needs going forward in this exciting field with more detailed information than encyclopedia entries but not as much jargon, detail or density as a journal article or a research handbook chapter. Comprehensive coverage captures all the major themes and subfields within communication. For instance, Volume 1 themes include the discipline of communication, approaches to the study of communication, key processes of communication, forms and types of communication, key characteristics of messages, key communication relationships, factors affecting communication and challenges and opportunities for communication. Themes in Volume 2 are media as communication, communication as a profession, journalism, public relations, advertising and media management. Authoritative content is provided by a stellar cast of authors who bring diverse approaches, diverse styles and different points of view. Curricular driven emphasis provides students with initial footholds on topics of interest in researching for term papers, in preparing for GREs, in consulting to determine directions to take in pursuing a senior thesis, graduate degree, career, etc. Uniform chapter structures make it easy for students to locate key information with a more or

less common chapter format of Introduction Theory Methods Applications Comparisons Future Directions Summary Bibliography Suggestions for Further Reading and Cross References Availability in print and electronic formats provides students with convenient easy access Plunkett's E-Commerce & Internet Business Almanac Jack W. Plunkett,2009-03 Market research guide to e commerce and internet business a tool for strategic planning competitive intelligence employment searches or financial research Contains trends statistical tables and an industry glossary Includes one page profiles of e commerce and internet business firms includes addresses phone numbers executive names *Fighting the U.S. Youth Sex Trade* Carrie N. Baker,2018-09-27 A history of activism against the commercial sexual exploitation of American youth from the 1970s to 2015
