Creating Trust In An Understandably Un Trusting World:

Creating Trust Matt Zagula, Dan S. Kennedy, 2011-01-15 Trust No One is the new mantra. Seniors, affluent individuals, business leaders and investors have seen virtually every institution and corporate leader and even the premise of homeland security and government response to emergency prove themselves spectacularly untrustworthy and are given sensationalized reasons daily by every media to distrust banks, insurers and others on Wall Street so it is perfectly understandable that they are NOT prepared to trust you. NOT one word you say. NOT any promise you make. NOT any organization or product you represent. The dirty little secret of widespread bank insolvency and thin trading volume is that over a trillion dollars of private money capital has been withdrawn from commercial investment and is now mattress savings literally flooding into gold, with the affluent art and classic cars, with seniors' cash and U.S. Treasuries and otherwise parked in places thought safest without regard to yield. To some extent this has benefited the annuity and insurance industry. However, any professional advisor or agent seeking to establish new relationships and secure new clients in this environment finds himself severely handicapped with his chief obstacle fully understood or not: exceptionally high, exceptionally firm and stubborn distrust. This is reflected in shrinking seminar attendance and rising costs of buying such attendance, declining response to advertising, longer sales cycles, even heightened reluctance by clients to refer as well as lower initial transactions. THERE ARE EFFECTIVE RESPONSES and strategies but they are not the same ones that worked nicely pre 2008. And even before tackling the subject of more appropriate and effective strategies for this time, a new understanding of where the prospective client is at psychologically and emotionally when you first arrive is essential and that is where this timely groundbreaking and frank book **TRUST** begins.

No B.S. Trust Based Marketing Dan S. Kennedy, Matt Zagula, 2012-07-12 My research shows we are heading into a major shake out in business that will determine the leaders for decades to come. This will REQUIRE creative marketing and positioning and there is no better source than Dan Kennedy on this topic. His book **No B.S. Guide to Trust Based marketing** is rich with vital insights. Harry S. Dent Jr., author *The Great Crash Ahead: Trust Between Consumers and Businesses is Gone Here's How to Fix It*, internationally recognized millionaire maker Dan S. Kennedy joined by entrepreneur and financial consultant Matt Zagula show you how to break down the barriers caused by the trust no one mantra invading every customer's mind today. They deliver an eye opening look at the core of all business trust and teach you the secrets to gaining it, keeping it and using it to build competitive differentiation, create price elasticity, attract more affluent clients and inspire referrals. You'll get the essential strategies required to build trust in an understandably untrusting world and in turn attract both business and profits. Covers 8 ways to demonstrate trustworthiness to prospective clients. The #1 secret desire of today's untrusting prospects: how to understand it, respond to it and use it to transform marketing prospecting and presentations. How to avoid dumb mistakes that scream salesman to prospects. Why? Where can I find clients is the wrong question. The right question is: How can I construct a business persona and life so that clients seek me out with
