Wiley IAS 2002 Barry J. Epstein, Abbas A. Mirza, 2001-12-14 A quick reference guide to IAS compliance which aims to help accountants prepare and understand financial statements presented in accordance with the rapidly evolving ever more widely used International Accounting Standards *Achieving Global Convergence of Financial Reporting Standards*

Christopher Patel, Parmod Chand, 2011-12-15 This research monograph examines whether International Financial Reporting Standards IFRS are interpreted and applied in a consistent manner within and across countries and questions the implicit assumption that accounting convergence will automatically lead to comparability in financial reporting **Accountancy**, 2000 International Taxation of Banking John Abrahamson, 2020-02-20 Banking is an increasingly global business with a

complex network of international transactions within multinational groups and with international customers This book provides a thorough practical analysis of international taxation issues as they affect the banking industry Thoroughly explaining banking's significant benefits and risks and its taxable activities the book's broad scope examines such issues as the following taxation of dividends and branch profits derived from other countries transfer pricing and branch profit attribution taxation of global trading activities tax risk management provision of services and intangible property within multinational groups taxation treatment of research and development expenses availability of tax incentives such as patent box tax regimes swaps and other derivatives loan provisions and debt restructuring financial technology FinTech group treasury interest flows and thin capitalisation tax havens and controlled foreign companies and taxation policy developments and trends Case studies show how international tax analysis can be applied to specific examples The Organisation for Economic Co operation and Development Base Erosion and Profit Shifting OECD BEPS measures and how they apply to banking taxation are discussed The related provisions of the OECD Model Tax Convention are analysed in detail The banking industry is characterised by rapid change including increased diversification with new banking products and services and the increasing significance of activities such as shadow banking outside current regulatory regimes For all these reasons and more this book will prove to be an invaluable springboard for problem solving and mastering international taxation issues arising from banking The book will be welcomed by corporate counsel banking law practitioners and all professionals officials and academics concerned with finance and its tax ramifications

Principles of Group Accounting under IFRS Andreas Krimpmann, 2015-03-17 A professional perspective to implementing IFRS 10 11 and 12 The new International Financial Reporting Standards IFRS 10 11 and 12 are changing group accounting for many businesses As business becomes increasingly global more and more firms will need to transition using the codes and techniques described in Principles of Group Accounting under IFRS This book is a practical guide and reference to the standards related to consolidated financial statements joint arrangements and disclosure of interests Fully illustrated with a step by step case study Principles of Group

Accounting under IFRS is equally valuable as an introductory text and as a reference for addressing specific issues that may arise in the process of consolidating group accounts. The new international standards will bring about significant changes in group reporting and it is essential for accountants, auditors and business leaders to understand their implications. Author Andreas Krimpmann is an internationally recognized authority on the transition from GAAP to IFRS and this new text comes packaged with GAAP IFRS comparison resources that will help make the changes clear. Other bonus resources include an Excel based consolidation tool, checklists and a companion website with the latest information. Learn about Definitions, requirements, processes and transition techniques for IFRS 10, 11 and 12 covering group level accounting. Practical implementation strategies demonstrated through a clear case study of a midsize group. Key concepts related to consolidated financial statements, joint ventures, management consolidation and disclosure of interests. Comparisons between GAAP and IFRS to clarify the required changes for international firms. Whatever stage of the consolidation process you are in, you will appreciate the professional perspective in *Principles of Group Accounting under IFRS* **Accounting & Business**, 2001.
