Democracies Patterns Of Majoritarian And Consensus Government In Twenty One Countries:

Democracies Arend Lijphart, 1984-01-01 There is more than one way to run a successful democracy Lijphart divides these democracies into two basic models majoritarian democracies in which the majority rules and consensus democracies in which deep divisions in the society have prompted restraints on majority rule This book is the broadest and most thorough comparative study of democratic regimes available and will be especially suitable for course use

Democracies Arend Lijphart, 1984-01-01 There is more than one way to run a successful democracy Lijphart divides these democracies into two basic models majoritarian democracies in which the majority rules and consensus democracies in which deep divisions in the society have prompted restraints on majority rule This book is the broadest and most thorough comparative study of democratic regimes available and will be especially suitable for course use

The Performance of Democracies Edeltraud Roller, 2005-09-29 Is the performance of western democracies in decline Which countries show the best performance Do institutions matter for political performance This book offers a comprehensive analysis of twenty one OECD countries by systematically examining all major domestic policy areas domestic security policy economic policy social policy and environmental policy and using outcome indicators The quality of democracy is assessed both at the level of the four policy areas and at a general level encompassing all policy areas The question of trade offs between policy areas is studied in an unprecedented way and for the first time national types of policy patterns are identified The findings of this book confront widely held assumptions about the performance of democracies Western democracies as a whole did not converge at a lower level of performance and trade offs between different policy areas did not increase The question do institutions matter can only partially be answered in the affirmative Political institutions do matter but formal and informal institutions cause different effects and both matter only sometimes and to a limited degree The Performance of Democracies is a book with significant theoretical implications It stresses that the effect of institutions is more complicated than most of the neo institutionalist approaches assume No clear predictions can be made on the basis of institutional factors Consequently it does not support the established assertion that fundamental political problems can simply be resolved through institutional reforms of liberal democracies Comparative Politics as a series for students and teachers of political science that deals with contemporary government and politics The General Editors are Max Kaase Professor of Political Science Vice President and Dean School of Humanities and Social Science International University Bremen Germany and Kenneth Newton Professor of Comparative Politics University of Southampton The series is produced in association with the European Consortium for Political Research

Right-wing Extremism in the Twenty-first Century Peter Merkl, Weinberg LEONARD, 2004-08-02 Revising the 1997 first edition this study covers events that occurred in Oldham and Bradford after the year 2000 The rise of right wing extremist groups is put under scrutiny in a number of states including Britain Germany Austria Russia and France

The Politics of Regime Structure Reform in Democracies Gideon Rahat, 2009-01-08 Analyzes initiatives aimed at

reforming the electoral and government systems of Israel in comparison to other established democracies Right-wing Extremism in the Twenty-first Century Peter H. Merkl, Leonard Weinberg, 2003 Dialogos encompasses Greek language and literature Greek history and archaeology Greek culture and thought present and past a territory of distinctive richness and unsurpassed influence It seeks to foster critical awareness and informed debate about the ideas events and achievements that make up this territory by redefining their qualities by exploring their interconnections and by reinterpreting their significance within Western culture and beyond *Arguing Comparative Politics* Alfred C. Stepan, 2001 This volume brings together new and classic articles by one of the leading scholars in comparative politics The articles focus in particular on the nature of contemporary democracy and its prospects The volume begins with a personal analysis of the intellectual and often political reasons why and how Stepan chose to engage in certain critical arguments over the last thirty years The volume is then divided into three sections each with a distinctive theme state and society constructing politics and varieties of democracies The introduction and articles ask whether both for intellectual and political reasons there are strong grounds for questioning both Rawls and Huntington on religion and democracy Riker on federalism and Gellner on multinationalism The volume contains articles on civil society political society economic society the military and a usable state The possibility of multiple and complementary political identities is argued for The incentive systems and political practices of the three macro constitutional frameworks for democratic government parliamentarianism presidentialism and semi presidentialism are compared and contrasted **Chinese Cooperative-Harmonious Democracy** Zongchao Peng, Ben Ma, Taoxiong Liu, 2016-12-01 After several decades of reform and opening up China has come to a critical period of transformation and development How to improve the development strategies to effectively promote China's democratic politics has once again attracted the world's attention This book compares the commons and differences between western and Chinese theories and practices of democracy model and proposes a new democracy model for China's political reform cooperative harmonious democracy Absorbing the core values of democracy this model draws on Chinese traditional harmony and cooperation and people oriented thought as well as modern cooperative game theory More importantly it adopts the new model to analyse some present practice cases in China involving intra party democracy electoral democracy and deliberative democracy This book is a valuable theoretical innovation and a significant achievement in promoting the interdisciplinary research of political science and public management It strategically reflects on how to promote the development of cooperative harmonious democracy from the perspective of high level design The policy suggestions it proposed will be a valuable reference for policy makers **The Swiss Labyrinth** Jan-Erik Lane, 2001 This volume focuses upon the political and social outcomes of Switzerland's peculiar set of political institutions for example decentralized federalism active referendum democracy and La formule magique grand coalition in the 1990s Authoritarian Party Systems: Party Politics In Autocratic Regimes, 1945-2019 Grigori V Golosov, 2022-01-18 After the gradual slowing down of the third wave of democratization electoral

authoritarianism is rapidly emerging as a dominant form of contemporary autocracy Political parties play a key role within the political and institutional structures of electoral autocracies Pro regime parties provide the dictatorial executive with electoral and legislative tools of sustaining power At the same time permitted opposition parties while normally incapable of challenging the regime are important for regime sustainability because they perform such vital functions as co-opting actual or potential opposition groups facilitating power sharing and mobilizing electoral participation The interactions among the dominant parties and the permitted opposition parties if displaying sustainable cross temporal patterns constitute authoritarian party systems Authoritarian Party Systems provides a theoretical discussion of electoral authoritarianism with special reference to authoritarian party systems a methodological overview of party system research with special reference to the problems caused by the authoritarian nature of the observed party systems a comprehensive cross regional and historical overview of authoritarian party systems a quantitative analysis of their structural characteristics including fragmentation party system format volatility and nationalization and in depth discussions of the political regime determinants of authoritarian party systems and of the interplay between party systems and other components of the authoritarian institutional order Quantitative analysis has been performed on an original database comprising cases of party structured authoritarian regimes between 1945-2019 This content of the book is illustrated by case studies drawn from across the spectrum of contemporary authoritarian regimes Cultural Backlash Pippa Norris, Ronald Inglehart, 2019-02-14

Authoritarian populist parties have advanced in many countries and entered government in states as diverse as Austria Italy the Netherlands Poland and Switzerland Even small parties can still shift the policy agenda as demonstrated by UKIP's role in catalyzing Brexit Drawing on new evidence this book advances a general theory why the silent revolution in values triggered a backlash fuelling support for authoritarian populist parties and leaders in the US and Europe The conclusion highlights the dangers of this development and what could be done to mitigate the risks to liberal democracy Elections and Democracy J. J. A. Thomassen, 2014 Elections and Democracy is based on data from the Comparative Study of Electoral Systems spanning 36 countries It considers the majoritarian and consensus models of democracy and how their embodiment in institutional structures influence vote choice political participation and satisfaction within a functioning democracy

International Handbook on the Economics of Corruption Susan Rose-Ackerman, 2007-01-01 This collection of articles offers a comprehensive assessment of the subtle but nevertheless pervasive economic infrastructure of corruption It provides suitable core or adjunct reading for law school graduate and undergraduate courses on international economics international relations and international law American Society of International Law This exhaustive collection edited by Rose Ackerman cannot be called anything but excellent Overall a wonderful addition to the literature Highly recommended C J Talele Choice Susan Rose Ackerman is a world class economist and an authority on the economics of corruption This is a fine reference volume that every economist interested in this important subject will want to have as a ready reference Jagdish Bhagwati

Columbia University US Economic research on corruption aims both to isolate the economic effects of quid pro quo deals between agents and third parties and to suggest how legal and institutional reforms might curb harms and enhance benefits In this comprehensive Handbook top scholars in the field provide specially commissioned essays both theoretical and empirical exploring both types of research The Handbook begins with an introductory essay by the editor followed by two chapters written by leading exponents of cross country research However the focus of the Handbook is on research at the micro level where policy can be made and evaluated These microeconomic studies fall into several overlapping categories The first group includes studies that link corrupt incentives to institutional structures particularly the organization of the state The second draws implications from surveys of households or businesses and from controlled experiments The third concentrates on particular sectors such as education tax administration public works customs services and pharmaceuticals Finally two chapters assess corruption in the transition away from socialism in Europe and Asia Contemporary European Politics José M. Magone, 2013-07-03 In this important new introductory textbook Jos Magone provides an accessible and comprehensive introduction to contemporary European politics The unification of the European continent since the Fall of the Berlin wall in 1989 and the collapse of communist regimes in Central and Eastern Europe has changed the nature of European politics This book seeks to address the new European politics that emerged out of this coming together of West and East Utilizing a pan European comparative approach the book covers key topics with chapters on the history theory institutions parties and party systems interest groups systems of interest intermediation and civil society the impact of European public policy and the emergence of a European common and foreign policy provides detailed comparisons of the national political systems across Europe including Central and Eastern Europe and the Balkans contextualises national politics in the growing importance of European integration examines the European Union multi level governance system approach highlighting relationships and interactions between the global supranational national regional and local levels analyses the change from modern politics in which the nation state was still in command of domestic politics and its own borders to postmodern politics in which de territorialisation de nationalisation and internationalisation processes have transformed the national politics of European states facilitates learning through a wide range of pedagogical features including chapter summaries guides to further reading questions for revision and extensive use of maps figures case studies and tables Richly illustrated throughout this work is an indispensable resource for all students and academics of European politics **Routledge Handbook of Comparative Political Institutions** Jennifer Gandhi, Rubén Ruiz-Rufino, 2015-04-10 The Routledge Handbook of Comparative Political Institutions HCPI is designed to serve as a comprehensive reference guide to our accumulated knowledge and the cutting edge of scholarship about political institutions in the comparative context It differs from existing handbooks in that it focuses squarely on institutions but also discusses how they intersect with the study of mass behaviour and explain important outcomes drawing on the perspective of comparative politics The Handbook is

organized into three sections The first section consisting of six chapters is organized around broad theoretical and empirical challenges affecting the study of institutions It highlights the major issues that emerge among scholars defining measuring and analyzing institutions The second section includes fifteen chapters each of which handles a different substantive institution of importance in comparative politics This section covers traditional topics such as electoral rules and federalism as well as less conventional but equally important areas including authoritarian institutions labor market institutions and the military Each chapter not only provides a summary of our current state of knowledge on the topic but also advances claims that emphasise the research frontier on the topic and that should encourage greater investigation The final section encompassing seven chapters examines the relationship between institutions and a variety of important outcomes such as political violence economic performance and voting behavior The idea is to consider what features of the political sociological and economic world we understand better because of the scholarly attention to institutions Featuring contributions from leading researchers in the field from the US UK Europe and elsewhere this Handbook will be of great interest to all students and scholars of political institutions political behaviour and comparative politics Jennifer Gandhi is Associate Professor Department of Political Science Emory University Rub n Ruiz Rufino is Lecturer in International Politics Department of Political Economy King s College London

Making Policy Work Peter John, 2011-03-02 Many tools are on offer to politicians and other policy makers when they seek to change policy outcomes Often they choose to concentrate on one set of tools but fail to see the costs as well as the benefits and may not consider the available evidence regarding their effectiveness This innovative new textbook clearly sets out the main tools of government and provides an analysis of their efficacy when applied to public problems Each chapter examines the relative benefits and costs of using a key tool that is available to improve policy outcomes drawing on a diverse literature a large number of empirical studies and a range of contexts Areas covered include governments and policy outcomes law and regulation public spending and taxation bureaucracy and public management institutions information persuasion and deliberation networks and governance Offering a clear and comprehensive evaluation and highlighting the set of powerful tools commonly available this text encourages students to consider the most effective combination in order to manage key issues successfully Including a useful glossary of key terms this book will be of great interest to all students of public policy administration and management

American Political Scientists Glenn H. Utter, Charles Lockhart, 2002-10-30 This dictionary offers the only comprehensive collection of profiles of American political scientists each of whom contributed significantly to the intellectual development of American political science from its beginnings in the late 19th century to the present This second edition includes 22 new and 110 revised entries reflecting new scholarship that emerged during the 1990s Numerous experts helped the editors develop this consensus group of the 193 political scientists who have made the most important theoretical contributions over the years with attention to varied approaches and the different subfields Alphabetically arranged entries focus on the main ideas and

major works by each scholar listing list the most important publications by and about the individual There are numerous cross references to show how the work of one scholar has influenced another in the discipline Appendices list the political scientists by degree granting institutions and by major fields A short bibliography points to important general readings about the profession A general index makes this major reference easily accessible for broad interdisciplinary research

The European Union Walter Gerven, 2005 This book provides a general introduction to the European Union EU and describes how from its origin in 1952 it has grown into a polity of 25 states with a population of more than 450 million

The Oxford Handbook of Political Leadership R. A. W. Rhodes, Paul 't Hart, 2014-05-29 Political leadership has made a comeback It was studied intensively not only by political scientists but also by political sociologists and psychologists Sovietologists political anthropologists and by scholars in comparative and development studies from the 1940s to the 1970s Thereafter the field lost its way with the rise of structuralism neo institutionalism and rational choice approaches to the study of politics government and governance Recently however students of politics have returned to studying the role of individual leaders and the exercise of leadership to explain political outcomes The list of topics is nigh endless elections conflict management public policy government popularity development governance networks and regional integration In the media age leaders are presented and stage managed spun DDLas the solution to almost every social problem Through the mass media and the Internet citizens and professional observers follow the rise impact and fall of senior political officeholders at closer quarters than ever before This Handbook encapsulates the resurgence by asking where are we today It orders the multidisciplinary field by identifying the distinct and distinctive contributions of the disciplines It meets the urgent need to take stock It brings together scholars from around the world encouraging a comparative perspective to provide a comprehensive coverage of all the major disciplines methods and regions It showcases both the normative and empirical traditions in political leadership studies and juxtaposes behavioural institutional and interpretive approaches It covers formal office based as well as informal emergent political leadership and in both democratic and undemocratic polities

Comparative Politics Daniele Caramani, 2011-02-17 Comparative Politics provides a comprehensive introduction to political systems around the world It covers methods and theories the nation state institutions actors and processes policies and recent changes

Democracies Patterns Of Majoritarian And Consensus Government In Twenty One Countries Introduction

In the digital age, access to information has become easier than ever before. The ability to download Democracies Patterns

Democracies Patterns Of Majoritarian And Consensus Government In Twenty One Countries

Of Majoritarian And Consensus Government In Twenty One Countries has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Democracies Patterns Of Majoritarian And Consensus Government In Twenty One Countries has opened up a world of possibilities. Downloading Democracies Patterns Of Majoritarian And Consensus Government In Twenty One Countries provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Democracies Patterns Of Majoritarian And Consensus Government In Twenty One Countries has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Democracies Patterns Of Majoritarian And Consensus Government In Twenty One Countries. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Democracies Patterns Of Majoritarian And Consensus Government In Twenty One Countries. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Democracies Patterns Of Majoritarian And Consensus Government In Twenty One Countries, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Democracies Patterns Of Majoritarian And Consensus Government In Twenty One Countries has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of

continuous learning and intellectual growth.

FAQs About Democracies Patterns Of Majoritarian And Consensus Government In Twenty One Countries Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks.
