Democracy Dictatorship And Term Limits

Alexander Baturo, Robert Elgie

Democracy Dictatorship And Term Limits:

Democracy, Dictatorship, and Term Limits Alexander Baturo, 2014-02-03 Exploring the factors that lead some presidents to hold on to power beyond their term limits [The Politics of Presidential Term Limits](#) Alexander Baturo, Robert Elgie, 2019-06-20 Presidential term limits restrict the maximum length of time that presidents can serve in office They stipulate the length of term the presidents can serve between elections and the number of terms that presidents are permitted to serve While comparative scholarship has long studied important institutions such presidentialism vs parliamentarism and the effects of different electoral systems we lack a comprehensive understanding of the role and effects of presidential term limits Yet presidential term limits and term lengths are one of the most fundamental institutions of democracy By ensuring compulsory rotation in office they are at the heart of a democratic dilemma What is the appropriate trade off between allowing the unrestricted selection of candidates at presidential elections vs restricting selection procedures to prevent the possibility of dictatorial takeover by presidents who are unwilling to step down In the context of a long and on going history of changes to presidential term limits and the many and varied ways in which term limits have been both applied and avoided this book explains the factors behind the introduction stability abolition and avoidance of presidential term limits as well as the consequences of changes to presidential term limits and it does so in the context of non democracies third wave countries and consolidated democracies It includes comparative theoretical and practitioner oriented chapters as well as detailed country case studies of presidential term limits across the world and over time *Contested, Violated but Persistent* Charlotte Heyl, Mariana Llanos, 2022-12-26 Presidential term limits have been a crucial institutional feature of the third wave of democratization They are meant to safeguard democracy by promoting alternation in office and preventing the personalization of power However since the 1990s term limits have been subject to frequent contestation by incumbents Such contestation process has often been considered a sign of autocratization particularly when it involves the weakening of other constitutional constraints such as courts and legislatures Term limit contestations have attracted the attention of scholars working with a global perspective as well as with a regional or country specific one too Latin America and sub Saharan Africa are focal points of these trends despite their different histories of presidentialism and diverging types of term limit rules This book generates new empirical and theoretical insights by bringing together the scholarship on Latin America and sub Saharan Africa providing context bound intraregional research as well as long term perspectives for the study of term limit change The chapters advance novel findings on institutionalization the power of precedence incumbent centred strategies and approaches to protect presidential term limits This volume will be of great use to students and researchers interested in Latin American and African studies comparative politics as well as political leadership The chapters in this book were originally published as a special issue of Democratization *The Oxford Handbook of Political Executives* Rudy B. Andeweg, Robert Elgie, Ludger Helms, Juliet Kaarbo, Ferdinand Müller-Rommel, 2020-07-30 Political executives have

been at the centre of public and scholarly attention long before the inception of modern political science. In the contemporary world, political executives have come to dominate the political stage in many democratic and autocratic regimes. The Oxford Handbook of Political Executives marks the definitive reference work in this field. Edited and written by a team of world class scholars, it combines substantive stocktaking with setting new agendas for the next generation of political executive research.

Bridling Dictators Graeme Gill, 2021. This book offers a new perspective on authoritarian politics. Rather than the leadership of the authoritarian political systems being always characterized by arbitrariness, fear, and struggle for power, this book argues that politics of such regimes are structured by a series of rules which bring some consistency and predictability.

Legislative Assemblies Shane Martin, Kaare Strøm, 2023-10-27. By whatever name they are known, Parliaments, Legislatures, or Assemblies, to name but three legislative assemblies in democratic societies, face the twin challenges of institutional capacity and accountability to their citizens. In addressing these challenges, assemblies vary in the extent to which they serve the respective interests of three critical sets of actors: their members, party leaders, and voters. In this book, Shane Martin and Kaare W. Strøm identify three ideal types of democratic assemblies: the members assembly, the leaders assembly, and the voters assembly, and analyze national legislative assemblies in the world's 68 most populous democracies, from Finland to Papua New Guinea, in light of these models. Based on extensive new cross-national data, they trace the implications of the three assembly types for the design, internal organization, resources, and powers of democratic national assemblies, develop indices of each assembly type, and score each of the 68 legislative assemblies on these indices. The analysis of legislative re-election rates in these countries reveals that the fate of incumbents depends on member resources as well as on leadership control, but is ultimately constrained by voter confidence. In conclusion, the authors discuss the past and future trajectories of legislative assemblies, including their susceptibility to democratic backsliding.

Personalism and Personalist Regimes Alex Baturo, Luca Anceschi, Francesco Cavatorta, 2024-07-04. Personalist leaders such as Russia's Vladimir Putin, Belarus's Alexander Lukashenko, or Venezuela's Nicolás Maduro are increasingly prominent players in the international landscape, but their motivations and policies, however, are poorly understood. The regimes they lead are difficult to examine, mostly because of their most defining feature: an inordinate concentration of power in the hands of one single individual. Yet personalist leaders do not rule alone; even if they do not always govern through institutional channels. How do personalist regimes really work? How do their rulers acquire and maintain personal control? How does contemporary personal rule differ from how it was practised during the Cold War? These are the key questions addressed in *Personalism and Personalist Regimes*, which offers a systematic examination of the logic of personalism or personalist rule, tackling comprehensively the study of personalist leaders and personalist regimes. The book is underpinned by a theoretical framework that combines historical and comparative analyses brought forward through a series of detailed country studies authored by a distinguished group of comparativists and area studies experts. The book also revisits and builds upon

Sultanistic Regimes the seminal study by H E Chehabi and Juan Linz In contrast to Sultanistic Regimes that studied sultanism an extreme form of personalism Personalism and Personalist Regimes examines personal rule on its full continuum from Turkey under Erdo an or Venezuela under Maduro to Turkmenistan under Berdimuhamedov or Libya under Gaddafi Because personalism or personal rule can be present across all regimes the book also includes several studies of personalism and institutions in party dictatorships China or Cuba amongst others

Dictators and Democrats Stephan Haggard, Robert R. Kaufman, 2016-08-30 A rigorous and comprehensive account of recent democratic transitions around the world From the 1980s through the first decade of the twenty first century the spread of democracy across the developing and post Communist worlds transformed the global political landscape What drove these changes and what determined whether the emerging democracies would stabilize or revert to authoritarian rule Dictators and Democrats takes a comprehensive look at the transitions to and from democracy in recent decades Deploying both statistical and qualitative analysis Stephen Haggard and Robert Kaufman engage with theories of democratic change and advocate approaches that emphasize political and institutional factors While inequality has been a prominent explanation for democratic transitions the authors argue that its role has been limited and elites as well as masses can drive regime change Examining seventy eight cases of democratic transition and twenty five reversions since 1980 Haggard and Kaufman show how differences in authoritarian regimes and organizational capabilities shape popular protest and elite initiatives in transitions to democracy and how institutional weaknesses cause some democracies to fail The determinants of democracy lie in the strength of existing institutions and the public s capacity to engage in collective action There are multiple routes to democracy but those growing out of mass mobilization may provide more checks on incumbents than those emerging from intra elite bargains Moving beyond well known beliefs regarding regime changes Dictators and Democrats explores the conditions under which transitions to democracy are likely to arise

Democracies and Authoritarian Regimes Andrea Kendall-Taylor, Natasha Lindstaedt, Erica Frantz, 2019 The only introduction to cover the full spectrum of political systems from democracy to dictatorship and the growing number of systems that fall between equipping readers to think critically about democracy s future trajectory

Constitutionalism under Stress Uladzislau Belavusau, Aleksandra Gliszczynska-Grabias, 2020-09-10 Constitutionalism under Stress reflects on comparative constitutionalism in Central and Eastern Europe through the work of eminent constitutional scholar Wojciech Sadurski The book examines the current decline of liberal democracies and populist challenges to the rule of law in the region events that Sadurski predicted early on in his writings about J rg Haider affair in Austria and the introduction of Article 7 TEU by the Amsterdam Treaty Sadurski s work has chronicled the transition from concern for the most basic of human rights under authoritarian rule to the challenges of democratic governance The compelling rights discourse of an earlier period gave way to claims of abuse of majoritarian prerogatives as the hopes of liberal democracy encountered the power of illiberalism The theoretical responses offered for the preservation of liberal

democracy in light of the current turbulence regarding the rule of law in the region produces a far reaching and effective reference tool on matters of constitutional capture and illiberal democracy Embedded Autocracy András Bozóki,Zoltán Fleck,2024-07-17 Embedded Autocracy Hungary in the European Union considers the new Hungarian autocracy as a political regime that is deeply entrenched in the make up of Hungarian society The deterioration of the social conditions of democracy did not begin in 2010 when Viktor Orb n came to power so it cannot be reduced to a leadership issue only Andr s Boz ki and Zolt n Fleck avoid the trap of historical determinism as well The Orb n s regime is not based solely on the autocratic traits of the leader nor on simply institutional failures but on social contexts and cultural configurations The analysis employed in this book is complex Hungary s democratic future depends on our ability to understand the mechanisms of autocracy embedded in society Scenarios for the destruction of democracy are voluminous and autocratic legalism is one of them which requires complex analytical tools to understand Boz ki and Fleck describe the unexpected collapse of Hungarian democracy with the aim of contributing to the exposure of the structural weaknesses of contemporary democracy Understanding the operational characteristics of the first autocratic regime within the European Union will contribute to the success of those policy makers who aspire to guard the stability of democracy Patronal Politics Henry E. Hale,2015 This book proposes a new way of understanding events throughout the world that are usually interpreted as democratization rising authoritarianism or revolution Where the rule of law is weak and corruption pervasive what may appear to be democratic or authoritarian breakthroughs are often just regular predictable phases in longer term cyclic dynamics patronal politics This is shown through in depth narratives of the post 1991 political history of all post Soviet polities that are not in the European Union This book also includes chapters on czarist and Soviet history and on global patterns **Gender Quotas and Democratic Participation** Louise K. Davidson-Schmich,2016-03-08 Since the 1970s quotas for female political candidates in elections have proliferated worldwide Beyond increasing the numbers of women in high level elected bodies and thereby women s political representation advocates claim that quotas foster gender equal participation in democracy and create female role models According to this reasoning quotas also overcome barriers to women s political participation especially discriminatory practices in the selection of electoral candidates Though such claims have persuaded policy makers to adopt quotas little empirical evidence exists to verify their effects In Gender Quotas and Democratic Participation Louise K Davidson Schmich employs a pathbreaking research design to assess the effects of gender quotas on all phases of political recruitment Drawing on interviews with and an original survey of potential candidates in Germany she investigates the extent to which quotas and corresponding increases in women s descriptive representation have resulted in similar percentages of men and women joining political parties aspiring to elected office pursuing ballot nominations and securing selection as candidates She also examines the effect of quotas on discriminatory selection procedures Ultimately Davidson Schmich argues quotas intended benefits have been only partially realized Quotas give women greater presence in powerful elected bodies not by

encouraging female citizens to pursue political office at rates similar to men s but by improving the odds that the limited number of politically ambitious women who do join parties will be elected She concludes with concrete original policy recommendations for increasing women s political participation

The Taiwan Voter Christopher Henry Achen,T. Y. Wang,2017-07-26 Examines how Taiwan s voters navigate a dangerous environment to demonstrate how identities matter everywhere

The Latin American Voter Ryan E Carlin,Matthew M Singer,Elizabeth J Zechmeister,2015-07-21 Public opinion and political behavior experts explore voter choice in Latin America with this follow up to the 1960 landmark The American Voter

Development in Multiple Dimensions Alexander Lee,2019-02-01 Why do some states provide infrastructure and social services to their citizens and others do not In Development in Multiple Dimensions Alexander Lee examines the origins of success and failure in the public services of developing countries Comparing states within India this study examines how elites either control or are shut out of policy decisions and how the interests of these elites influence public policy He shows that social inequalities are not single but multiple creating groups of competing elites with divergent policy interests Since the power of these elites varies states do not necessarily focus on the same priorities some focus on infrastructure others on social services and still others on both or neither The author develops his ideas through quantitative comparisons and case studies focusing on four northern Indian states Gujarat West Bengal Bihar and Himachal Pradesh each of which represents different types of political economy and has a different set of powerful caste groups The evidence indicates that regional variation in India is a consequence of social differences and the impact of these differences on carefully considered distributional strategies rather than differences in ideology geography or institutions

Mixed-Member Electoral Systems in Constitutional Context Nathan F. Batto,Chi Huang,Alexander C. Tan,Gary W. Cox,2016-04-11 Reformers have promoted mixed member electoral systems as the best of both worlds In this volume internationally recognized political scientists evaluate the ways in which the introduction of a mixed member electoral system affects the configuration of political parties The contributors examine several political phenomena including cabinet post allocation nominations preelectoral coalitions split ticket voting and the size of party systems and faction systems Significantly they also consider various ways in which the constitutional system especially whether the head of government is elected directly or indirectly can modify the incentives created by the electoral system The findings presented here demonstrate that the success of electoral reform depends not only on the specification of new electoral rules per se but also on the political context and especially the constitutional framework within which such rules are embedded

Research Handbook on Authoritarianism Natasha Lindstaedt,Jeroen J.J. den Bosch,2024-03-14 This Research Handbook provides a comprehensive overview of the latest knowledge on authoritarian regimes Combining quantitative research and in depth case studies it not only provides novel insight into past and current dictatorships but also forecasts potential new developments in authoritarian politics

Encyclopedia of Constitutional Amendments, Proposed Amendments, and Amending Issues, 1789-2023 John R.

Vile, 2023-10-19 Written by a leading scholar of the constitutional amending process this two volume encyclopedia now in its fifth edition is an indispensable resource for students legal historians and high school and college librarians This authoritative reference resource provides a history and analysis of all 27 ratified amendments to the Constitution as well as insights and information on thousands of other amendments that have been proposed but never ratified from America's birth until the present day The set also includes a rich bibliography of informative books articles and other media related to constitutional amendments and the amending process

The Quality of Divided Democracies Licia Cianetti, 2019-02-20 The Quality of Divided Democracies contemplates how democracy works or fails to work in ethnoculturally divided societies It advances a new theoretical approach to assessing quality of democracy in divided societies and puts it into practice with the focused comparison of two divided democracies Estonia and Latvia The book uses rich comparative data to tackle the vital questions of what determines a democracy's level of inclusiveness and the ways in which minorities can gain access to the policy making process It uncovers a presence polarization dilemma for minorities inclusion in the democratic process which has implications for academic debates on minority representation and ethnic politics as well as practical implications for international and national institutions promotion of minority rights

If you ally habit such a referred **Democracy Dictatorship And Term Limits** book that will have the funds for you worth, acquire the entirely best seller from us currently from several preferred authors. Democracy Dictatorship And Term Limits Introduction

In the digital age, access to information has become easier than ever before. The ability to download Democracy Dictatorship And Term Limits has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Democracy Dictatorship And Term Limits has opened up a world of possibilities. Downloading Democracy Dictatorship And Term Limits provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Democracy Dictatorship And Term Limits has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Democracy Dictatorship And Term Limits. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Democracy Dictatorship And Term Limits. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Democracy Dictatorship And Term Limits, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from.

In conclusion, the ability to download Democracy Dictatorship And Term Limits has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Democracy Dictatorship And Term Limits Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Democracy Dictatorship And Term Limits is one of the best book in our library for free trial. We provide copy of Democracy Dictatorship And Term Limits in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Democracy Dictatorship And Term Limits. Where to download Democracy Dictatorship And Term Limits online for free? Are you looking for Democracy Dictatorship And Term Limits PDF? This is definitely going to save you time and cash in something you should think about.
