## **Democracy In America Everymans Library:**

*Democracy in America* Alexis de Tocqueville, Alan Ryan, 1994 In what remains after more than a century the greatest study of American political life Tocqueville describes American society and accounts for its nature and its conflicts in an historical analysis of the nation s origins among different parties of European settlers Brilliantly written and vividly illustrated with vignettes and portraits this is also more than an exploration of one society at one time Tocqueville s assessment of America is as relevant as it ever was and his explanation of how democratic societies work can illuminate our own nation now Democracy in America Alexis de Tocqueville, 1994-05-10 Democracy in America has had the singular

honor of being even to this day the work that political commentators of every stripe refer to when they seek to draw large conclusions about the society of the United States Alexis de Tocqueville a young French aristocrat came to the young nation to investigate the functioning of American democracy and the social political and economic life of its citizens publishing his observations in 1835 and 1840 Brilliantly written and vividly illustrated with vignettes and portraits Democracy in America is far more than a trenchant analysis of one society at a particular point in time What will most intrigue modern readers is how many of Tocqueville s observations still hold true on the mixed advantages of a free press the strained relations among the races and the threats posed to democracies by consumerism and corruption So uncanny is Tocqueville s insight and so accurate are his predictions that it seems as though he were not merely describing the American identity but actually helping to create it **The American Creed** Forrest Church, 2003-12-01 What makes us all Americans whatever our differences is

adherence to a creed a creed based upon cornerstone truths the founders believed self evident From the earliest days the survival of the new republic hinged not merely upon the expression of these grand principles of liberty and equality but upon their spiritual underpinnings Freedom and faith were intertwined America as a foreign observer once put it is a nation with the soul of a church In this stirring and timely book Forrest Church charts the progress of this creed from the America s beginnings to the present day by evoking those whose words whether in declarations songs inaugural addresses speeches or prayers have expressed its letter and captured its spirit What emerges is our shared destiny Martin Luther King Jr s dream that this country might someday rise up and live out the true meaning of its creed echoes Thomas Jefferson s belief that equal and exact justice to all is the creed of our political faith Our connection with the past represents our commitment to the future and vice versa A spiritual and patriotic primer The American Creed distills the essence of American history while also matching its sweep Church lets the story of the Declaration of Independence unfold before our eyes giving us both the big picture and the details that place it into brilliant focus Those steeped in our nation s heritage will find fresh insight and renewed purpose Those still discovering its riches could have no finer introduction In its scope and embrace this is a book for us all The Politics of the Book Filipe Carreira da Silva, Mónica Brito Vieira, 2019-05-16 It is impossible to separate the

content of a book from its form In this study Filipe Carreira da Silva and Mónica Brito Vieira expand our understanding of the

history of social and political scholarship by examining how the entirety of a book mediates and constitutes meaning in ways that affect its substance appropriation and reception over time Examining the evolving form of classic works of social and political thought including W E B Du Bois s *The Souls of Black Folk* G H Mead s *Mind Self and Society* and Karl Marx s 1844 *Economic and Philosophic Manuscripts* Carreira da Silva and Brito Vieira show that making these books involved many hands They explore what publishers editors translators and commentators accomplish by offering the reading public new versions of the works under consideration examine debates about the intended meaning of the works and discussions over their present relevance and elucidate the various ways in which content and material form are interwoven In doing so Carreira da Silva and Brito Vieira characterize the editorial process as a meaning producing action involving both collaboration and an ongoing battle for the importance of the book form to a work s disciplinary belonging ideological positioning and political significance Theoretically sophisticated and thoroughly researched *The Politics of the Book* radically changes our understanding of what doing social and political theory and its history implies It will be welcomed by scholars of book history the history of social and political thought and social and political theory

**Evolve** William Spencer,2023-07-30 Should a species smart enough to foresee its own demise be able to consciously evolve in order to overcome threats to its existence Evolve reveals the nexus of evolutionary biology sustainability and peace on the journey to PACEM 2050 There is a Burning Platform threatening our species Although our species is extremely good at cooperation social polarization is preventing our citizenry from being in adequate alignment to adopt the necessary public policy to mitigate future ecological disaster There are only three scenarios going forward extinction eusocial evolution or a long term cultural intervention to overcome our current lack of conceptual understanding lack of social empathy and lack of decision making to implement the solutions needed to mitigate catastrophe No single government action no corporate solutions or temporary changes in citizen behavior will resolve the challenges we face The problems are interconnected and the path to find solutions represents the solution itself A principle of evolution and of social change is that only the system can change the system PACEM 2050 is the uncharacteristic social change strategy that changes the structure of how we share the realities of sustainability social polarization and approaching ecological tipping points

**The Making of Modern Liberalism** Alan Ryan,2014-12-07 One of the world s leading political thinkers explores the history nature and prospects of the liberal tradition *The Making of Modern Liberalism* is a deep and wide ranging exploration of the origins and nature of liberalism from the Enlightenment through its triumphs and setbacks in the twentieth century and beyond The book is the fruit of the more than four decades during which Alan Ryan one of the world s leading political thinkers reflected on the past of the liberal tradition and worried about its future This is essential reading for anyone interested in political theory or the history of liberalism

*The Anglo-American Tradition of Liberty* João Espada,2016-06-03 Joao Carlos Espada s provocative survey of a group of key Anglo American and European political thinkers argues that there is a distinctive Anglo American tradition of liberty that is one of

the core pillars of the Free World Giving a broad overview of the tradition through summaries of the careers and ideas of fourteen of its key thinkers neglected despite having been tremendously influential in the tradition of liberty the author engages with current set ideas about the meaning of liberal and conservative to offer an engaging intellectual case for liberal democracy Pirates and Emperors, Old and New Noam Chomsky, 2015-03-23 One of the world's leading intellectuals

raises provocative questions about U S diplomacy in a brilliant account of the workings of state terrorism Maclean's *Pirates and Emperors Old and New* is a virtuoso exploration of the role of the United States in the Middle East that exposes how the media manipulates public opinion about what constitutes terrorism Chomsky masterfully argues that appreciating the differences between state terror and nongovernmental terror is crucial to stopping terrorism and understanding why atrocities like the bombing of the World Trade Center and the killing of the Charlie Hebdo journalists happen Disturbing reading and as always indispensable *The Ulysses Praise for Noam Chomsky* Our greatest unraveller of accredited lies New Statesman Chomsky is a global phenomenon perhaps the most widely read voice on foreign policy on the planet The New York Times Book Review There is no living political writer who has more radically changed how more people think in more parts of the world about political issues Glenn Greenwald journalist and author A truth teller on an epic scale I salute him John Pilger journalist writer and filmmaker

**What Is Wrong with Black People? - How Post-slave Psychology and Afrocentricity are Joining with Colonialism to Undermine Black Africa's Cultural Integrity** Joe Mints, 2007-12-24

The mood in the world today is such that either you believe that Black people are natural slaves or you believe that White people are evil by nature In either case you are in a stalemate you can't change nature can you Yet not only is it very improbable for someone to turn up slave or evil just by nature it is neither demonstrable that evil is conditioned by skin colour The question here is why should evil be White and why should evil's target be Black In other words what is wrong with evil always tending to choose Black In fact the actual question is what is wrong with Black people always tending to be evil's preferred targets This book simply personifies a totally different type of intuition where the most unsuspected a yet the most damning a causes of the suffering and the struggles of Africans in today's world are not only laid open with courage but also resolved with vision

**Challenges of the Developing World** Howard Handelman, Rex Brynen, 2019-01-14 The updated ninth edition of *Challenges of the Developing World* examines political social and economic development in the diverse countries of Africa Asia the Middle East and Latin America In doing so it explores the political economy of policymaking investigates the uncertain dynamics of democratization highlights the impact of ethnic and religious tensions on developing countries and looks at revolution and military intervention in politics Key issues such as the environment sustainable development globalization corruption rural and urban poverty and gender receive particular attention Throughout the book also highlights the contribution of different analytical perspectives within political science and development studies Clearly written and frequently illustrated with examples *Challenges of the Developing World* is designed to provide the reader with

knowledge of the essential concepts relationships and approaches in a way that will be of lasting value

**Thoughts on War** Phillip S. Meilinger, 2020-03-17 War is changing Unlike when modern military doctrine was forged the United States no longer mobilizes massive land forces for direct political gain Instead the US fights small overseas wars by global mandate to overthrow dictators destroy terrorist groups and broker regional peace These conflicts hardly resemble the total wars fought and expected by foundational military theorists such as Carl von Clausewitz yet their paradigms are ingrained in modern thinking The twenty first century s new geopolitical situation demands new principles for warfare deemphasizing decisive land victory in favor of airpower intelligence systems and indigenous ground forces In *Thoughts on War* Phillip S Meilinger confronts the shortcomings of US military dogma in search of a new strategic doctrine Inter service rivalries and conventional theories failed the US in lengthy Korea Vietnam and Middle East conflicts Jettisoning traditional perspectives and their focus on decisive battles Meilinger revisits historical campaigns looking for answers to more persistent challenges how to coordinate forces manipulate time and fight on two fronts This provocative collection of new and expanded essays offers a fresh if controversial perspective on time honored military values one which encourages a critical revision of US military strategy

**The Common Good and the Global Emergency** T. J. Gorringer, 2011-02-03 Provides a theoretical and political framework of the common good and applies this to the built environment

**Living on Cybermind** Jonathan Paul Marshall, 2007 Cybermind is an Internet mailing list originally founded in 1994 to discuss the issues and problems of living online It proved exceptionally fertile and is still going strong thirteen years later This book is an ethnographic investigation which follows Cybermind members in their daily lives on the List and explores the ways they look at the world argue relate online life to offline life use gender and build community Perhaps the most comprehensive history of an Internet group ever published it includes detailed analyses using List members own words and commentary and develops a unique theory of the relationship between culture the problems of communication and the ongoing processes of categorisation Living on Cybermind illustrates how behaviour is affected by the organisation of communication and how people deal with the paradoxes involved in resolving ambiguity and truth in a situation in which presence is always on the verge of slipping away

*Imperfect Garden* Tzvetan Todorov, 2009-02-09 Available in English for the first time *Imperfect Garden* is both an approachable intellectual history and a bracing treatise on how we should understand and experience our lives In it one of France s most prominent intellectuals explores the foundations limits and possibilities of humanist thinking Through his critical but sympathetic excavation of humanism Tzvetan Todorov seeks an answer to modernity s fundamental challenge how to maintain our hard won liberty without paying too dearly in social ties common values and a coherent and responsible sense of self Todorov reads afresh the works of major humanists primarily Montaigne Rousseau and Constant but also Descartes Montesquieu and Toqueville Each chapter considers humanism s approach to one major theme of human existence liberty social life love self morality and expression Discussing humanism in dialogue with other systems Todorov finds a

response to the predicament of modernity that is far more instructive than any offered by conservatism scientific determinism existential individualism or humanism's other contemporary competitors Humanism suggests that we are members of an intelligent and sociable species who can act according to our will while connecting the well being of other members with our own It is through this understanding of free will Todorov argues that we can use humanism to rescue universality and reconcile human liberty with solidarity and personal integrity Placing the history of ideas at the service of a quest for moral and political wisdom Todorov's compelling and no doubt controversial rethinking of humanist ideas testifies to the enduring capacity of those ideas to meditate on and if we are fortunate cultivate the imperfect garden in which we live

*Shades of Sovereignty* Paul Wilson, 2021-07-12 This comprehensive book traces the role of money in the creation of the state Starting in the early modern era Paul Wilson explores the monetary systems of empires and new states in the age of nation building in the eighteenth and nineteenth century Spanning a wide geographical and historical range from the creation of the United States of America to the establishment of the European Union and the breakup of the Soviet Union and beyond the author examines changing attitudes toward monetary sovereignty as dozens of new states created new currencies since the end of the Second World War Wilson analyzes the decision making of newly independent states in their choice of an appropriate currency considering the complex factors involved ranging from the purely economic to questions of security international recognition and outright nationalism that have played a part The author challenges the notion that each country must necessarily have its own currency and explains why some newly independent countries have chosen to adopt the currency of another state Citing the examples of international currency unions of the nineteenth century and the present day he contends that sharing a currency does not represent a surrender of political sovereignty Instead Wilson argues for a more rational attitude toward money as a facilitator of transactions rather than as a symbol of national identity **The**

**Emergence of a Tradition: Essays in Honor of Jesús Huerta de Soto, Volume II** David Howden, Philipp Bagus, 2023-04-19 This book the second of two volumes explores the impact of Jesús Huerta de Soto and his role in the modern revival of the Austrian School of Economics Through chapters discussing philosophy and political economy the nature of capitalism and the foundations of economics are examined in relation to Austrian economics These ideas and the work of Huerta de Soto are also contextualized within the broader history of economic thought to provide insight into their influence and development This book highlights and builds upon the intellectual legacy of Jesús Huerta de Soto through its contribution to the Austrian School of Economics It will be relevant to students and researchers interested in Austrian economics philosophy and political economy *A Brief History of Misogyny* Jack Holland, 2012-06-07 In this compelling powerful book highly respected writer and commentator Jack Holland sets out to answer a daunting question how do you explain the oppression and brutalization of half the world's population by the other half throughout history The result takes the reader on an eye opening journey through centuries continents and civilizations as it looks at both historical and

contemporary attitudes to women Encompassing the Church witch hunts sexual theory Nazism and pro life campaigners we arrive at today's developing world where women are increasingly and disproportionately at risk because of radicalised religious belief famine war and disease Well informed and researched highly readable and thought provoking this is a refreshingly straightforward investigation into an ancient pervasive and enduring injustice It deals with the fundamentals of human existence sex love violence that have shaped the lives of humans throughout history The answer It's time to recognize that the treatment of women amounts to nothing less than an abuse of human rights on an unthinkable scale A Brief History of Misogyny is an important and timely book that will make a long lasting contribution to the efforts to improve those rights throughout the world

Upward Journey George Tomezsko, 2012-09-29 It is a question everyone embarking upon his or her journey through life must face namely how can I live a happy life in the face of a world indifferent at best and sometimes hostile In this brilliant new book Upward Journey George Tomezsko poses this question and proceeds to answer it via a series of essays wherein he dares to dance the tide and defies the forces of political correctness with a smile on his face resolve in his heart and clarity of mind This veritable feast of ideas is a real treat for a soul looking to go beyond contemporary and fashionable opinions in search of real comfort hope and inspiration As such it serves as a nice introduction to the field of philosophy

**Values of American Society** Talcott Parsons, Winston White, 2016 The material in Values of American Society remains the principal resource for understanding Parsons' conception of value systems His treatment of value systems has been much debated although poorly understood in considerable part because Parsons never published his full conception developed only in these manuscripts They continue to hold interest for social scientists both for their carefully developed analytical scheme and for the resulting discussion of American culture and society Series Studies in the Theory of Action Vol 3 Subject Sociology American Studies

*Christianity, Tolerance, and Pluralism* Michael Jinkins, 2004 This book explores the social political and religious differences among Christians and asks the question can Christians be pluralists

This Enthralling World of E-book Books: A Detailed Guide Revealing the Advantages of E-book Books: A Realm of Convenience and Flexibility Kindle books, with their inherent portability and simplicity of availability, have liberated readers from the constraints of hardcopy books. Gone are the days of carrying cumbersome novels or carefully searching for particular titles in shops.
