Democracy And Tradition Democracy And Tradition:

Democracy and Tradition Jeffrey Stout, 2004 Asking how the citizens of modern democracy can reason with one another this book carves out a controversial position between those who view religious voices as an anathema to democracy and those who believe democratic society is a moral wasteland because such voices are not heard

Law, Religion and Tradition Jessica Giles, Andrea Pin, Frank S. Ravitch, 2018-09-27 This book explores different theories of law religion and tradition from both a secular and a religious perspective It reflects on how tradition and change can affect religious and secular legal reasoning identifying the patterns of legal evolution within religious and secular traditions It is often taken for granted that even in law change corresponds and correlates to progress that things ought to be changed and they will necessarily get better There is no doubt that legal changes over the centuries have made it possible to enhance the protection of individual rights and to somewhat contain the possibility of tyranny and despotism But progress is not everything in law stability and certainty lie at the core of the rule of law Similarly religions and religious laws could not survive without traditions and yet they still evolve and their evolution is often intermingled with secular law The book asks and in some ways answers the questions What is the role of tradition within religions and religious laws What is the impact of religious traditions on secular laws and vice versa How are the elements of tradition to be identified Are they the same within the secular and the religious realm Do secular law and religious law follow comparable patterns of change Do their levels of resilience differ significantly How does the history of religion and law affect changes within religious traditions and legal systems The overall focus of the book addresses the extent to which tradition plays a role in shaping and re shaping secular and religious laws as well as their mutual boundaries

The Political Problem of Religious Pluralism Thaddeus J. Kozinski, 2012-07-10 In contemporary political philosophy there is much debate over how to maintain a public order in pluralistic democracies in which citizens hold radically different religious views The Political Problem of Religious Pluralism deals with this theoretically and practically difficult issue by examining three of the most influential figures of religious pluralism theory John Rawls Jacques Maritain and Alasdair MacIntyre Drawing on a diverse number of

sources Kozinski addresses the flaws in each philosopher's views and shows that the only philosophically defensible end of any overlapping consensus political order must be the eradication of the ideological pluralism that makes it necessary. In other words a pluralistic society should have as its primary political aim to create the political conditions for the communal discovery and political establishment of that unifying tradition within which political justice can most effectively be obtained. Kozinski's analysis though exhaustive and rigorous still remains accessible and engaging even for a reader unversed in the works of Rawls, Maritain and MacIntyre. Interdisciplinary and multi thematic in nature it will appeal to anyone interested in the intersection of religion, politics and culture.

Democracy's Education Harry C. Boyte, 2021-04-30 Today Americans feel powerless in the face of problems on every front. Such feelings are acute in higher education where educators are experiencing an avalanche of changes: cost cutting, new technologies and demands that higher education be narrowly geared to the needs of today's workplace. College graduates face mounting debt and uncertain job prospects and worry about a coarsening of the mass culture and the erosion of authentic human relationships. Higher education is increasingly seen and often portrays itself as a ticket to individual success, a private good not a public one. Democracy's Education grows from the American Commonwealth Partnership, a year-long project to revitalize the democratic narrative of higher education that began with an invitation to Harry Boyte from the White House to put together a coalition aimed at strengthening higher education as a public good. The project was launched at the beginning of 2012 to mark the 150th anniversary of the Morrill Act which created land grant colleges. Beginning with an essay by Harry C. Boyte, *Reinventing Citizenship as Public Work*, which challenges educators and their partners to claim their power to shape the story of higher education and the civic careers of students, the collection brings world famous scholars, senior government officials and university presidents together with faculty, students, staff, community organizers and intellectuals from across the United States and South Africa and Japan. Contributors describe many constructive responses to change already taking place in different kinds of institutions and present cutting edge ideas like civic science, civic studies, citizen professionalism and citizen alumni. Authors detail practical approaches to making change from new faculty and student roles to changes in curriculum and student life and strategies for everyday citizen empowerment. Overall the work develops a democratic story of education urgently needed to address today's challenges from climate change to growing inequality.

Indian Ethics: Classical traditions and contemporary challenges Purusottama Bilimoria, Joseph Prabhu, Renuka M. Sharma, 2007 Indian ethics is one of the great traditions of moral thought in world philosophy whose insights have influenced thinkers in early Greece, Europe, Asia and the New World. This is the first systematic study of the spectrum of moral reflections from India.

The Battles of Wisdom and Humility Martin Luther, John Stuart Mill, David Hume, James Allen, Ralph Waldo Emerson, Andrew Murray, Thomas Paine, Ludwig Feuerbach, G. K. Chesterton, Friedrich Nietzsche, Thomas à Kempis, Leo Tolstoy, Charles Spurgeon, Wallace D. Wattles, Prentice Mulford, St. Teresa of Ávila, Saint Augustine, Florence Scovel Shinn, H. Emilie Cady, Gregory of Nyssa, Pope

Gregory I, Athanasius of Alexandria, Basil the Great, John of Damascus, Saint Thomas Aquinas, Brother Lawrence, Arthur Pink, 2023-11-20 *The Battles of Wisdom and Humility* is a profound anthology that encapsulates a rich tapestry of philosophical and theological questing. Spanning centuries of thought, this collection delves into the intricate dynamics between wisdom and humility with pieces ranging from introspective meditations to passionate discourses. Born out of a milieu rich with conflict and enlightenment, these works challenge prevailing paradigms, advocating for a balance between intellectual rigor and spiritual modesty. Without anchoring on singular voices, the anthology traverses diverse literary styles from the introspective spirituality of mystics to the rationalist inquiry of Enlightenment thinkers, offering readers a panoramic view of humanity's quest for truth and meaning. The contributors to this volume are titans of thought hailing from various eras and backgrounds, united by their quest to explore the human condition. Their collective works echo the sentiments of movements such as the Reformation, the Enlightenment, and the Christian Mysticism, reflecting on an evolving dialogue between faith and reason. Figures like Saint Augustine, John Stuart Mill, and Friedrich Nietzsche bring contextual diversity, enriching the collection with perspectives anchored in their historical and cultural milieu. Together, they weave a narrative that transcends boundaries, each author unraveling a unique thread in this tapestry of wisdom. For readers seeking intellectual cultivation and spiritual enrichment, *The Battles of Wisdom and Humility* promises a journey through the thoughts of history's great thinkers. This anthology offers a rare opportunity to encounter a multiplicity of perspectives, inviting an in-depth reflection on the eternal themes of knowledge and humility. Engaging with these works provides educational insights and fosters a dialogue across eras, encouraging readers to not only absorb diverse viewpoints but to contribute to the ongoing narrative of philosophical and spiritual inquiry. This collection stands as a testament to the vibrant conversation between disparate yet connected voices, appealing to both the scholars and seekers among us.

Sources of Korean Tradition: From the sixteenth to the twentieth centuries Peter H. Lee, William Theodore De Bary, Wm. Theodore De Bary, 1997 This collection of seminal primary readings in the social, intellectual, and religious traditions of Korea from the sixteenth century to the present day lays the groundwork for understanding Korean civilization and demonstrates how leading intellectuals and public figures in Korea have looked at life, the traditions of their ancestors, and the world they lived in.

Tradition and Modernity Kwame Gyekye, 1997-08-28 In this important and pioneering book, Kwame Gyekye examines postcolonial African experience from a viewpoint receptive to aspects of both traditional African cultures and Western political and moral theory. African people, in their attempt to evolve ways of life compatible with an increasingly globalized world, cultural, intellectual, and political scene, face a number of unique societal challenges. Some, stemming from traditional African values and practices, others representing the legacy of European colonialism. Enlisting Western political and philosophical concepts to clear comparative advantage, Gyekye addresses a wide range of concrete problems afflicting postcolonial African states, such as ethnicity and nation building, the relationship of tradition to modernity, the relationship of the nation state to

community the nature of political authority and political legitimation political corruption and the threat to traditional moral and social values practices and institutions in the wake of rapid social change With striking flexibility and rare insight Gyekye assesses the value of both traditional and non African cultural components for the future of African societies and proposes alternative social and political models capable of forging a modernity appropriate for Africa The resulting book Tradition and Modernity Philosophical Reflections on the African Experience is a brilliant new contribution to postcolonial theory and will be of deep interest to scholars of political and moral philosophy cultural studies and African philosophy and politics and to anyone else concerned with the efforts of non Western societies to properly modernize

Narrative Traditions in International Politics Johanna Vuorelma, 2021-12-10 This book introduces the concept of narrative tradition to study representation in international politics Focusing specifically on the case of Turkey the book shows how narrative traditions are constructed maintained and passed on by a loose epistemic community that involves practitioners and experts including scholars journalists diplomats and political representatives Employing an interpretative approach the book distinguishes between four narrative traditions in the study of Turkey Turkey as a state that is 1 getting lost 2 standing at a decisive crossroad 3 led by strongmen and 4 struggling with a creeping Islamisation These narrative traditions carry enduring beliefs that not only describe moralise judge and stigmatise Turkey but also contribute to the idea of the West The book focuses on knowledge that is produced from a Western perspective showing that Turkey provides a channel through which the Western self can be debated challenged celebrated and judged

 Sang-Jin, 2017-11-08 The book is a collection of texts by the late former President of the Republic of Korea and Nobel Peace
 Prize laureate Kim Dae jung along with contributions by other authors including the late former President of the Federal
 Republic of Germany Richard von Weizs cker The manuscript aims to explore the significance of the combination of a
 cosmopolitan vision and an Asian identity found in the political thoughts of Kim This book holds special significance as it is
 edited by Professor Sang Jin Han one of Kim s most trusted political advisors as well as longtime friend with their
 relationship stretching back to way before Kim was elected president As one of Korea s leading intellectuals Professor Han is
 best positioned to make the most out of the material since he simultaneously holds the privilege of a close personal
 relationship with Kim as well as expert scholarly understanding of its academic and philosophical value The Black
Humanist Tradition in Anti-Racist Literature Alexandra Hartmann, 2023-05-13 This book presents an intellectual history and
 theoretical exploration of black humanism since the civil rights era Humanism is a human centered approach to life that
 considers human beings to be responsible for the world and its course of history Both the heavily theistic climate in the
 United States as well as the dominance of the Black Church are responsible for black humanism s existence in virtual
 oblivion For those who believe the world to be one without supernatural interventions human action matters greatly and is
 the only possible mode for change Humanists are thus committed to promoting the public good through human effort rather
 than through faith Black humanism originates from the lived experiences of African Americans in a white hegemonic society
 Viewed from this perspective black humanist cultural expressions are a continuous push to imagine and make room for
 alternative life options in a racist society Alexandra Hartmann counters religion s hegemonic grasp and uncovers black
 humanism as a small yet significant tradition in recent African American culture and cultural politics by studying its impact
 on African American literature and the ensuing anti racist potentials The book demonstrates that black humanism regards
 subjectivity as embodied and is thus a worldview that is characterized by a fragile hope regarding the possibility of progress

A Thicker Jesus Glen Harold Stassen, 2012-10-25 Why have some Christians such as Dietrich Bonhoeffer and Martin Luther King Jr been able to speak truth to power at great personal cost while others readily capitulate to injustice In this magnum opus Christian ethicist Glen Stassen argues that such robust Christianity stems from believing in a thicker Jesus who is Lord over the whole of life and not just one compartment of it Belief in this thicker Jesus results in incarnational discipleship and can help Christians deal with the challenges of what Charles Taylor has identified as a secular age Stassen elegantly weaves the characteristics of incarnational discipleship as correctives to secularism

Deliberative Agency Uchenna Okeja, 2022-03-15 Public deliberation highly valued by many African societies becomes the cornerstone of a new system of African political philosophy in this brilliant highly original study In Deliberative Agency philosopher Uchenna Okeja offers a way to construct a new political center by building it

around the ubiquitous African practice of public deliberation a widely accepted means to resolve legal matters reconcile feuding groups and reestablish harmony In cities hometown associations and voluntary organizations carry out the task of fostering deliberation among African groups for different reasons In some instances the deliberation aims to settle disputes In others the aim is to decide the best action to take to address unfortunate incidents such as death Through a measured comparative analysis Deliberative Agency argues that the best way to reimagine and harness the idea of public deliberation based on current experiences in Africa is to see it as performance of agency Building a new political center around the practice places agency at the core of a new political life in Africa
