**Democracy's Dharma** Richard Madsen, 2007 This title explores the remarkable religious renaissance that has reformed revitalized and renewed the practices of Buddhism and Daoism in Taiwan Madsen connects these developments to Taiwan's transition to democracy and the burgeoning needs of its new middle classes Confucianism, Democratization, and Human Rights in Taiwan Joel Fetzer, J. Christopher Soper, 2013 Responding to the Asian values debate over the compatibility of Confucianism and liberal democracy Confucianism Democratization and Human Rights in Taiwan by Joel S Fetzer and J Christopher Soper offers a rigorous systematic investigation of the contributions of Confucian thought to democratization and the protection of women indigenous peoples and press freedom in Taiwan Relying upon a unique combination of empirical analysis of public opinion surveys legislative debates public school textbooks and interviews with leading Taiwanese political actors this essential study documents the changing role of Confucianism in Taiwan's recent political history While the ideology largely bolstered authoritarian rule in the past and played little role in Taiwan's democratization the belief system is now in the process of transforming itself in a pro democratic direction In contrast to those who argue that Confucianism is inherently authoritarian the authors contend that Confucianism is capable of multiple interpretations including ones that legitimate democratic forms of government At both the mass and the elite levels Confucianism remains a powerful ideology in Taiwan despite or even because of the island's democratization Borrowing from Max Weber's sociology of religion the writers provide a distinctive theoretical argument for how an ideology like Confucianism can simultaneously accommodate itself to modernity and remain faithful to its core teachings as it decouples itself from the state In doing so Fetzer and Soper argue Confucianism is behaving much like Catholicism which moved from a position of ambivalence or even opposition to democracy to one of full support The results of this study have profound implications for other Asian countries such as China and Singapore which are also Confucian but have not yet made a full transition to democracy **Stateness and Democracy in East Asia** Aurel Croissant, Olli Hellmann, 2020-05-21 Democratization and state building are fundamental political processes yet scholars cannot agree on which process should be prioritized in order to put countries on a positive path of institutional development Where much of the existing literature on the state democracy nexus focuses on quantitative cross national data this volume offers a theoretically grounded regional analysis built around in depth qualitative case studies The chapters examine cases of successful democratic consolidation South Korea Taiwan defective democracy Philippines Indonesia East Timor and autocratic reversal Cambodia Thailand The book's evidence challenges the dominant state first democracy later argument demonstrating instead that stateness is neither a sufficient nor a necessary condition for democratic consolidation The authors not only show that democratization can become trapped in path dependent processes but also that the system level organization of informal networks plays a key role in shaping the outcome of democratic transitions **Democracy on Trial** Ya-Chung Chuang, 2013-06-07 Democracy on Trial is an attempt to begin to negotiate

the problem of writing about and understanding democracy and social movements in Taiwan and what they can tell us about a place and country that for me is both home and the field an object of study and yet also an area of hope and engagement Democracy on Trial is as impressive for its conceptual sophistication as it is for its ethnographic depth Chuang's personal experiences and engagement with the movements he describes and analyzes bring to life the wealth of documentary and ethnographic data The study should be of interest not just to Taiwan scholars and readers but also those interested in issues of democracy in China and East Asia the politics of TaiwanPRC relations and social movement scholars and activists y Arif Dirlik Author of Culture and History in Postrevolutionary China The Perspective of Global Modernity Routledge
