Democratization From Above The Logic Of Local Democracy In The Developing World

Michael P. Marks

Democratization From Above The Logic Of Local Democracy In The Developing World:

Democratization from Above Anjali Thomas Bohlken,2016-01-11 The book explains why some national and state governments in the developing world introduce reforms to make local governance more democratic while others do not

Creating Local Democracy in Iran Kian Tajbakhsh,2022-07-21 Empirically rich and theoretically informed this book is an innovative analysis of political decentralization under the Islamic Republic of Iran Drawing upon Kian Tajbakhsh s twenty years of experience working with and researching local government in Iran it uses original data and insights to explain how local government operates in towns and cities as a form of electoral authoritarianism With a combination of historical political and financial field research it explores the multifaceted dimensions of local power and how various ideologically opposed actors shaped local government as an integral component of authoritarian state building Ultimately this book demonstrates how local government serves to undermine democratization and consolidate the Islamist regime As Iran s cities and towns grow and develop their significance will only increase and this study is vital to understanding their politics administration and influence *Nativism and Economic Integration across the Developing World* Rikhil R.

Bhavnani,Bethany Lacina,2019-02-21 Migration and nativism are explosive issues in Europe and North America Less well known is the tumult that soaring migration is creating in the politics of developing countries The key difference between anti migrant politics in developed and developing countries is that domestic migration not international migration is the likely focus of nativist politics in poorer countries Nativists take up the cause of sub national groups vilifying other regions and groups within the country as sources of migration Since the 1970s the majority of less developed countries have adopted policies that aim to limit internal migration This Element marshals evidence from around the world to explore the colliding trends of internal migration and nativism Subnational migration is associated with a boom in nativist politics Pro native public policy and anti migrant riots are both more likely when internal migration surges Political decentralization strengthens subnational politicians incentives and ability to define and cater to nativists **Revisiting Metaphors in**

International Relations Theory Michael P. Marks,2018-01-08 This book presents an analysis of how metaphors are essential elements in the study of international relations It acknowledges the fact that theory and practice in international relations often rest on common metaphorical concepts which have implications for the ways people around the world pursue their lives Because of the increased attention metaphors have received as integral elements in political discourse there is a need to investigate metaphorical concepts that are not neutral in their implications for understanding international relations Inasmuch as government policy is shaped by metaphorical concepts that originate in the academic realm and given that scholarly works are therefore partially involved in inspiring policy the author subjects a range of metaphors in international relations theory to critical interrogation **Information, Democracy, and Autocracy** James R. Hollyer,B. Peter

Rosendorff,James Raymond Vreeland,2018-09-27 Advocates for economic development often call for greater transparency

But what does transparency really mean? What are its consequences? This breakthrough book demonstrates how information impacts major political phenomena including mass protest, the survival of dictatorships, democratic stability, as well as economic performance. The book introduces a new measure of a specific facet of transparency: the dissemination of economic data. Analysis shows that democracies make economic data more available than do similarly developed autocracies. Transparency attracts investment and makes democracies more resilient to breakdown. But transparency has a dubious consequence under autocracy: political instability. Mass unrest becomes more likely, and transparency can facilitate democratic transition, but most often a new despotic regime displaces the old. Autocratic leaders may also turn these threats to their advantage, using the risk of mass unrest that transparency portends to unify the ruling elite. Policy makers must recognize the trade-offs transparency entails.

Legalization of Human Rights in Africa Stacey M. Mitchell, Veraline Nchotu, Lem Lilian Atanga, 2025-03-26. Most countries on the African continent have ratified or acceded to several human rights treaties, including the Torture Convention and the African Charter on Human and People's Rights. This book assesses the progress African countries have made in institutionalizing human rights laws prohibiting torture, extrajudicial killings, and disappearances domestically. States ratify human rights treaties for a variety of reasons. Some commentators defend an honest sincerity of purpose, whereas others might point to material incentives. The contributors to this volume go beyond the ratification puzzle to instead reframe legalization according to Lon Fuller's conceptualization of congruence. Congruence is an interactive variable that measures the continuous efforts of government and the public to shape the law and its implementation. By reframing legalization as an ongoing process, the model created by the authors is used to test several hypotheses about what impacts legalization in Africa, more broadly, and in countries such as Mali, Cameroon, Botswana, Zimbabwe, and Tunisia, more specifically. The contributors to this volume demonstrate that the legalization of human rights is never a finished product but is a moving target influenced by exogenous and endogenous phenomena. This volume is useful for researchers of genocide, human rights, and atrocity prevention, as well as for those interested in legalization and democratization both within Africa and other regions of the world.

The Oxford Handbook of Electoral Persuasion Elizabeth Suhay, Bernard Grofman, Alexander H. Trechsel, 2020-04-01. Elections are the means by which democratic nations determine their leaders, and communication in the context of elections has the potential to shape people's beliefs, attitudes, and actions. Thus, electoral persuasion is one of the most important political processes in any nation that regularly holds elections. Moreover, electoral persuasion encompasses not only what happens in an election but also what happens before and after, involving candidates, parties, interest groups, the media, and the voters themselves. This volume surveys the vast political science literature on this subject, emphasizing contemporary research and topics and encouraging cross-fertilization among research strands. A global roster of authors provides a broad examination of electoral persuasion with international perspectives complementing deep coverage of U.S. politics. Major areas of coverage include general models of political

persuasion persuasion by parties candidates and outside groups media influence interpersonal influence electoral persuasion across contexts and empirical methodologies for understanding electoral persuasion *Localism and the Design of Political Systems* Rick Harmes,2020-12-30 This book examines localism as a political idea and policy approach and explains what localism is about why it is growing in importance and how it relates to other themes in politics Illustrated with case studies from the United Kingdom mainland Europe and the Indian sub continent the book analyses localism in conceptual and theoretical terms and locates it within the overall landscape of political thought Key themes covered in the book include place space and scale decentralization and devolution multi level governance public value democracy and empowerment and political design With the focus on the bottom up constructivist aspects of localism the book argues that localism is most likely to work successfully in a political order where sovereignty is distributed across various social spheres and levels of government It offers a comprehensive view of localism by synthesizing its various strands and creating a distinctive framework for design and evaluation This book will be of particular interest to scholars students and practitioners of localism particularly within local and regional government public administration and policy human and political geography and urban studies The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 license

Deparochializing Political Theory for the Global Age Melissa S. Williams,2020-04-02 Leading political theorists demonstrate the transformative potential of de centering Western traditions in the field of political theory

Invisible Institutionalisms Swethaa S Ballakrishnen,Sara Dezalay,2021-02-11 Taking its cue from theoretical and ideological calls to challenge globalisation as a dynamic of homogenisation and resistance as led from and directed against the Global North this volume asks what can we see when we shift the lens beyond a North South binary Based on empirical studies of frontier zones of legal globalisation in India Pakistan and Latin America the book adopts an original format Framed as a relational dialogue between newer as well as more prominent scholars within the field from various cores through to postcolonial academic peripheries it questions structural variables in the shadows of legal globalisation and how we as scholars build a space for critique

Exit and Voice Lauren Duquette-Rury,2019-11-26 A free open access ebook is available upon publication Learn more at www.luminosoa.org Sometimes leaving home allows you to make an impact on it but at what cost Exit and Voice is a compelling account of how Mexican migrants with strong ties to their home communities impact the economic and political welfare of the communities they have left behind In many decentralized democracies like Mexico migrants have willingly stepped in to supply public goods when local or state government lack the resources or political will to improve the town Though migrants cross border investments often improve citizens access to essential public goods and create a more responsive local government their work allows them to unintentionally exert political engagement and power undermining the influence of those still living in their hometowns In looking at the paradox of migrants who have left their home to make an impact on it Exit and Voice sheds

light on how migrant transnational engagement refashions the meaning of community democratic governance and practices of citizenship in the era of globalization

Democracies at War Against Drugs Anaís Medeiros Passos,2022-09-03 This book provides an in depth account of military operations against drug gangs and organizations in two of the biggest countries in Latin America Brazil and Mexico Recent studies on drug wars have detailed case studies on the war on drugs but do not focus on the role of the army in such policies Publications that do drive attention to the military in such situations are usually from human rights organizations or the press and are therefore not scholarly works There are therefore no recent academic books dealing with the role of the military in the fight against drugs in Latin America This book aims to fill this gap It also offers an empirical and theoretical examination of the issue of the role of the military rather than the police on national soil the army being generally devoted to interventions abroad and the police to law enforcement on the national ground The book is also the first work to look at high level negotiations between military and civilian elites that define the conditions for the use of force during military operations It provides a theoretically informed understanding of contemporary security politics in Brazil and Mexico

Governing Locally Babu Jacob,Suraj Jacob,2022-02-03 Studies how habits of governance create institutional rigidities that dislodge law given local autonomy to improve urban public services

Claiming the State Gabrielle Kruks-Wisner,2018-08-16 Explores the conditions that shape whether and how citizens in rural India make claims on the state for social welfare

The Government Party R. Kenneth Carty,2022 This book examines long term single party dominance in modern democracies

Clients and Constituents Jennifer Bussell,2019-05-01 Scholars of distributive politics often emphasize partisanship and clientelism However as Jennifer Bussell demonstrates in Clients and Constituents legislators in patronage democracies also provide substantial constituency service non contingent direct assistance to individual citizens Bussell shows how the uneven character of access to services at the local level often due to biased allocation on the part of local intermediaries generates demand for help from higher level officials The nature of these appeals in turn provides incentives for politicians to help their constituents obtain public benefits Drawing on a new cross national dataset and extensive evidence from India including sustained qualitative shadowing of politicians novel elite and citizen surveys and an experimental audit study with a near census of Indian state and national legislators this book provides a theoretical and empirical examination of political responsiveness in developing countries It highlights the potential for an under appreciated form of democratic accountability one that is however rooted in the character of patronage based politics

The Patriarchal Political Order Soledad Artiz Prillaman,2023-12-14 Exposes how coercive political power structures diminish political participation for women in India and chronicles women s pathways to power

Democratic Dynasties Kanchan Chandra,2016-04-28 Dynastic politics usually presumed to be the antithesis of democracy is a routine aspect of politics in many modern democracies This book introduces a new theoretical perspective on dynasticism in democracies using original data on twenty first century Indian parliaments It argues that the roots of dynastic politics lie at least in part in

modern democratic institutions states and parties which give political families a leg up in the electoral process It also proposes a rethinking of the view that dynastic politics is a violation of democracy showing that it can also reinforce some aspects of democracy while violating others Finally this book suggests that both reinforcement and violation are the products not of some property intrinsic to political dynasties but of the institutional environment from which those dynasties emerge

Women, Power, and Property Rachel E. Brulé, 2020-10-22 Quotas for women in government have swept the globe Yet we know little about their capacity to upend entrenched social political and economic hierarchies *Women Power and Property* explores this question within the context of India the world's largest democracy Brulé employs a research design that maximizes causal inference alongside extensive field research to explain the relationship between political representation backlash and economic empowerment Her findings show that women in government gatekeepers catalyze access to fundamental economic rights to property Women in politics have the power to support constituent rights at critical junctures such as marriage negotiations when they can strike integrative solutions to intrahousehold bargaining Yet there is a paradox quotas are essential for enforcement of rights but they generate backlash against women who gain rights without bargaining leverage In this groundbreaking study Brulé shows how well designed quotas can operate as a crucial tool to foster equality and benefit the women they are meant to empower

Why Representation Matters Simon Chauchard, 2017-02-16 When members of groups that have long been marginalized finally gain access to political offices it is expected that the social meaning of belonging to such a group will change and that these psychological changes will have far reaching behavioral consequences Supporters of political quotas granting such access often argue that they improve the nature of intergroup relations However these presumed psychological effects have remained surprisingly uncharted and untested Do policies mandating the inclusion of excluded groups in political offices change the intergroup relations If so in what ways By drawing on careful multi method explorations of a single case local level electoral quotas for members of formerly untouchable castes in India this book provides nuanced thorough and ultimately optimistic responses to these questions

The Enigmatic Realm of **Democratization From Above The Logic Of Local Democracy In The Developing World**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing in short supply of extraordinary. Within the captivating pages of **Democratization From Above The Logic Of Local Democracy In The Developing World** a literary masterpiece penned with a renowned author, readers set about a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting effect on the hearts and minds of those that partake in its reading experience.

Democratization From Above The Logic Of Local Democracy In The Developing World Introduction

In today's digital age, the availability of Democratization From Above The Logic Of Local Democracy In The Developing World books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Democratization From Above The Logic Of Local Democracy In The Developing World books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Democratization From Above The Logic Of Local Democracy In The Developing World books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Democratization From Above The Logic Of Local Democracy In The Developing World versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Democratization From Above The Logic Of Local Democracy In The Developing World books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking

for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Democratization From Above The Logic Of Local Democracy In The Developing World books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Democratization From Above The Logic Of Local Democracy In The Developing World books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Democratization From Above The Logic Of Local Democracy In The Developing World books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Democratization From Above The Logic Of Local Democracy In The Developing World books and manuals for download and embark on your journey of knowledge?

FAQs About Democratization From Above The Logic Of Local Democracy In The Developing World Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading

preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Democratization From Above The Logic Of Local Democracy In The Developing World is one of the best book in our library for free trial. We provide copy of Democratization From Above The Logic Of Local Democracy In The Developing World in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Democratization From Above The Logic Of Local Democracy In The Developing World. Where to download Democratization From Above The Logic Of Local Democracy In The Developing World online for free? Are you looking for Democratization From Above The Logic Of Local Democracy In The Developing World PDF? This is definitely going to save you time and cash in something you should think about.
