*Paperbound Books in Print*,1992 *Demonology for the Global Church* Scott D. MacDonald,2021-06-01 As Christians how do we address the contentious and often disturbing subject of demonology Our cultural paradigms pit us between the extremes of skepticism and sensationalism Increasingly diverse Christian communities are in desperate need of a biblical understanding of the demonic that transcends cultural frameworks an understanding that will challenge assumptions rebuke errors and unite Christians in scriptural truth *Demonology for the Global Church* endeavors to provide the biblical and theological essentials for a unified Christian perspective of the demonic Avoiding speculation and anecdotal evidence Scott D MacDonald roots his analysis in Scripture He frames a biblical demonology in light of global and contextual concerns offering an understanding that avoids the pitfalls of anti supernaturalism and over emphasis If the church is to effectively overcome its spiritual adversaries Christians from around the world must stand and resist together This is an essential resource for the global church relevant to students of theology institutional scholars cross cultural missionaries local pastors and all types of Christian leaders **Exorcism and Deliverance Ministry in the Twentieth Century** James M. Collins,2009-11-10 This study seeks to demonstrate that exorcism deliverance ministry is an innately enthusiastic practice utilizing John Knox's classic study of Christian enthusiasm The twentieth century provides an ideal arena for such a study since it frames a complete lifecycle for this rite from its infancy during the early decades through its heyday in the 1970s and 80s on to creeping routinisation by the end of the century Two enthusiastic settings Charismatic and Evangelical Fundamentalist are identified and examined as the environment in which two related streams of exorcism deliverance ministry was practiced Finally enthusiastic Sacramentalist exorcism is considered in order to establish the thesis that enthusiastic settings provide a conducive atmosphere for the emergence and practice of exorcism deliverance ministry Attention is paid to historical factors within the Charismatic and Evangelical Fundamentalist streams that underlie the development of this rite As a result important secondary insights are gained into the tidal nature of enthusiastic movements the role of itinerant preachers in the propagation of enthusiasm the routinisation of enthusiastic practices and the manner in which enthusiasm overcomes institutional denominational boundaries The study provides the foundation for future investigation of the manner in which

enthusiastic experience is presented for apologetic purposes the relationship between exorcism deliverance ministry and millenarianism and the practice of this rite within non Western churches **Books in Print** ,1994 *Spirit Possession around the World* Joseph P. Laycock,2015-05-26 This book provides a fascinating historical and cultural overview of traditional beliefs about spirit possession and exorcism around the world from Europe to Asia and the Middle East to the Americas Possession and exorcism are elements that occur in nearly every culture Why is belief in spiritual possession so universal This accessible reference volume offers a broad sample of the traditions and cultures involving possession and exorcism presenting thoughts on this widely popular topic by experts from the fields of anthropology sociology religious studies history neuroscience forensics and theology The entries cover the subject of possession and exorcism across all inhabited continents from the Bronze Age to the 21st century providing information that is accessible and intriguing as well as scholarly and authoritative Beyond addressing the Christian tradition of possession and exorcism Pentecostalism and New Age and less widely known Western concepts about possession and exorcism this work examines ideas about possession and exorcism from other world religions and the indigenous cultures of Asia Africa and the Americas It also covers historic cases of possession and presents biographies of famous theologians exorcists and possessed individuals High school and undergraduate readers will learn about world history religious and spiritual traditions and world cultures through a topic that figures prominently in popular culture and modern entertainment Bibliographies that accompany each entry as well as a selected general bibliography serve to help students locate print and electronic sources of additional information

unlikely historical anomaly It sprang into existence in the 1970s within a church that earlier on had spent whole centuries condemning the expulsion of evil spirits as either Catholic superstition or evangelical excess This book for the first time tells the full story of the Anglican Church s approach to demonology and the exorcist s ritual since the Reformation in the sixteenth century The author explains how and why how such a remarkable transformation in the Church s attitude to the rite of exorcism took place while also setting his subject against the canvas of the wider history of ideas **Set Your Family**
