Celebrating Holy Week In A Post Holocaust World:

Celebrating Holy Week in a Post-Holocaust World Henry F. Knight, 2004-12-01 An ongoing issue for clergy as well as Christians in general is how to approach New Testament narratives about the crucifixion of Jesus in relation to Jews Judaism and the horrific events of the Holocaust The events of Holy Week pose particular challenges for clergy and congregations In this book Henry Knight helps us deal with Holy Week texts in light of our post Holocaust world and provides practical examples of prayers liturgies and resource material to help pastors prepare for and lead worship and teach during this important time in the life of a congregation

Confronting Genocide Steven Leonard Jacobs, 2009-05-16 Confronting Genocide Judaism Christianity Islam is the first collection of essays by recognized scholars primarily in the field of religious studies to address this timely topic In addition to theoretical thinking about both religion and genocide and the relationship between the two these authors look at the tragedies of the Holocaust the Armenian Genocide Rwanda Bosnia and the Sudan from their own unique vantage point In so doing they supply a much needed additional contribution to the ongoing conversations proffered by historians political scientists sociologists psychologists and legal scholars regarding prevention intervention and punishment

Elie Wiesel Alan L. Berger, 2018-11-08 Elie Wiesel plucked from the ashes of the Holocaust became a Nobel Peace laureate an activist on behalf of the oppressed a teacher an award winning novelist and a renowned humanist He moved easily among world leaders but was equally at home among the disenfranchised Following his Nobel Prize Wiesel established the Elie Wiesel Foundation for Humanity one of their early initiatives was the founding of the Elie Wiesel Ethics Essay Contest The reflections in this volume come from judges of the contest They share their personal and professional experiences working with and learning from Wiesel providing a glimpse of the person behind the public figure At a time when the future seems ominous and chaotic at best these reflections hold on to the promise of an ethically and morally robust possibility The students whose essays prompt this sense of hope are remarkable for their insight and dedication The messages embedded in the judges reflections mirror Wiesel s convictions about the importance of friendship the need to interrogate without abandoning God and the power of remembrance in order to fight indifference

Maven in Blue Jeans Steven L. Jacobs, 2009 This collection of academic essays have been written in tribute to Professor Zev Garber and are divided to reflect the areas in which Professor Garber has devoted his teaching and writing energies the Holocaust Jewish Christian relations philosophy and theology history and biblical interpretation

Testimony, Tensions, and Tikkun Myrna Goldenberg, Rochelle L. Millen, 2011-10-01 The Holocaust was a cataclysmic upheaval in politics culture society ethics and theology The very fact of its occurrence has been forcing scholars for more than sixty years to assess its impact on their disciplines Educators whose work is represented in this volume ask their students to grapple with one of the grand horrors of the twentieth century and to accept the responsibility of building a more just peaceful world tikkun olam They acknowledge that their task as teachers of the Holocaust is both imperative and impossible they must teach something that cannot be

taught as one contributor puts it and they recognize the formidable limits of language thought imagination and comprehension that thwart and obscure the story they seek to tell Yet they are united in their keen sense of pursuing an effort that is pivotal to our understanding of the past and to whatever prospects we may have for a more decent and humane future A Holocaust course refers to an instructional offering that may focus entirely on the Holocaust may serve as a touchstone in a larger program devoted to genocide studies or may constitute a unit within a wider curriculum including art literature ethics history religious studies jurisprudence philosophy theology film studies Jewish studies German studies composition urban studies or architecture It may also constitute a main thread that runs through an interdisciplinary course The first section of Testimony Tensions and Tikkun can be read as an injunction to teach and act in a manner consistent with a profound cautionary message that there can be no tolerance for moral neutrality about the Holocaust and that there is no subject in the humanities or social sciences where its shadow has not reached The second section is devoted to the process and nature of students learning These chapters describe efforts to guide students through terrain that hides cognitive and emotional land mines The authors examine their responsibility to foster students personal connection with the events of the Holocaust but in such a way that they not instill hopelessness about the future The third and final section moves the subject of the Holocaust out of the classroom and into broader institutional settings universities and community colleges and their surrounding communities along with museums and memorial sites For the educators represented here teaching itself is testimony The story of the Holocaust is one that the world will fail to master at its own peril The editors of this volume and many of its contributors are members of the Pastora Goldner Holocaust Symposium Led since its founding in 1996 by Leonard Grob and Henry F Knight the symposium s scholars a group that is interfaith international interdisciplinary and intergenerational meet biennially in Oxfordshire England

In Search for a Theology Capable of Mourning H. Martin Rumscheidt, 2017-10-20 To what extent are the children of Holocaust perpetrators to feel remorseful or responsible for their parents wrongdoing Is the yearning by those offspring of Nazi sympathizers for forgiveness justified or should they separate themselves from their parents or relatives and ignore the history Such dilemmas have gnawed at theologian Martin Rumscheidt ever since at age eighteen he discovered his father s complicity in using Jewish slave labor at his workplace IG Farben He has written and spoken extensively about his journey in search of what he calls a theology of mourning that would preserve his concept of the reality of God and still recognize the reality at times grim reality of life

Redeeming Our Sacred Story Mary C. Boys, 2013 Stories of Jesus passion and death lie at the core of Christian identity They offer an encounter with his experience of the human condition betrayals by those closest to him his own fear of death uncertainty about God s will and the endurance of terrible suffering and an ignominious death From generation to generation these stories have functioned in sacred and saving ways for Christians Yet misinterpretations of the passion narratives have rationalized hostility to and violence against Jews as Christ killers This sacrilegious telling cries out for redemption

Redeeming Christianity's sacred story requires respect even as for its power demands rigorous examination of the history between Jews and Christians and the ethical obligation to be altered by this history and entails pursuing solid biblical scholarship principles for reinterpreting troubling texts and incorporation into Christian spirituality Redeeming Our Sacred Story challenges us to forge more just relations between Jews and Christians It witnesses to the world that reconciliation is possible Back cover *The Encyclopedia of Christianity* Erwin Fahlbusch, Geoffrey William Bromiley, 1999 Containing more than 300 articles covering the alphabetical entries P Sh this book also includes articles on significant topics ranging from Paul political theology and the Qur'an to religious liberty salvation history and scholasticism **Christian Worship** Michael N. Jagessar, Stephen Burns, 2014-09-19 Postcolonialism has greatly influenced biblical and theological criticism but has not yet entered the realm of church worship and practice Christian Worship brings the insights of postcolonial thinking to the rituals of religious life The book critically analyses liturgical theology through the lens of postcolonialism and explores the challenges of appropriating postcolonial perspectives in Christian worship Ranging from liturgical texts and song to Scripture lectionaries festivals and sacraments this volume offers a fresh approach to liturgy that will be of interest to students of theology seminarians and church practitioners **Christian Memories of the Maccabean Martyrs** D. Joslyn-Siemiatkoski, 2015-10-14 This book examines texts and materials ranging from the eastern Mediterranean to northwestern Europe related to the Maccabean martyrs Joslyn Siemiatkoski demonstrates that Christian thinkers constructed memories of the Maccabean martyrs that simultaneously appropriated Jewish traditions and obscured the Jewish origins of Christianity *No Going Back* Stephen David Smith, Carol Rittner, 2009 **Ostern feiern** Benjamin Leven, Martin Stuflesser, 2013-12-06 Die Liturgiereform brachte weitreichende Veränderungen in den normativen Vorgaben die die gottesdienstliche Praxis regeln Dies gilt auch für die Liturgie der Kar und Ostertage Die konkrete Feier vor Ort ist jedoch mit den Vorgaben liturgischer Bücher und Normen nicht schlechthin identisch Sie entwickelt sich auch unabhängig von den offiziellen Vorschriften weiter Die Beiträge nehmen empirische Daten als Grundlage für eine liturgiewissenschaftliche Reflexion der konkreten Praxis Sie zeigen an lokalen Beispielen Tendenzen und Entwicklungslinien in der Feier des Ostertriduum auf stellen sie in den Kontext aktuell geführter Diskussionen und leisten damit einen Beitrag zur Erforschung der praktischen Rezeptionsgeschichte der Liturgiereform **Preaching After God** Phil Snider, 2012-08-01 Even though the postmodern return of religion is dramatically shaping the future of twenty first century theology its riches for preaching are rarely mined Preaching After God highlights the trajectories of the postmodern return of religion by introducing readers to the positive theological themes stirring in the work of influential philosophers like Jacques Derrida John Caputo and Slavoj Žižek Phil Snider shows how engaging their thought provides possibilities for preaching that highly resonate with postmodern listeners Preachers familiar with the postmodern return of religion will appreciate its homiletical appropriation while those introduced to it for the first time will discover just how much it is helpful for the preaching task Six lectionary based sermons
