

#2-When I bought the car the back doors only opened from the inside which is actually a pretty easy fix but before I could order the new handles someone (dont know who) put the child locks on and now they wont open at all. It is fixable I just havent had the time so if we need the back seat we just use it as a coupe and slide the front seats forward which works out pretty well.

Other than the 2 fixable issues this is a really great first car, work car, or even just a daily driver. She's very reliable and safe. KBB puts the car at \$1,620 in fair condition and \$2,145 in good condition. I feel my asking price is fair but it isnt solid. Shoot me an offer and we'll see if we can make a deal.

Thorson,2024 In The Invented State Emily Thorson argues that a problematic and understudied aspect of political misinformation reflects widespread public misperception about what the government does Because much of public policy is invisible to the public there is fertile ground for false beliefs to flourish leading to the creation of what Thorson terms the invented state systematic misperceptions about public policy However people get the facts wrong not because they are lazy stupid or blinded by partisan loyalty Rather misperceptions are created when three conditions are met when citizens have incomplete information about an issue when their own biases color their understanding of it and when they feel that the issue is important In other words the invented state is created not just by exposure to explicit misinformation but also by individuals cognitive errors Correcting these policy misperceptions is highly effective at reducing false beliefs In addition providing people with corrective information has downstream effects on attitudes When they learn how policies including Social Security refugee policy and the Temporary Assistance for Needy Families program really work their approval of these policies increases and they also shift their policy priorities Contrary to pundits assumptions of a public who is largely indifferent to policy there is a deep public desire to learn basic facts about how the government works Thorson meets that desire with analysis on how the news media can identify and effectively correct substantive policy misperceptions The Invented State not only sheds a new light on how Americans think about policy but can also help to inform evidence based interventions to improve democratic competence *Your Green Abode* Tara Rae Miner,2010-09-27 A down to earth guide to giving your home condo or apartment an eco makeover A Safe Girl to Love Casey Plett,2023-04-04 A new edition of the acclaimed debut story collection by two time Lambda Literary Award winner Casey Plett By the author of *Little Fish* and *A Dream of a Woman* eleven unique short stories featuring young trans women stumbling through loss sex harassment and love in settings ranging from a rural Mennonite town to a hipster gay bar in Brooklyn These stories shiny with whiskey and prairie sunsets rattling subways and neglected cats show that growing up as a trans girl can be charming funny frustrating or sad but will never be predictable A Safe Girl to Love winner of the Lambda Literary Award for transgender fiction was first published in 2014 Now back in print after a long absence this new edition includes an afterword by the author This publication meets the EPUB Accessibility requirements and it also meets the Web Content Accessibility Guidelines WCAG AA It is screen reader friendly and is accessible to persons with disabilities A Simple book with few images which is defined with accessible structural markup This book contains various accessibility features such as alternative text for images table of contents page list landmark reading order and semantic structure **Stylish Sheds and Elegant Hideaways** Debra
