Beginning with the magic lantern and continuing through the dominance of the internet Chasar follows poetry's travels off the page into new media formats including silent film sound film and television Mass and nonprint media have not stolen poetry's audience he contends but have instead given people even more ways to experience poetry Examining the use of canonical as well as religious and popular verse forms in a variety of genres Chasar also traces how poetry has helped negotiate and legitimize the cultural status of emergent media Ranging from Citizen Kane to Leave It to Beaver to best selling Instapoet Rupi Kaur this book reveals poetry's ability to find new audiences and meanings in media forms with which it has often been thought to be incompatible Illuminating poetry's surprising multimedia history Poetry Unbound offers a new paradigm for understanding poetry's still evolving place in American culture Continuous Sales Improvement Eric Lofholm, 2021-07-06 What's the secret to succeeding at sales In Continuous Sales Improvement master sales trainer Eric Lofholm reveals the simple but powerful strategy he's taught to tens of thousands of students that anyone can use to improve their sales performance Eric's message is that those who are not good at sales can become good and those who are already good can become great simply by making small continuous improvements in four key areas self improvement sales skills product and service knowledge and technology He gives readers a game plan for making improvements in each of these areas and provides hundreds of detailed strategies practical exercises and actionable instructions to use immediately to begin improving sales results Each chapter includes a convenient at a glance summary and there's a quick review guide so that readers can easily use Continuous Sales Improvement as an ongoing reference Continuous Sales Improvement includes case studies from legendary figures in the history of sales plus interviews with some of today's top performers It also includes tips for selling in specific industries including real estate insurance financial services and network marketing Those who are a salesperson a sales trainer or just a business owner who wants better sales results Continuous Sales Improvement is a must have **Technologies of Speculation** Sun-ha Hong, 2020-07-28 An inquiry into what we can know in an age of surveillance and algorithms Knitting together contemporary technologies of datafication to reveal a broader underlying shift in what counts as knowledge Technologies of Speculation reframes today's major moral and political controversies around algorithms and artificial intelligence How many times we toss and turn in our sleep our voluminous social media activity and location data our average resting heart rate and body temperature new technologies of state and self surveillance promise to re-enlighten the black boxes of our bodies and minds But Sun-ha Hong suggests that the burden to know and to digest this information at alarming rates is stripping away the liberal subject that knows for themselves and risks undermining the pursuit of a rational public What we choose to track and what kind of data is extracted from us shapes a society in which my own experience and sensation is increasingly overruled by data driven systems From the rapidly growing Quantified Self community to large scale dragnet data collection in the name of counter terrorism and drone warfare Hong argues that data's promise of objective truth results in new cultures of speculation In his analysis of the Snowden affair Hong demonstrates an

entirely new way of thinking through what we could know and the political and philosophical stakes of the belief that data equates to knowledge When we simply cannot process all the data at our fingertips he argues we look past the inconvenient and the complicated to favor the comprehensible In the process racial stereotypes and other longstanding prejudices re enter our newest technologies by the back door Hong reveals the moral and philosophical equations embedded into the algorithmic eye that now follows us all
