

The background image shows a worker from a high-angle perspective. The worker is wearing a blue long-sleeved shirt, a bright orange hard hat with a reflective white stripe, and white work gloves. They are positioned over a series of industrial valves with large, spoked handwheels. The valves are made of a light-colored metal, possibly aluminum or stainless steel, and are installed in a pipe system. The ground around the valves appears to be gravel or a similar coarse material. In the upper right corner, there is a solid orange rectangular area containing the word 'CRANE' in a white-bordered box. In the lower right, there are several overlapping technical documents. One document has the word 'CRANE' at the top and some text about pressure drop. Another document shows a technical drawing with a grid and lines. A third document at the bottom right shows a graph with a curve and axes labeled 'f' and 'T'.
