Creating Wealth And Poverty In Postsocialist China Studies In Social Inequality

Deborah Davis, Feng Wang

Creating Wealth And Poverty In Postsocialist China Studies In Social Inequality:

Creating Wealth and Poverty in Postsocialist China Deborah Davis, Feng Wang, 2008-12-09 The Chinese economy's return to commodification and privatization has greatly diversified China's institutional landscape. With the migration of more than 140 million villagers to cities and rapid urbanization of rural settlements it is no longer possible to presume that the nation can be divided into strictly urban or rural classifications. *Creating Wealth and Poverty in Postsocialist China* draws on a wide variety of recent national surveys and detailed case studies to capture the diversity of postsocialist China and identify the contradictory dynamics forging contemporary social stratification. Focusing on economic inequality, social stratification, power relations, and everyday life chances, the volume provides an overview of postsocialist class order and contributes to current debates over the forces driving global inequalities. This book will be a must read for those interested in social inequality, stratification, class formation, postsocialist transformations, and China and Asian studies.

Creating Wealth and Poverty in Postsocialist China Deborah Davis, Feng Wang, 2009 Presents an up to date look at the social processes and consequences of China's rapid economic growth.

Socialism Vanquished, Socialism Challenged Nina Bandelj, Dorothy J. Solinger, 2012-09-27 This volume examines the 20 year aftermath of the 1989 assaults on established state sponsored socialism in the former Soviet bloc and in China. It brings together prominent experts on Eastern Europe and China to examine the respective trajectories of political, economic and social transformations that unfolded in these two areas while also comparing the changes that ensued within the two regions.

Social Class and Changing Families in an Unequal America Marcia J. Carlson, Paula England, 2011-06-21 American families are far more diverse and complex today than they were 50 years ago. As ideas about marriage, divorce, and remarriage have changed, so too have our understandings about cohabitation, childbearing, parenting, and the transition to adulthood. Americans of all socioeconomic backgrounds have witnessed changes in the nature of family life, but as this book reveals, these changes play out in very different ways for the wealthy or well off than they do for the poor. *Social Class and Changing Families in an Unequal America* offers an up to the moment assessment of the condition of the family in an era of growing inequality. Highlighting unique aspects of family behavior, it reveals the degree to which families' varying experiences are shaped by social class. This book offers a much needed assessment of contemporary family life amid the turbulent economic changes in the United States.

Broke Katherine Porter, 2012-01-11 About 15 million households filed bankruptcy in the last year, making bankruptcy as common as college graduation and divorce. The recession has pushed more and more families into financial collapse with unemployment, declines in retirement wealth, and falling house values destabilizing the American middle class. *Broke* explores the consequences of this unprecedented growth in consumer debt and shows how excessive borrowing undermines the prosperity of middle class America. While the recession that began in mid 2007 has widened the scope of the financial pain caused by overindebtedness, the problem predated that large scale economic meltdown. And by all indicators, consumer debt

will be a defining feature of middle class families for years to come The staples of middle class life going to college buying a house starting a small business carry with them more financial risk than ever before requiring more borrowing and new riskier forms of borrowing This book reveals the people behind the statistics looking closely at how people get to the point of serious financial distress the hardships of dealing with overwhelming debt and the difficulty of righting one's financial life In telling the stories of financial failures this book exposes an all too real part of middle class life that is often lost in the success stories that dominate the American economic narrative Authored by experts in several disciplines including economics law political science psychology and sociology Broke presents analyses from an original proprietary data set of unprecedented scope and detail the 2007 Consumer Bankruptcy Project Topics include class status home ownership educational attainment impacts of self employment gender differences economic security and the emotional costs of bankruptcy The book makes judicious use of illustrations to present key findings and concludes with a discussion of the implications of the data for contemporary policy debates

China's Geography Gregory Veeck, Clifton W. Pannell, Xiaoping Shen, Youqin Huang, 2021-04-07 Despite China's clear and growing importance on the world stage it remains often and easily misunderstood Indeed there are many Chinas as this comprehensive survey the most current and authoritative introduction available vividly illustrates Now in a thoroughly revised and updated edition this text traces the changes occurring in this powerful and ancient nation across both time and space Beginning with China's diverse landscapes and environments and continuing through its formative history and tumultuous recent past the authors show contemporary China as a product of both internal and external forces They consider historical and current successes and difficulties including economic political cultural and environmental challenges while placing China in its international context as a massive developing diverse nation that is meeting the needs of its 1.4 billion citizens while becoming an aggressive major regional and global player Through clear prose and 160 insightful maps tables and photos China's Geography illustrates and explains the great economic political and social differences found throughout China's many regions Accompanying the book is a companion website that provides a wealth of additional materials including sample lectures color versions of all the graphics time series and provincial data files for student projects in Excel lists of favorite films and websites and public domain maps for student use

Population in China Nancy E. Riley, 2016-12-16 China is home to a fifth of the world's inhabitants For the last several decades this huge population has been in flux fertility has fallen sharply mortality has declined and massive rural to urban migration is taking place The state has played a direct role in these changes seeing population control as an important part of its intention to modernize the country In this insightful new work Nancy E Riley argues that China's population policies and outcomes are not simply imposed by the state onto an unresponsive citizenry but have arisen from the social organization of China over the past sixty years Riley demonstrates how China's population and population policy are intertwined and interact with other social and economic features Riley also examines the unintended consequences of state directives including the

extraordinary number of missing girls the rapid aging of the population and an increase in inequality particularly between rural and urban residents Ultimately Chinas demographic story has to be understood as a complex multi pieced phenomenon This book will be essential reading for researchers and students of China and social demography as well as non specialists interested in the changing nature of Chinas population

Handbook on Class and Social Stratification in China Yingjie Guo,2016-01-29 This comprehensive and interdisciplinary Handbook illustrates the patterns of class transformation in China since 1949 situating them in their historical context Presenting detailed case studies of social stratification and class formation in a wide range of settings the expert international contributors provide invaluable insights into multiple aspects of China s economy polity and society The Handbook on Class and Social Stratification in China explores critical contemporary topics which are rarely put in perspective or schematized therefore placing it at the forefront of progressive scholarship These include state power as a determinant of life chances women s social mobility in relation to marriage the high school entrance exam as a class sorter class stratification in relation to health China s rural migrant workers and labour politics Eminently readable this systematic exploration of class and stratification will appeal to scholars and researchers with an interest in class formation status attainment social inequality mobility development social policy and politics in China and Asia

China's Economic Dynamics Jun Li,Liming Wang,2013-12-17 Although Chinese economic growth continues strong and although China coped very well with the recent global crisis the Chinese economy faces many challenges including how to sustain growth how to rebalance the economy towards more domestic consumption how to accommodate rising wages growing social and regional inequality and how to reform financial and monetary policies This book examines the key challenges currently facing the Chinese economy It considers Chinas increasing global impact discusses the institutional drivers of China s economic growth assesses critically China s need for structural reform and explores issues related to sustainability and human rights

Leftover Women Leta Hong Fincher,2023-11-02 A China Books Review Best China Book of 2023 Leta Hong Fincher s landmark book *Leftover Women* shone a light on the resurgence of gender inequality in 21st century China Ten years on women in China continue to experience a dramatic rolling back of rights and gains in the increasingly patriarchal political climate of the Xi Jinping era *Leftover Women* explores the structural discrimination against women and the broader problems with China s economy politics and development that lie behind it This updated edition includes a new preface exploring developments in China in the 10 years since the book s original publication including the new three child policy the growth in online feminist and LGBTQ activism and the state s increasingly repressive moves against dissent

Handbook of Protest and Resistance in China Teresa Wright,2019 Featuring contributions from top scholars and emerging stars in the field the Handbook of Protest and Resistance in China captures the complexity of protest and dissent in contemporary China while simultaneously exploring a number of unifying themes Examining how when and why individuals and groups have engaged in contentious acts and how the targets of their complaints have responded the

volume sheds light on the stability of China's existing political system and its likely future trajectory

Labour Law and Social Progress Roger Blanpain, Frank Hendrickx, 2016-04-22 For forty years the international watchword has been deregulation of labour law and of social security. Now however the rise in unemployment and lack of employment security, the dizzying inequality gulf and the environmental disasters and mass migrations caused by this deregulation are generating an impetus that defines social justice no longer merely in terms of the equitable distribution of resources but also and often primarily in terms of the just recognition of persons. This collection of incisive essays recognizes that the growing interdependence of all of the people of the earth demands that labour rights are understood as an aspect of human rights and thus envisaged at the international level. Contributions by twenty outstanding labour law scholars from a range of countries worldwide provide in depth analysis of such aspects of the debate as the following: collective action in the interests of market effectiveness as well as fair outcomes for workers; right to strike; resilience of trade unions and collective bargaining as mechanisms of labour market regulation; importance of national policy despite the influence of global market forces in shaping national outcomes; work as the locus of the relationship between humans and nature; search for a legal foundation for corporate social responsibility; litigation as an alternative to collective bargaining; the role of collective labour relations for immigrants and disabled people; lessons that developed countries could learn from mechanisms pioneered in developing countries in coping with conditions of austerity and the trap of soft law; and of declarations of intent that weigh lightly in the face of the power of the interests at play in international trade. The essays take stock of the dimensions of the current situation and also explore paths leading to a better achievement of social justice in labour law. These essays recognize that economic development and the pursuit of social justice are interwoven in a quest for social progress that includes mechanisms designed to eliminate unjustifiable inequality. For lawyers and other parties committed to the emerging political will to not only respect fundamental rights but more broadly improve labour and environmental protection, this book opens abundant avenues that can be pursued in practice and in policy. The volume is based on a selection of papers presented at the 21st World Congress of the International Society for Labour and Social Security Law in Cape Town in 2015.

Welfare, Work, and Poverty Qin Gao, 2017 Introduction Background inception and development Thresholds financing and beneficiaries Targeting performance Anti poverty effectiveness From welfare to work Family expenditures and human capital investment Social participation and subjective well being What next policy solutions and research directions References Acknowledgements

The Chinese Pursuit of Happiness Becky Yang Hsu, Richard Madsen, 2019-09-24 What defines happiness and how can we attain it? The ways in which people in China ask and answer this universal question tell a lot about the tensions and challenges they face during periods of remarkable political and economic change. Based on a five year original study conducted by a select team of China experts, *The Chinese Pursuit of Happiness* begins by asking if Chinese citizens' assessment of their life is primarily a judgment of their social relationships. The book shows how different dimensions

of happiness are manifest in the moral and ethical understandings that embed individuals in specific communities Vividly describing the moral dilemmas experienced in contemporary Chinese society the rituals of happiness performed in modern weddings the practices of conviviality carried out in shared meals the professional tensions confronted by social workers and the hopes and frustrations shared by political reformers the contributors to this important study illuminate the causes of anxiety and reasons for hope in China today

Chinese Identities on Screen Klaus Mühlhahn, Clemens von Haselberg, 2012 Since 1978 the changes brought on by China's reforms have had an inevitable and significant impact on the development of literature the arts and the whole spectrum of culture As well contemporary Chinese films have reflected this transition towards commercialization and internationalization which has included constant changes in cultural policies and the economic conditions for film production The articles in this collection argue that contemporary Chinese films display a profound shift in identity construction They explore Chinese identities related to class nation and gender and they highlight aspects of individual identity All of these are marked by contradiction tension multiple versions changes over time and other evidence of contingency and construction The book draws attention to uncertain and unpredictable qualities of Chineseness which are often torn between past and present but are also increasingly comprised of local national and global elements

Series Chinese History and Society Berliner China Hefte Vol 40

Welfare for Autocrats Jennifer Pan, 2020-04-22 What are the costs of the Chinese regime's fixation on quelling dissent in the name of political order or stability In *Welfare for Autocrats* Jennifer Pan shows that China has reshaped its major social assistance program Dibao around this preoccupation turning an effort to alleviate poverty into a tool of surveillance and repression This distortion of Dibao damages perceptions of government competence and legitimacy and can trigger unrest among those denied benefits Pan traces how China's approach to enforcing order transformed at the turn of the 21st century and identifies a phenomenon she calls seepage whereby one policy in this case quelling dissent alters the allocation of resources and goals of unrelated areas of government Using novel datasets and a variety of methodologies *Welfare for Autocrats* challenges the view that concessions and repression are distinct strategies and departs from the assumption that all tools of repression were originally designed as such Pan reaches the startling conclusion that China's preoccupation with order not only comes at great human cost but in the case of Dibao may well backfire

Economic and Policy Developments in East Asia Noel Gaston, 2016-01-22 In this collection academics and policy makers from Australia Japan New Zealand and Singapore present research results on a variety of topics based around three key themes macroeconomics and trade labour and social issues and taxes and government spending The chapters are empirically oriented and include both cross country studies and individual country studies They include examinations of key topics such as the problem of corruption the relationship between trade liberalisation and growth and the impact of migration on the Asian welfare state as well as studies of Chinese manufacturing exports and the income volatility of Indonesian banks The scholarship contained in this collection is a crucial resource to

researchers and commentators on the economies in our Asia Pacific region This book was originally published as a special issue of the Journal of the Asia Pacific Economy China's Housing Middle Class Beibei Tang, 2017-10-25 Home ownership plays a significant role in locating the middle class in most western societies associated with market consumerism democracy and people like us the significant features of the middle class for any society In China private home ownership was not the norm from 1949 when the Chinese Communist Party took power until the 1990s In the past three decades however there has been a fast growing housing consumption and private homeowners have become the most significantly changing aspect of Chinese urban life In particular the rise of gated communities has become a predominant feature of the urban landscape Similar to their western counterparts the gated communities in China exemplify high status symbols with enclosed and restricted residential areas exclusive community parks and recreational facilities and professional management and security services But different from western societies where gated communities usually represent luxurious lifestyles only limited to a small group of people in urban China gated communities have become one major form of supply in the housing market and one of the most popular and desirable choices for homebuyers Private home ownership and residency in gated communities altogether characterize the most significant aspect of comfort living and distinct lifestyles of China's new middle classes who have successfully got ahead in the socialist market economy This book examines the formation of China's housing middle class It develops a theoretical argument about and provides empirical evidence of the heterogeneity of China's new middle class which underlines the relations between the state market and life chances under a socialist market economy As such it will be of huge interest to students and scholars of Chinese society sociology and politics Neo-Socialist Property Rights Cheuk-Yuet Ho, 2015-07-15 Neo Socialist Property Rights The Predicament of Housing Ownership in China examines how urban dwellers practices of acquiring and defending property rights reshape state property family relationality in China Ubiquitous housing ownership has emerged together with a pervasive yet particularized rights discourse and practice in the past two decades Ho Cheuk Yuet considers them to be a condensation and vindication of the principles of family values and emergent neo socialist governance However there are manifested and latent contradictions between rights as interests and rights as a moral principle This book concludes that private property rights are at once enabling and disabling when understood in the light of both the rigorous pursuit of well being in a market economy and the contestation by those who resist forced eviction or the infringement of owners rights In this book Ho provides rarely available ethnographic record of the encounters between evictees and evictors engaged in housing demolition and approaches the topic of urban housing ownership from the investing perspective in contrast to most anthropologists consumption focus analysis Neo Socialist Property Rights links property rights practice to the broader human rights discourse as both a working hypothesis and a historical question **Polarized Cities** Dorothy J. Solinger, 2018-09-14 This powerful book presents a fresh and compelling set of portraits that bring to life the human dimension of the vast and growing social and economic divides in urban China

Leading scholars explore the increasing rigidity of class and social boundaries focusing on two new castes in contemporary China's cities: the immensely wealthy and the abjectly poor. Much has been made of the rise in incomes, the elimination of much rural poverty, and the expansion of an urban middle class over almost forty years of spectacular economic growth. But what often has been overlooked is the polarization, exclusion, and exclusiveness in cities that have accompanied this rise, along with the threat that these trends will extend to future generations. The book considers five cases that emblemize these castes and depict their varying degrees of agency. Highlighting the social groups at opposite ends of the social hierarchy, the contributors illuminate the growing inequality in urban China today.

Creating Wealth And Poverty In Postsocialist China Studies In Social Inequality Introduction

Creating Wealth And Poverty In Postsocialist China Studies In Social Inequality Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Creating Wealth And Poverty In Postsocialist China Studies In Social Inequality Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Creating Wealth And Poverty In Postsocialist China Studies In Social Inequality : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Creating Wealth And Poverty In Postsocialist China Studies In Social Inequality : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Creating Wealth And Poverty In Postsocialist China Studies In Social Inequality Offers a diverse range of free eBooks across various genres. Creating Wealth And Poverty In Postsocialist China Studies In Social Inequality Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Creating Wealth And Poverty In Postsocialist China Studies In Social Inequality Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Creating Wealth And Poverty In Postsocialist China Studies In Social Inequality, especially related to Creating Wealth And Poverty In Postsocialist China Studies In Social Inequality, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Creating Wealth And Poverty In Postsocialist China Studies In Social Inequality, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Creating Wealth And Poverty In Postsocialist China Studies In Social Inequality books or magazines might include. Look for these in online stores or libraries. Remember that while Creating Wealth And Poverty In Postsocialist China Studies In Social Inequality, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Creating Wealth And Poverty In Postsocialist China Studies In Social Inequality eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain

books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Creating Wealth And Poverty In Postsocialist China Studies In Social Inequality full book, it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Creating Wealth And Poverty In Postsocialist China Studies In Social Inequality eBooks, including some popular titles.

FAQs About Creating Wealth And Poverty In Postsocialist China Studies In Social Inequality Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Creating Wealth And Poverty In Postsocialist China Studies In Social Inequality is one of the best book in our library for free trial. We provide copy of Creating Wealth And Poverty In Postsocialist China Studies In Social Inequality in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Creating Wealth And Poverty In Postsocialist China Studies In Social Inequality. Where to download Creating Wealth And Poverty In Postsocialist China Studies In Social Inequality online for free? Are you looking for Creating Wealth And Poverty In Postsocialist China Studies In Social Inequality PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another Creating Wealth And Poverty In Postsocialist China Studies In Social Inequality. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this. Several of Creating Wealth And Poverty In Postsocialist China Studies In Social Inequality are for sale to free while some are payable. If you arent sure if the books you would like to download works with for usage along with your computer, it is possible to download free trials. The free guides make it easy

for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories.
