

A nighttime photograph of the CityCenter towers in Las Vegas. The two towers are illuminated with bright lights, and their facades are covered in a grid of small, glowing lights. In the foreground, a large, colorful fountain is spraying water upwards, creating a vibrant display of colors. The sky is dark, and several fireworks are exploding in the upper left corner, adding to the festive atmosphere.

**The Strip** Stefan Al, 2017-03-03 The

transformations of the Strip from the fake Wild West to neon signs twenty stories high to starchitecture and how they mirror America itself The Las Vegas Strip has impersonated the Wild West with saloon doors and wagon wheels it has decked itself out in midcentury modern sleekness It has illuminated itself with twenty story high neon signs then junked them After that came Disney like theme parks featuring castles and pirates followed by replicas of Venetian canals New York skyscrapers and the Eiffel Tower It might be noted that forty two million people visited Las Vegas in 2015 ten million more than visited the real Paris More recently the Strip decided to get classy with casinos designed by famous architects and zillion dollar collections of art Las Vegas became the implosion capital of the world as developers driven by competition got rid of the old to make way for the new offering a non metaphorical definition of creative destruction In The Strip Stefan Al examines the many transformations of the Las Vegas Strip arguing that they mirror transformations in America itself The Strip is not as popularly supposed a display of architectural freaks but representative of architectural trends and a record of social cultural and economic change Al tells two parallel stories He describes the feverish competition of Las Vegas developers to build the snazziest most tourist grabbing casinos and resorts with a cast of characters including the mobster Bugsy Siegel the eccentric billionaire Howard Hughes and the would be political kingmaker Sheldon Adelson And he views the Strip in a larger social context showing that it has not only reflected trends but also magnified them and sometimes even initiated them Generously illustrated with stunning color images throughout The Strip traces the many metamorphoses of a city that offers a vivid projection of the American dream

Lodging ,2006      The Postcolonial Condition of Architecture in Asia Francis Chia-Hui Lin,2022-02-16 This book provides a bidirectional investigation of Asia s spatiotemporality by asking how Asia is located and how localities are Asianized Historical and theoretical inquiries into architecture and urbanism in order to trace a notional common divisor are integrated with readings of this Asian imagery Such a common divisor is conditioned to Asia s phenomenal postcolonial subjectivation and showcases Asia s unique character This book contends that the postcolonial condition of architecture in Asia suggests a potential and critical bridge to better understanding of the region Theoretically display ness is a strategic and allegoric carrier that is in the focus of this book in order to emphasize the quality of display in a broader sense of time and space Asia s architectural and urban spectacle thus is meaningfully magnified and intensified with this notion of display ness to ground the cohesive abstraction among ideological discourse production innovative theorizations and empirical phenomena in contemporary scholarship      **The New York Times Magazine** ,2005

Chicago ,2007      The Story of Post-Modernism Charles Jencks,2012-05-25 In The Story of Post Modernism Charles Jencks the authority on Post Modern architecture and culture provides the defining account of Post Modern architecture from its earliest roots in the early 60s to the present day By breaking the narrative into seven distinct chapters which are both chronological and overlapping Jencks charts the ebb and flow of the movement the peaks and troughs of different ideas and themes The book is highly visual As well as providing a chronological account of the movement each chapter also has a

special feature on the major works of a given period The first up to date narrative of Post Modern Architecture other major books on the subject were written 20 years ago An accessible narrative that will appeal to students who are new to the subject as well as those who can remember its heyday in the 70s and 80s      **The Evolution of American Urban Society** Howard P. Chudacoff, Judith Smith, Peter Baldwin, 2016-05-23 This interesting and informative book shows how different groups of urban residents with different social economic and political power cope with the urban environment struggle to make a living participate in communal institutions and influence the direction of cities and urban life An absorbing book The Evolution of American Urban Society surveys the dynamics of American urbanization from the sixteenth century to the present skillfully blending historical perspectives on society economics politics and policy and focusing on the ways in which diverse peoples have inhabited and interacted in cities Key topics Broad coverage includes the Colonial Age commercialization and urban expansion life in the walking city industrialization newcomers city politics the social and physical environment the 1920s and 1930s the growth of suburbanization and the future of modern cities Market An interesting and necessary read for anyone involved in urban sociology including urban planners city managers and those in the urban political arena      **World Architecture** ,2002      **Street-Level Architecture** Conrad Kickert, Hans Karssenber, 2022-08-04 This book provides the tools to maintain and rebuild the interaction between architecture and public space Despite the best intentions of designers and planners interactive frontages have dwindled over the past century in Europe and North America This book demonstrates why even our best intentions for interactive frontages are currently unable to turn a swelling tide of economic and technological evolution land consolidation introversion stratification and contagious decline It uses these lessons to offer concrete locational programming design and management strategies to maximize street level interaction and trust between street level architecture its inhabitants and the city This book demonstrates that designers developers planners and managers ultimately have to create the right preconditions for inhabitants and passersby to bring frontages to life These preconditions connect architecture to its urban social economical and technological context Only the right frontage in the right context with the right design the right inhabitation and the right attitude to the city will become part of the ecosystem of trust and interaction that supports public life This book empowers the many participants in this ecosystem to build inhabit and enjoy truly urbane architecture      **International Gaming & Wagering Business** ,2007      **Introduction to Sociology: Canadian Version** George Ritzer, Neil Guppy, 2013-07-25 While providing a rock solid foundation of sociology Introduction to Sociology Canadian Version by renowned sociologists George Ritzer and Neil Guppy illuminates traditional sociological concepts and theories as well as some of today s most compelling social phenomena Globalization consumer culture and the Internet Ritzer and Guppy bring students into the conversation by bridging the divide between the outside world and the classroom The international version of the book by Ritzer has been redesigned with an explicitly Canadian core The result is this compelling Canadian version

featuring George Ritzer's distinctive voice and style blended with Neil Guppy's definitive views on Canadian sociology highlighting the place of Canada in a globalizing world

**A Critical History of Contemporary Architecture** Dr Elie G Haddad, Asst Prof David Rifkind, Ms Sarah Deyong, 2014-03-28 This book provides a comprehensive critical overview of the developments in architecture from 1960 to 2010 The first section provides a presentation of major movements in architecture after 1960 and the second a geographic survey that covers a wide range of territories around the world This book not only reflects the different perspectives of its various authors but also charts a middle course between the aesthetic histories that examine architecture solely in terms of its formal aspects and the more ideological histories that subject it to a critique that often skirts the discussion of its formal aspects
