Oscar Wilde 1854-1900 was an Irish writer and poet. After writing in different forms throughout the 1880s, he became one of London's most popular playwrights in the early 1890s. Today he is remembered for his epigrams and plays and the circumstances of his imprisonment, which was followed by his early death. At the turn of the 1890s, he refined his ideas about the supremacy of art in a series of dialogues and essays and incorporated themes of decadence, duplicity, and beauty into his only novel, *The Picture of Dorian Gray* (1890). The opportunity to construct aesthetic details precisely and combine them with larger social themes drew Wilde to write drama. He wrote *Salome* (1891) in French in Paris, but it was refused a licence. Unperturbed, Wilde produced four society comedies in the early 1890s, which made him one of the most successful playwrights of late Victorian London. At the height of his fame and success, while his masterpiece *The Importance of Being Earnest* (1895) was still on stage in London, Wilde had the Marquess of Queensberry, the father of his lover Lord Alfred Douglas, prosecuted for libel, a charge carrying a penalty of up to two years in prison. The trial unearthed evidence that caused Wilde to drop his charges and led to his own arrest and trial for gross indecency with other men. After two more trials, he was convicted and imprisoned for two years' hard labour. In 1897, in prison, he wrote *De Profundis*, which was published in 1905 as a long letter which discusses his spiritual journey through his trials, forming a dark counterpoint to his earlier philosophy of pleasure. Upon his release, he left immediately for France, never to return to Ireland or Britain. There, he wrote his last work, *The Ballad of Reading Gaol* (1898), a long poem commemorating the harsh rhythms of prison life. He died destitute in Paris at the age of forty-six.
