students Whether new to the profession or seasoned educators faculty will find new ideas to invigorate and diversify their pedagogical approaches *From Leader-Centricity Toward Leadership* Perttu Salovaara, 2011-11-07 *Mitchell's Point* George E. Monroe, Ph.D., 2002-02-01 The purpose of this book is to share a revelation The information on which this revelation is based came from the Universal Mind God It came in whispers It came through dreams It came when experiencing the heightened awareness of meditation or hypnotic trance or mental imagery It was often received in the form of startling intuition The vehicle for presenting this revelation is the story of one person's developmental journey from simple consciousness to cosmic awareness The main character Gregg arrives at a potent juncture in his life where all the negatives and positives seem to feed into a central purpose The more he learns the more he is able to see Events in his life that are no coincidence become ever more frequent and lead him to significant discoveries These discoveries accumulate and one day they result in a powerful flash of insight that he instantly knows is something vitally important for peace in the world and the ultimate survival of human life **Riding with the Phoenix** George E. Monroe Ph.D., 2014-08-22 This book contains several different levels of meaning each with its own episodes of adventure intrigue and message The levels of discourse also can be seen as various stages in the sojourn of the main character Gregg from simple consciousness to cosmic awareness Several vehicles help Gregg reach his epiphanies including dreams meditation coincidences and two near death experiences A visit to Greece that included stops at the Delphic Oracles historic site and Agamemnon's tomb greatly expanded his perceptive abilities While standing inside the beehive shaped tomb he felt he had been slammed through a time warp to a new level of awareness which he would later describe as holographic awareness The group dynamics revelation that he divined or rediscovered through intuition dreams and meditation is certainly important enough in itself as it sheds light on many of the social ills of our day But the real power and value of this book is that it demonstrates how one person can and does reach higher levels of awareness and being Riding with the Phoenix provides fresh insights on and linkages to new research and understanding about human awareness It serves as a metaphor for the increasing consciousness of the entire human species so necessary in these times of the augmenting and unresolved transboundary and transcultural dilemmas that we face

Democracy and Education John Dewey, 1916 In this book Dewey tries to criticize and expand on the educational philosophies of Rousseau and Plato Dewey's ideas were seldom adopted in America's public schools although a number of his prescriptions have been continually advocated by those who have had to teach in them *John Dewey and the Paradox of Liberal Reform* William Andrew Paringer, 1990-07-05 This book provides a fresh critique of John Dewey and the progressive tradition and warns against the superficial renaissance of Deweyan philosophy present in many of today's modern liberal educational reform movements Challenging the four pillars of Dewey's pragmatism science nature democracy experience Paringer argues for a critical or radical education praxis that more sensitively comes to grips with the difficulties of the nuclearized postmodern world Women in Pragmatism: Past, Present and Future Núria Sara Miras Boronat, Michela

Bella,2022-07-07 This book offers a selection of the papers of the Women in Pragmatism International Conference held at the University of Barcelona in January 2020 The conference gathered women and non binary scholars from twelve different countries This was the first pragmatist conference organized entirely by women and non binary persons It has initiated a stable network of mentoring and support analogous to other women philosophers organizations The book provides paths to reconstruct the roots of pragmatism integrating the works of women pragmatists of the past and linking them to the current developments of feminist and pragmatist topics Scholars of different countries status and backgrounds serve as a powerful example of the trend toward interdisciplinary cooperation and versatility we might expect for the future of pragmatism The book is of interest for scholars interested in both pragmatism and feminism from various perspectives ranging from psychology to semiotics logic and sociology wishing to expand their horizons and understand their relevant interactions

John Rawls and American Pragmatism Daniele Botti,2019-10-11 The textual and contextual connections between John Rawls s intellectual figure and American pragmatism broadly conceived have become topics of discussion only recently This is at least in part due to the fact that Rawls seemed to have taken a pragmatic turn in his intellectual trajectory from A Theory of Justice 1971 to Political Liberalism 1993 John Rawls and American Pragmatism Between Engagement and Avoidance intervenes in these discussions with two unconventional claims corroborated by archival research First Daniele Botti shows that Rawls s thinking owes more to the American pragmatists views than is generally recognized Second and in the light of the pragmatist sources of Rawls s thinking Botti argues that we should reverse the common narrative about Rawls s alleged pragmatic turn and interpret it as a quite un pragmatic one By making the case for interpreting Rawls as an American pragmatist this book profoundly transforms not only a widely held interpretation about Rawls s intellectual trajectory but also our understanding of American philosophical vicissitude in the second half of the twentieth century
