Democracy And The Left Social Policy And Inequality In Latin America:

Democracy and the Left Evelyne Huber, John D. Stephens, 2012-09 Although inequality in Latin America ranks among the worst in the world it has notably declined over the last decade offset by improvements in health care and education enhanced programs for social assistance and increases in the minimum wage In *Democracy and the Left* Evelyne Huber and John D. Stephens argue that the resurgence of democracy in Latin America is key to this change In addition to directly affecting public policy democratic institutions enable left leaning political parties to emerge significantly influencing the allocation of social spending on poverty and inequality But while democracy is an important determinant of redistributive change it is by no means the only factor Drawing on a wealth of data Huber and Stephens present quantitative analyses of eighteen countries and comparative historical analyses of the five most advanced social policy regimes in Latin America showing how international power structures have influenced the direction of their social policy They augment these analyses by comparing them to the development of social policy in democratic Portugal and Spain The most ambitious examination of the development of social policy in Latin America to date *Democracy and the Left* shows that inequality is far from intractable a finding with crucial policy implications worldwide *The Oxford Handbook of the Sociology of Latin America* Xochitl Bada, Liliana Rivera-Sánchez, 2021-04-09 The sociology of Latin America established in the region over the past eighty years is a thriving field whose major contributions include dependence theory world systems theory and historical debates on economic development among others The *Oxford Handbook of the Sociology of Latin America* provides research essays that introduce the readers to the discipline's key areas and current trends specifically with regard to contemporary sociology in Latin America as well as a collection of innovative empirical studies deploying a variety of qualitative and quantitative methodologies The essays in the Handbook are arranged in eight research subfields in which scholars are currently making significant theoretical and methodological contributions Sociology of the State Social Inequalities Sociology of Religion Collective Action and Social Movements Sociology of Migration Sociology of Gender Medical Sociology and Sociology of Violence and Insecurity Due to the deterioration of social and economic conditions as well as recent disruptions to an already tense political environment these have become some of the most productive and important fields in Latin American sociology This roiling sociopolitical atmosphere also generates new and innovative expressions of protest and survival which are being explored by sociologists across different continents today The essays included in this collection offer a map to and a thematic articulation of central sociological debates that make it a critical resource for those scholars and students eager to understand contemporary sociology in Latin America **Latin American Politics and Society** Gerardo L. Munck, Juan Pablo Luna, 2022-06-09 Taking a fresh thematic approach to politics and society in Latin America this introductory textbook analyzes the region's past and present in an accessible and engaging style well suited to undergraduate students The book provides historical insights into modern states and critical issues they are facing with insightful analyses that are supported

by empirical data maps and timelines Drawing upon cutting edge research the text considers critical topics relevant to all countries within the region such as the expansion of democracy and citizenship rights and responses to human rights abuses corruption and violence Each richly illustrated chapter contains a compelling and cohesive narrative followed by thought provoking questions and further reading suggestions making this text a vital resource for anyone encountering the complexities of Latin American politics for the first time in their studies

Handbook on the Political Economy of Social Policy Bent Greve, Amílcar Moreira, Minna van Gerven, 2024-05-02 Research in social policy has been greatly influenced by the emergence of modern political economy in the late 1970s The Handbook on the Political Economy of Social Policy offers a systematic yet comprehensive framework for understanding how concepts theoretical standpoints and methodological approaches stemming from political economy have been applied to the study of social policies and models of welfare provision The authors also signpost current developments and discuss their likely impact on future research

Achieving Access Joseph Harris, 2017-09-15 At a time when the world's wealthiest nations struggle to make health care and medicine available to everyone why do resource constrained countries make costly commitments to universal health coverage and AIDS treatment after transitioning to democracy Joseph Harris explores the dynamics that made landmark policies possible in Thailand and Brazil but which have led to prolonged struggle and contestation in South Africa Drawing on firsthand accounts of the people wrestling with these issues *Achieving Access* documents efforts to institutionalize universal healthcare and expand access to life saving medicines in three major industrializing countries In comparing two separate but related policy areas Harris finds that democratization empowers elite professionals such as doctors and lawyers to advocate for universal health care and treatment for AIDS Harris's analysis is situated at the intersection of sociology political science and public health and will speak to scholars with interests in health policy comparative politics social policy and democracy in the developing world In light of the growing interest in health insurance generated by implementation of the Affordable Care Act as well as the coming changes poised to be made to it *Achieving Access* will also be useful to policymakers in developing countries and officials working on health policy in the United States

The Latin American Crisis and the New Authoritarian State Manuel Larrabure, 2022-12-30 This book provides a fresh interpretation of the rise and fall of Latin America's left turn or movement towards more progressive economic or social policies From a historical and comparative perspective the book argues that Latin America is entering a new phase of authoritarian statism Based on over 10 years of research on Latin American political economy and social movements including years of fieldwork in Chile Brazil Venezuela and Argentina this book combines the stories of individuals and groups in particular situations with the macro level political and economic trajectory of the region since the postwar period The book draws on over 100 interviews with community activists workers union leaders politicians journalists and NGOs as well as archival work In addition the book uses up to date national and regional economic data including both standard and heterodox development indicators By engaging with key case studies

including Argentina's recovered enterprises Chile's student movement Brazil's free transit movement and Venezuela's popular economy this book analyzes the complex relationship between post capitalist struggles and the governance models of the pink tide the wave of left governments that began to sweep the region at the turn of the century This book will be of interest to researchers across politics development Latin American studies and social movement studies The original data and analysis of the relationship between social movements and governments will also benefit policymakers and those working within the NGO sector

The Inclusionary Turn in Latin American Democracies Diana Kapiszewski, Steven Levitsky, Deborah J. Yashar, 2021-02-04 This volume analyzes how enduring democracy amid longstanding inequality

engendered inclusionary reform in contemporary Latin America

Political Economy Of The Brics Countries, The (In 3 Volumes) , 2020-03-03 Over the past 20 years social scientists government officials and investors have expressed mounting interest in the BRICS countries which include Brazil Russia India China and South Africa These countries are widely viewed as both key actors in the global economy and important regional powers The Political Economy of the BRICS Countries is a three volume set that aims to address various crucial issues regarding these countries Volume 1 analyzes whether economic growth in the BRICS countries has been broad based and promoted equitable economic and social outcomes The authors examine specific dimensions of growth in these five economies that constrain their ability to act effectively and cohesively in international affairs Volume 2 considers how the BRICS have affected global economic governance and the international political economy Volume 3 provides various approaches to economic informality in the BRICS Moreover the chapters deal with several connections between informality and important political economic and institutional phenomena such as economic globalization and international aid economic development political regimes social capital political networks and political participation labor market rules and social policy preferences The BRICS countries have attracted rising attention over the past two decades The volumes provide an in depth analysis of various key issues regarding these countries and chart a course for future research

The Right in Latin America Barry Cannon, 2016-04-14 Most current analysis on Latin American politics has been directed at examining the shift to the left in the region Very little attention however has been paid to the reactions of the right to this phenomenon What kind of discursive policy and strategic responses have emerged among the right in Latin America as a result of this historic turn to the left Have there been any shifts in attitudes to inequality and poverty as a result of the successes of the left in those areas How has the right responded strategically to regain the political initiative from the left And what implications might such responses have for democracy in the region The Right in Latin America seeks to provide answers to these questions while helping to fill a gap in the literature on contemporary Latin American politics Unlike previous studies Barry Cannon's book does not simply concentrate on party political responses to the contemporary challenges for the right in the region Rather he uses a wider more comprehensive theoretical framework grounded in political sociology in recognition of the deep social roots of the right among Latin America's elites in a region

known for its startling inequalities Using Michael Mann s pioneering work on power he shows how elite dominance in the key areas of the economy ideology the military and in transnational relations has had a profound influence on the political strategies of the Latin American right He shows how left governments especially the more radical ones have threatened elite power in these areas influencing right wing strategic responses as a result These responses he persuasively argues can vary from elections through street protests and media campaigns to military coups depending on the level of perceived threat felt by elites from the left In this way Cannon uncovers the dialectical nature of the left right relationship in contemporary Latin American politics while simultaneously providing pointers as to how the left can respond to the challenge of the right s resurgence in the current context of left retrenchment Cannon s multi faceted inter disciplinary approach including original research among right leaning actors in the region makes the book an essential reference not only for those interested in the contemporary Latin American right but for anyone interested in the region s politics at a critical juncture in its history

The Oxford Handbook of Transformations of the State Stephan Leibfried,Evelyne Huber,Matthew Lange,Jonah D. Levy,Frank Nullmeier,John D. Stephens,2015-06-11 This Handbook offers a comprehensive treatment of transformations of the state from its origins in different parts of the world and different time periods to its transformations since World War II in the advanced industrial countries the post Communist world and the Global South Leading experts in their fields from Europe and North America discuss conceptualizations and theories of the state and the transformations of the state in its engagement with a changing international environment as well as with changing domestic economic social and political challenges The Handbook covers different types of states in the Global South from failed to predatory rentier and developmental in different kinds of advanced industrial political economies corporatist statist liberal import substitution industrialization and in various post Communist countries Russia China successor states to the USSR and Eastern Europe It also addresses crucial challenges in different areas of state intervention from security to financial regulation migration welfare states democratization and quality of democracy ethno nationalism and human development The volume makes a compelling case that far from losing its relevance in the face of globalization the state remains a key actor in all areas of social and economic life changing its areas of intervention its modes of operation and its structures in adaption to new international and domestic challenges Latin American Politics and Development Harvey F. Kline,Christine J. Wade,2022-08-23 For over forty years Latin American Politics and Development has kept instructors and students abreast of current affairs and changes in Latin America Now in its tenth edition this authoritative yet accessible introduction has been updated throughout Organized on a country by country basis Latin American Politics and Development offers instructors maximum flexibility in organizing courses Revisions to the Tenth Edition include An updated theoretical framework to explain changes in the region including discussions of electoral systems and political actors Discussions on presidential parliamentary and municipal election cycles throughout the region from 2017 through early 2022 Coverage of the COVID 19

pandemic Examination on the regional decline in democratic norms and practices A look at the impact of the Trump administration on regional relations including the decline in democracy Updates on race Indigenous groups women Afro Latin Americans contemporary social movements religious and other non elite groups **Handbook of Central American Governance** Diego Sanchez-Ancochea, Salvador Martí i Puig, 2013-12-17 Central America constitutes a fascinating case study of the challenges opportunities and characteristics of the process of transformation in today s global economy Comprised of a politically diverse range of societies this region has long been of interest to students of economic development and political change The Handbook of Central American Governance aims to describe and explain the manifold processes that are taking place in Central America that are altering patterns of social political and economic governance with particular focus on the impact of globalization and democratization Containing sections on topics such as state and democracy key political and social actors inequality and social policy and international relations in addition to in depth studies on five key countries Costa Rica Nicaragua El Salvador Honduras and Guatemala this text is composed of contributions from some of the leading scholars in the field No other single volume studies the current characteristics of the region from a political economic and social perspective or reviews recent research in such detail As such this handbook is of value to academics students and researchers as well as to policy makers and those with an interest in governance and political processes **Universal Health Care** Marcia Amidon Lusted, 2019-12-15 Under universal health care all residents of a country would be guaranteed care without incurring financial hardship regardless of income Out of the thirty three countries that are considered developed thirty two have universal health care with the United States being the exception However despite the widespread nature of universal health care its implementation varies between countries Additionally despite its positive health impacts the financial burden it places on governments is a major source of concern This volume helps readers examine this issue through exploring economic political and health considerations taking all sides of the debate into account *Afro-Latin American Studies* Alejandro de la Fuente, 2018-04-26 Examines the full range of humanities and social science scholarship on people of African descent in Latin America **Democratic Quality in Southern Europe** Tiago Fernandes, 2024-05-15 Fueled by new data from the Varieties of Democracy project Democratic Quality in Southern Europe takes a close look at the democratic trajectories of France Greece Italy Portugal and Spain over the past fifty years Despite similar beginnings France Greece Italy Portugal and Spain have experienced significant variations in the way their democracies have evolved Covering ground from the protest movements of the late 60s and early 70s to the challenges that resulted from the financial crisis of the Great Recession editor Tiago Fernandes expertly draws together a collection of essays that look beyond the impact of socioeconomic development in these five countries exploring innovative and nuanced explanations for their diverging paths Democratic Quality in Southern Europe combines new data with classical methodologies to create fresh convincing hypotheses on the development quality and depth of democracy in this critical region Contributors Tiago Fernandes Rui

Branco Jo o Cancela Edna Costa Pedro Diniz de Sousa Pedro T Magalh es Edalina Rodrigues Sanches Jos Santana Pereira
 Tiago Tib rcio **The Uses of Social Investment** Anton Hemerijck, 2017-05-26 The Uses of Social Investment provides the first study of the welfare state under the new post crisis austerity context and associated crisis management politics to take stock of the limits and potential of social investment It surveys the emergence diffusion limits merits and politics of social investment as the welfare policy paradigm for the 21st century seen through the lens of the life course contingencies of the competitive knowledge economy and modern family hood Featuring contributions from leading scholars in the field the volume revisits the intellectual roots and normative foundations of social investment surveys the criticisms that have leveled against the social investment perspective in theory and policy practice and presents empirical evidence of social investment progress together with novel research methodologies for assessing socioeconomic rates of return on social investment Given the progressive admittedly uneven diffusion of the social investment policy priorities across the globe the volume seeks to address the pressing political question as to whether the social investment turn is able to withstand the fiscal austerity backlash that has re emerged in the aftermath of the global financial crisis Comparative Politics Daniele Caramani, 2017 With an unparalleled amount of empirical material this is the most comprehensive introduction to comparative politics written by the leading experts in the field Towards Universal Health Care in Emerging Economies Ilcheong Yi, 2017-02-28 This book explores how political social economic and institutional factors in eight emerging economies have combined to generate diverse outcomes in their move towards universal health care Structured in three parts the book begins by framing social policy as an integral system in its own right The following two parts go on to discuss the opportunities and challenges of achieving universal health care in Thailand Brazil and China and survey the obstacles facing India Indonesia Russia South Africa and Venezuela in the reform of their health care systems The evolution of social policy systems and the cases in this volume together demonstrate that universalism in health care is continuously redefined by the interactions between diverse political forces and through specific policy processes At a time when international and national level discourse around health systems has once again brought universalism to the fore this edited collection offers a timely contribution to the field in its thorough analysis of health care reform in emerging economies **The Resilience of the Latin American Right** Juan Pablo Luna, Crist3bal Rovira Kaltwasser, 2014-09-01 This comparative study of Latin American conservative politics over the past twenty years analyzes right of center actors electoral movements parties and economic policy dynamics Since the late 1990s when Latin American countries began making a turn to the left political parties and candidates on the right end of the partisan spectrum have had a difficult time achieving electoral success Although the left turn can be seen as a natural reaction to the public s general dissatisfaction with the conservative modernization policies of the 1980s and 1990s left of center politics are by no means permanent In The Resilience of the Latin American Right Juan Pablo Luna and Crist bal Rovira Kaltwasser seek to right this view by explaining the strategies conservative political parties have used to maintain a

foothold in the region's electoral and governance processes. The editors provide an analytical framework for conceptualizing the right that works for both historic and contemporary politics and the volume's contributors use the framework to evaluate right of center political activity across the continent. They find that conservative forces are pursuing a range of adaptive strategies including nonelectoral and nonpartisan tactics. The book's four thematic sections include an analysis of parties and elections in Argentina, Bolivia, Brazil, Chile, Colombia, Ecuador, El Salvador, Mexico, Peru, and Venezuela. Students and scholars of both Latin American politics and comparative politics will find *The Resilience of the Latin American Right* of vital interest.

Causal Mechanisms in the Global Development of Social Policies Johanna Kuhlmann, Frank Nullmeier, 2022-05-28

This open access edited volume introduces the concept of causal mechanisms to explore new ways of explaining the global dynamics of social policy and shows that a mechanism based approach provides several advantages over established approaches for studying social policy. The introductory chapter outlines the mechanism based approach which stands out by modularisation and a clear focus on actors. The mechanism based approach then guides the twelve chapters on social policy developments in different Asian, African, European, and Latin American countries. Based on these findings, the concluding chapter provides a structured compilation of causal mechanisms and outlines how a mechanism based approach can further strengthen research on the global development of social policies, especially in a comparative perspective. The edited volume is highly relevant for social policy scholars from a variety of disciplines as well as for scholars interested in strengthening explanation in the social sciences.

Democracy And The Left Social Policy And Inequality In Latin America Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Democracy And The Left Social Policy And Inequality In Latin America free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Democracy And The Left Social Policy And Inequality In Latin America free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Democracy And The Left Social Policy And Inequality In Latin America free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Democracy And The Left Social Policy And Inequality In Latin

America. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Democracy And The Left Social Policy And Inequality In Latin America any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Democracy And The Left Social Policy And Inequality In Latin America Books
