Agonistic Democracy Marie Paxton, 2019-11-06 Agonistic Democracy explores how theoretical concepts from agonistic democracy can inform institutional design in order to mediate conflict in multicultural pluralist societies Drawing on the work of Foucault Nietzsche Schmitt and Arendt Marie Paxton outlines the importance of their themes of public contestation contingency and necessary interdependency for contemporary agonistic thinkers Paxton then delineates three distinct approaches to agonistic democracy David Owen's perfectionist agonism Mouffe's adversarial agonism and William Connolly and James Tully's inclusive agonism She demonstrates how each is fundamental to enabling citizens to cultivate better virtues for themselves and society Owen motivating democratic engagement Mouffe and enhancing relations of respect and understanding between conflicting citizens Connolly and Tully Situated within the context of a deeply polarised post Trump America and post Brexit Britain this book reveals the need to rethink our approach to conflict mediation through democratic institutions Pulling together insights from experimental research with deliberative democratic innovations Paxton explores how agonistic theory might be institutionalised further By discussing ways in which agonistic institutions might be developed to render democracy more virtuous more engaging and more inclusive this book provides a unique resource for students of contemporary political theory

Participatory Budgeting and Civic Tech Hollie Russon Gilman, 2016 Participatory budgeting is one of the most promising innovations in twenty first century democracy It was pioneered abroad but made its first appearance in the United States in 2009 in Chicago local government Participatory budgeting empowers citizens to identify community needs work with elected officials to craft budget proposals and vote on where and how to spend public funds It is effective at engaging citizens to be meaningful participants in democracy Unlike other forms of civic engagement participatory budgeting involves spending real public money on the priorities that the community identifies Participatory budgeting is catching on in cities across the United States such as Chicago New York Boston Detroit St Louis and San Francisco Hollie Russon Gilman has written a brief and accessible introduction to participatory budgeting in the United States This Digital Short will be ideal reading for students and practitioners

Why Citizen Participation Succeeds Or Fails Matt Ryan, 2021-07-15 Matt Ryan draws on ten years of research to deliver this

landmark comparative review of participatory budgeting or collective decisions on spending and taxation around the world With examples of both positive change and notable failure the book shows when and why citizens achieve this and how policy makers can foster democratic engagement *The Smart Enough City* Ben Green,2020-02-18 Why technology is not an end in itself and how cities can be smart enough using technology to promote democracy and equity Smart cities where technology is used to solve every problem are hailed as futuristic urban utopias We are promised that apps algorithms and artificial intelligence will relieve congestion restore democracy prevent crime and improve public services In *The Smart Enough City* Ben Green warns against seeing the city only through the lens of technology taking an exclusively technical view of urban life will lead to cities that appear smart but under the surface are rife with injustice and inequality He proposes instead that cities strive to be smart enough to embrace technology as a powerful tool when used in conjunction with other forms of social change but not to value technology as an end in itself In a technology centric smart city self driving cars have the run of downtown and force out pedestrians civic engagement is limited to requesting services through an app police use algorithms to justify and perpetuate racist practices and governments and private companies surveil public space to control behavior Green describes smart city efforts gone wrong but also smart enough alternatives attainable with the help of technology but not reducible to technology a livable city a democratic city a just city a responsible city and an innovative city By recognizing the complexity of urban life rather than merely seeing the city as something to optimize these Smart Enough Cities successfully incorporate technology into a holistic vision of justice and equity **Reimagining Democracy** Vincent Russell,2024-11-05 Reimagining Democracy Communication Activism Social Justice and Prefiguration in Participatory Budgeting presents findings from a multi year community based critical ethnography of two participatory budgeting PB processes in Denver Colorado Drawing on extensive fieldwork and in depth interviews with PB participants Vincent Russell argues that the PB processes served as sites of prefigurative communication activism where participants reimagined how government should operate and activists transformed social and power relations through their in group deliberations Participants from oppressed populations emphasized forging relationships and feelings of solidarity among each other as they struggled for liberation dignity and social justice Reimagining Democracy teaches important lessons about the state of democratic culture in the United States and offers alternative pathways for public decision making that hold the promise of restructuring practices processes and outcomes to be more socially just Written in an engaging style with a focus on narratives about social change this book is an important contribution for scholars practitioners and community members passionate about social justice activism Civic Power K.Sabeel Rahman,Hollie Russon Gilman,2019-08-29 What will it take to restore American democracy and rescue it from this moment of crisis Civic Power argues that the current threat to US democracy is rooted not just in the outcome of the 2016 election but in deeper systemic forms of inequality that concentrate economic and political power in the hands of the few at the expense of the many Drawing on historical and social science

research and case studies of contemporary democratic innovations across the country Civic Power calls for a broader approach to democracy reform focused on meaningfully redistributing power to citizens It advocates for both reviving grassroots civil society and novel approaches to governance policymaking civic technology and institutional design aimed at dismantling structural disparities to build a more inclusive empowered bottom up democracy where communities and people have greater voice power and agency

Activated Citizenship Marjan H.
