Performing the Kinaidos Tom Sapsford, 2022 This volume is the first book length study of the kinaidos a type of person noted in ancient literature for his effeminacy and untoward sexual behaviour Sapsford analyses the multiple ways the figure was identified in antiquity with a focus on its expression in social performance

The Rhetoric of the Past in Demosthenes and Aeschines Guy Westwood, 2020-04-09 In democratic Athens mass citizen audiences whether in the lawcourts or in the political Assembly and Council or when gathered for formal civic occasions frequently heard politicians and litigants discussing the city's past and manipulating it for persuasive ends The Rhetoric of the Past in Demosthenes and Aeschines explores how these dynamics worked in practice taking two prominent mid fourth century politicians and bitter adversaries as focal points While most recent scholarly treatments of how the Athenians recalled their past concentrate on collective processes this work looks instead at the rhetorical strategies devised by individual orators examining what it meant for Demosthenes or Aeschines to present particular historical examples arguments and illustrations in particular contexts It argues that discussing the Athenian past and therefore discussing a core aspect of Athenian identity itself offered Demosthenes and Aeschines among others an effective and versatile means both of building and highlighting their own credibility authority and commitment to the democracy and its values and of competing with their rivals whose own versions and handling of the past they could challenge and undermine as a symbolic attack on those rivals wider competence Recourse to versions of the past also offered orators a way of reflecting on a troubled contemporary geopolitical landscape in which Athens first confronted the enterprising Philip II of Macedon and then coped with Macedonian hegemony The work covers the full range of Demosthenes and Aeschines surviving public speeches and the extended opening chapter includes synoptic surveys of key individual topics which feed into the main discussion

Performances of Ancient Jewish Letters Marvin Lloyd Miller, 2015-09-16 This ambitious and engaging book sets itself the task of combining a wide range of approaches to cast new light on the form and function of several ancient Jewish letters in a variety of languages The focus of The Performance of Ancient Jewish Letters is on applying a new emerging field of performance theory to texts and arguing that letters and other documents were not just read in silence as is normal today but were performed especially when they were addressed to a community A distinctive feature of this book consists of being one of the first to apply the approach of performance criticism to ancient Jewish letters Previous treatments of ancient letters

have not given enough consideration to their oral context however this book prompts the reader to listen sympathetically with the audience The Performance focuses close attention on the ways in which the engagement of the audience during the performance of a text might be read from traces present in the text itself This book invites the audience to hear a fresh reading of a family letter from Hermopolis concerning ugly tunics and castor oil festal letters about issues surrounding the celebration of Passover Purim and Hanukkah a diaspora letter on how to live in a foreign land and also an official letter concerning the building of the Jerusalem temple These letters will help us understand a text from the Dead Sea Scrolls namely MMT Marvin L Miller argues for the centrality of performance in the life of Jews of the Second Temple period an area of study that has been traditionally neglected The Performance advances the fields of orality and epistolography and supplements other scholars works in those fields

Wie die Athener ihre Vergangenheit verhandelten Katharina Wojciech, 2022-04-19 In der athenischen Demokratie waren Reden ein zentraler Bestandteil der gemeinsamen Erinnerungskultur Während die epitaphioi logoi die Sternstunden der athenischen Myth Historie feierten wurde allerdings in den Reden die die Tagespolitik bestimmten die gesamte Bandbreite der Erinnerungen angesprochen Erfolge wie Misserfolge wurden diskutiert rekonstruiert die Sicht auf sie verändert und an die aktuelle politische Situation angepasst In der Studie werden die Vermittlungskontexte der Volksversammlung und der Gerichte in den Mittelpunkt gestellt und die in engerem Sinne politischen Argumentationsstrategien die auf die rezente sowie weiter entfernte Vergangenheit aufbauten untersucht Die öffentliche Darstellung der gemeinsamen Vergangenheit erweist sich hier als ein steter Verhandlungsprozess zwischen persönlichen Anliegen des Redners und den Bedürfnissen der Gemeinschaft der das Verhältnis zwischen Erinnerungspflicht und Vergessen Wahrheit und Lüge Kollektiv und Individuum sowie Gegenwart und Zukunft immer wieder aufs Neue bestimmte Die Auseinandersetzung mit Geschichte mittels Rede spiegelt deshalb in besonderer Weise die auf öffentliche Streitkultur fußende athenische Demokratie

Questions and Rhetoric in the Greek New Testament Douglas Estes, 2017-03-28 While there are almost 1000 questions in the Greek New Testament many commentators pastors and students skip over the questions for more theological verses or worse they convert questions into statements to mine them for what they are saying theologically However this is not the way questions in the Greek New Testament work and it overlooks the rhetorical importance of questions and how they were used in the

The Hellenistic Peloponnese Ioanna Kralli, 2017-07-12 Existing treatments of Peloponnesian history are fragmented by poleis and period This book offers a comprehensive narrative of the political history of the entire Peloponnese from 371 to 146 BC using both literary and epigraphic evidence In the Hellenistic Peloponnese a long shadow was cast by the geo political changes of the 4th century Many continuities trace back to the forty years after Leuktra 371-330 Internal divisions and alliances are interwoven with the interventions of external powers Thebans Macedonian rulers and finally the Romans The author's findings reveal remarkable consistencies in the history of the Peloponnese After Sparta's long invincible army was defeated at the battle of Leuktra there was much in Sparta's influence which was far from crushed Not only did Sparta's confidence persist as she agitated for centuries to renew her power other states of the Peloponnese conducted their own foreign policies in reaction either to Sparta's decline or especially to her resurgence and to the prospect of further resurgence still The book reveals continuity as regards Sparta in the foreign policies of Elis most of Arkadia Messenia and the Achaian Confederacy These definite patterns formed Peloponnesian history far beyond the narrow relation of each community to Sparta they also shaped the relation of most major Peloponnesian powers to each other
