Demoting Vishnu Anne T. Mocko, 2016 This book examines how public ritual once placed kings at the privileged apex of Nepal's government and how in the 21st century those same rituals stopped serving the king and turned instead to authorize party based politicians Ritual upheaval undermined the institutional logic of monarchy and demonstrated that kingship was contingent dispensable

Media as Politics in South Asia Sahana Udupa, Stephen McDowell, 2017-07-14 From the puzzling liberalization of media under military dictatorship in Pakistan to the brutal killings of journalists in Sri Lanka and the growing influence of social media in riots and political protests in India Nepal and Bangladesh the chapters analyse some of the most important developments in the media fields of contemporary South Asia Attentive to colonial histories as well as connections within and beyond South Asia in the age of globalization the chapters combine theoretically grounded studies with original empirical research to unravel the dynamics of media as politics

Ritual Innovation Brian K. Pennington, Amy L. Allocco, 2018-02-01 Religious rituals are often seen as unchanging and ahistorical bearers of long standing traditions But as this book demonstrates ritual is a lively platform for social change and innovation in the religions of South Asia Drawing from Hindu and Jain examples in India Nepal and North America the essays in this volume written by renowned scholars of religion explore how the intentional conscious and public invention or alteration of ritual can effect dramatic social transformation whether in dethroning a Nepali king or sanctioning same sex marriage Ritual Innovation shows how the very idea of ritual as a conservative force misreads the history of religion by overlooking ritual's inherent creative potential and its adaptability to new contexts and circumstances

Sacred Kingship in World History A. Azfar Moin, Alan

Strathern, 2022-05-10 Sacred kingship has been the core political form in small scale societies and in vast empires for much of world history This collaborative and interdisciplinary book recasts the relationship between religion and politics by exploring this institution in long term and global comparative perspective Editors A Azfar Moin and Alan Strathern present a theoretical framework for understanding sacred kingship which leading scholars reflect on and respond to in a series of essays They distinguish between two separate but complementary religious tendencies immanentism and transcendentalism which mold kings into divinized or righteous rulers respectively Whereas immanence demands priestly and cosmic rites from kings to sustain the flourishing of life transcendence turns the focus to salvation and subordinates rulers to higher ethical objectives Secular modernity does not end the struggle between immanence and transcendence flourishing and righteousness but only displaces it from kings onto nations and individuals After an essay by Marshall Sahlins that ranges from the Pacific to the Arctic the book contains chapters on religion and kingship in settings as far flung as ancient Egypt classical Greece medieval Islam Mughal India modern European drama and ISIS Sacred Kingship in World History sheds new

light on how religion has constructed rulership with implications spanning global history religious studies political theory and anthropology

What is Hinduism? Michael

Baltutis,2024-05-14 This book is an engaging introduction to the complex religious tradition of Hinduism Central to its focus is demonstrating the fundamental diversity within Hinduism through the multiplicity of its core beliefs and traditions Chapters are divided into four historical categories Vedic Ascetic Classical and Contemporary Hinduism with each examining one deity alongside one key term serving as a twin focal point for a more complex discussion of related key texts ideas social structures religious practices festivals and concepts such as ritual and sacrifice music and devotion and engagement and renunciation The organization of this book requires that we see deities as not simply divine individuals who preside over one part of the Hindu world but that each deity operates as a larger cultural category whose related persons concepts and practices provide a vivid lens through which Hindu devotees see and continue to readapt to the world in which they live With study questions glossaries and lists of key contemporary figures this book is an essential and comprehensive resource for students encountering the multiplicity of Hinduism for the first time *Making New Nepal* Amanda Thérèse Snellinger,2018-04-03 One of the most important political transitions to occur in South Asia in recent decades was the ouster of Nepal's monarchy in 2006 and the institution of a democratic secular republic in 2008 Based on extensive ethnographic research between 2003 and 2015 *Making New Nepal* provides a snapshot of an activist generation's political coming of age during a decade of civil war and ongoing democratic street protests Amanda Snellinger illustrates this generation's entrance into politics through the stories of five young revolutionary activists as they shift to working within the newly established party system She explores youth in Nepali national politics as a social mechanism for political reproduction and change demonstrating the dynamic nature of democracy as a radical ongoing process *Nine Nights of the Goddess* Caleb Simmons,Moumita Sen,Hillary Rodrigues,2018-07-11 *Nine Nights of the Goddess* explores the festival of Navaratri alternatively called Navaratra Mahanavami Durg Puja Dasar and or Dassain which lasts for nine nights and ends with a celebration called Vijayadashami or the tenth day of victory Celebrated in both massive public venues and in small private domestic spaces Navaratri is one of the most important and ubiquitous festivals in South Asia and wherever South Asians have settled These festivals share many elements including the goddess royal power the killing of demons and the worship of young girls and married women but their interpretation and performance vary widely This interdisciplinary collection of essays investigates Navaratri in its many manifestations and across historical periods including celebrations in West Bengal Odisha Karnataka Maharashtra Tamil Nadu Uttar Pradesh and Nepal Collectively the essays consider the role of the festival's contextual specificity and continental ubiquity as a central component for understanding South Asian religious life as well as how it shapes and is shaped by political patronage economic development and social status *Toleration in Comparative Perspective* Vicki A. Spencer,2017-10-24 *Toleration in Comparative Perspective* is a collection of essays that explores conceptions of toleration and tolerance in Asia and the West It tests the common assumption in Western political discourse and contemporary political theory that toleration is a uniquely Western virtue Toleration in modern Western philosophy is

understood as principled noninterference in the practices and beliefs of others that one disapproves of or at least dislikes Although toleration might be seen today as a quintessential liberal value precedents to this modern concept also existed in medieval times while Indigenous American stories about welcome challenge the very possibility of noninterference The modern Western philosophical concept of toleration is not always easily translated into other philosophical traditions but this book opens a dialogue between various traditions of thought to explore precisely the ways in which overlap and distinctions exist What emerges is the existence of a family of resemblances in approaches to religious and cultural diversity from a program of pragmatic noninterference in the Ottoman Empire to deeper notions of acceptance and inclusiveness amongst the Newar People in the Kathmandu Valley The development of an Islamic ethic of tolerance the Daoist idea of all inclusiveness and Confucian ideas of broad mindedness respect and coexistence to the idea of the one in the many in Hindu thought are examined along with sources for intolerance tolerance and toleration in Pali Buddhism early modern Japan and contemporary India

A Social Theory of Corruption Sudhir Chella Rajan, 2020-12-01 A social theory of grand corruption from antiquity to the twenty first century In contemporary policy discourse the notion of corruption is highly constricted understood just as the pursuit of private gain while fulfilling a public duty Its paradigmatic manifestations are bribery and extortion placing the onus on individuals typically bureaucrats Sudhir Chella Rajan argues that this understanding ignores the true depths of corruption which is properly seen as a foundation of social structures Not just bribes but also caste gender relations and the reproduction of class are forms of corruption Using South Asia as a case study Rajan argues that syndromes of corruption can be identified by paying attention to social orders and the elites they support From the breakup of the Harappan civilization in the second millennium BCE to the anticolonial movement in the late nineteenth and early twentieth centuries elites and their descendants made off with substantial material and symbolic gains for hundreds of years before their schemes unraveled Rajan makes clear that this grander form of corruption is not limited to India or the annals of global history Societal corruption is endemic as tax cheats and complicit bankers squirrel away public money in offshore accounts corporate titans buy political influence and the rich ensure that their children live lavishly no matter how little they contribute These elites use their privileged access to power to fix the rules of the game legal structures and social norms benefiting themselves even while most ordinary people remain faithful to the rubrics of everyday life
