A Land Full of God Mae Elise Cannon, 2017-05-12 *A Land Full of God* gives American Christians an opportunity to promote peace and justice in the Israeli Palestinian conflict. It shows them how to understand the enmity with brief digestible and comprehensive essays about the historical political religious and geographical tensions that have led to many of the dynamics we see today. All the while *A Land Full of God* walks readers through a biblical perspective of God's heart for Israel and the historic suffering of the Jewish people while also remaining sensitive to the experience and suffering of Palestinians. The prevailing wave of Christian voices are seeking a pro Israeli pro Palestinian pro peace pro justice pro poor and ultimately pro Jesus approach to bring resolution to the conflict.

Eschatological Discipleship Trevin Wax, 2018-04-01 Discipleship is eschatological in nature because the church that makes and receives disciples is eschatological in nature. Often eschatology is thought to refer only to last things doctrines. However eschatology in its broader sense encompasses the Christian view of time and the future of the world informing both one's evangelism and ecclesiology. Failing to relate the eschatological dimension to discipleship leaves one with an incomplete worldview imbalanced discipleship and eventually a tragic inability to model the Christian way of life. By answering questions like What time is it and Where is history going Trevin Wax helps Christians view the past present and future biblically and shapes their understanding of following Jesus.

Majority World Theology Gene L. Green, Stephen T. Pardue, K. K. Yeo, 2020-12-01 More Christians live in the Majority World than in Europe and North America. Yet most theological literature does not reflect the rising tide of Christian reflection coming from these regions. Bringing together theological resources from past and present East and West this work engages conversations with leading global scholars on theology faith and mission for the enrichment of the entire church.

Jesus, the Temple and the Coming Son of Man Robert H. Stein, 2014-09-05 Mark 13 the so called Little Apocalypse has puzzled readers for generations Was Jesus speaking of the end time return of the Son of Man or the coming destruction of Jerusalem or both How can we know Robert Stein a seasoned Gospels scholar offers an in depth and insightful commentary on Mark chapter 13 an important and puzzling discourse of Jesus

Separated Siblings John E. Phelan, 2020-10-06 In the minds of many American evangelicals today Judaism exists in two places the pages of the Bible and the modern nation of Israel In *Separated Siblings* John Phelan offers to fill in the gaps of this limited understanding with the larger story of Judaism including its long history and key facets of Jewish thought and practice Phelan shows that Judaism is anything but monolithic or unchanging Readers may be surprised to learn that contemporary Judaism exists in a multiplicity of forms and continues to evolve as recent changes in scholarly Jewish perspectives on Jesus and Paul attest An evangelical Christian himself Phelan addresses what other evangelicals are often most curious about such as Jewish beliefs concerning salvation and eschatology Nevertheless *Separated Siblings* is geared toward understanding rather than Christian apologetics aiming for an undistorted view of Judaism that is sensitive to the painful history of Christian replacement theology and other forms of anti-Semitism Readers of this book will emerge with more informed attitudes toward their Jewish brothers and sisters those in Israel and those across the street

Hope for the Oppressor Patrick Oden, 2019-07-26 The liberating work of God calls the oppressed out of oppression and the oppressor out of oppressing The challenge in seeking a thorough liberation of oppressors is to help them understand their need for freedom and how to seek this freedom in their own contexts Patrick Oden provides a holistic biblical historical and theological analysis that diagnoses the underlying motivations and inclinations that lead to oppression Part one addresses the context of oppression in which most participants in oppression do not actively seek to harm others but are caught up in systems that tend toward the diminishment of others Part two examines the biblical and early Christian response to oppression discovering a thread that avoids condemning participation in society generally while also cautioning the people of God about being co-opted by society Part three discusses how oppressors can withdraw from oppression through a constructive analysis of four contemporary theologians Wolfhart Pannenberg Jürgen Moltmann Sarah Coakley and Jean Vanier each of whom contributes to a widening vision of liberated and liberating life in which the once oppressed and former oppressor can find peace together in community

Future as God's Gift David Fergusson, Marcel Sarot, 2005-03-01 This collection of writings by an international group of

theologians is focused on the importance of Christian eschatology both to the life authority and hope of the Church and to contemporary life and thought in general

Theology as Hope Ryan A. Neal, 2009-01-01 Hope is the leitmotiv of Jurgen Moltmann's theology. Not merely one aspect of his project, hope is the whole of it, the supreme doctrine interpenetrating all others. Indeed, hope is his method. The present study is both historical and developmental while also being analytical and interrogative. This chronological exploration seeks to show the nature, composition and development of Moltmann's doctrine of hope as the distinctive doctrine of his theology implicating all others. Part I establishes Moltmann's doctrine of hope as grounded in God's faithfulness in the cross and resurrection. Part II investigates major doctrines in his project in light of this ground. This design seeks to take advantage of the chronological approach while also integrating the best elements of a topical approach.

Paul and the Parousia Joseph Plevnik, 2014-04-23 Surprisingly, there has never been a comprehensive exegetical study in English of Saint Paul's view of the second coming or Parousia of Christ. In this methodical analysis, Joseph Plevnik brings nearly three decades of research to bear on the question of Paul's understanding of this most central tenet of the whole Christ event. With careful attention to the concepts and terms underlying the notion of the Lord's coming, Plevnik examines the key Pauline texts such as 1 Thess 5:1-11 and 1 Cor 15:23-28. Plevnik then constructs a viable theological interpretation of the great Christian hope, including the language of hope, Christ's parousia and judgment, conflict at Christ's return, the place of the church and Paul's apocalyptic theology. This volume will be indispensable for any study of Pauline theology, the Parousia, the theology of hope and apocalypticism. It is my hope that the book will be not only a scholarly contribution on the topic but also of some personal value to the reader and to the preacher. It may provide a timely reading at the close of the second millennium. The times and seasons, however, are not for us to determine, but a proper preparedness for the Lord's coming is the message of the New Testament and of Paul in particular. If the Lord's coming may no longer be said to be near, it can still be desired. Marana tha. Preface

The Nature of Love Thomas Jay Oord, 2010-04-01 God is love. Consequently, shouldn't love exist at the center of Christian theology? When love is at the center, theology is understood differently than it has typically been understood. Some theologians have placed faith at the center, others God's sovereignty, still others the Church, but Dr. Oord places the emphasis on love. God's love for us, revealed in Christ in the Church and in creation, and our love for God and others as ourselves must be afforded its rightful place. Beginning with the foundation of love is what differentiates the Christian faith from others: a loving God. Dr. Oord defines love as "To love is to act intentionally in sympathetic/empathetic response to God and others to promote overall well-being." Is this not what has defined Christians throughout history?

A World of Grace Leo O'Donovan, 1995-09-01 Organized as a companion volume to Karl Rahner's master work *Foundations of Christian Faith*, this book, now again available, also provides the most useful introduction to his theology as a whole. Each chapter presents a broad commentary on the corresponding chapter of *Foundations*, beginning with Rahner's method and anthropology and concluding with his theology of the church and eschatology. It includes a separate

chapter on Rahner's moral thought Valuable for classroom or individual use this volume provides questions for discussion suggestions for further reading and an extensive glossary of specialized terminology **Essentials of Pentecostal Theology** Tony Richie, 2020-01-20 Only a few decades past academia tended to scoff at the very idea of serious Pentecostal theology Today profound and variegated theological implications of this dynamic movement are the object of exploration and development across the entire spectrum of the Christian theological corpus Arguably an acute need has arisen for identification and evaluation of the Pentecostal movement's original and ongoing theological essentials What is Pentecostal theology really all about anyway This volume realizes that Pentecostal theology is at its heart a working theology undergirding and energizing believers' worship of God in prayer and praise in holy living and in witness to a personal experience of the risen Lord and Savior manifested in the continuing power of the Holy Spirit Authentic implementation if not explicit articulation of fervent Pentecostal theology often occurs in the vitality of local churches house fellowships and various mission settings in America and around the world Birthed in the fires of revival movements essential Pentecostalism including Pentecostal theology continues to burn brightest wherever it is fueled most directly *Leaning Into the Future* Poul F. Guttesen, 2009-08-01 *Leaning into the Future* seeks to explore what it may mean to believe in the Kingship of God and wait for his Kingdom by considering the fundamental role the Kingdom of God plays in the theology of Jürgen Moltmann and in the book of Revelation Part one is devoted to how Moltmann understands The Kingdom of God as the fundamental symbol of hope for humanity and how he sees the presence of God's reign and kingdom in history as hidden and paradoxical Part two turns to the way the Book of Revelation uses royal and other political language in its portrait of the future and God's presence in history In this second part the book also seeks to explore how Moltmann and the Apocalypse may mutually inform each other how Moltmann may help us read this biblical book today and how it in turn may overcome some of the weaknesses in Moltmann's proposal *Politics of Fear, Practices of Hope* Stefan Skrimshire, 2008-11-10 *Politics of Fear Practices of Hope* is about the relationship between two hugely influential ideas in political life fear and hope How are cultures of resistance nurtured within an environment of paranoia and social paralysis Stefan Skrimshire argues that grass roots responses to a politics of fear coincide with an explosion of interest in the quasi-religious themes of apocalypse eschatology and utopia in cultural life Where visions of a better future are replaced by the acceptance of a fearful present a state of war with no end this is an important examination of the beliefs that underpin our capacity to hope
