Essentialism Greg McKeown, 2014-04-15 THE LIFE CHANGING NEW YORK TIMES BESTSELLER MORE THAN TWO MILLION COPIES SOLD Now in a 10th anniversary edition featuring a new introduction and bonus 21 day challenge

Essentialism holds the keys to solving one of the great puzzles of life How can we do less but accomplish more Adam Grant bestselling author of *Think Again* Essentialism isn't about getting more done in less time It's about getting only the right things done Have you ever found yourself stretched too thin Are you often busy but not productive Do you feel like your time is constantly being hijacked If you answered yes to any of these the way out is the Way of the Essentialist Essentialism is more than a time management technique It is a systematic discipline for discerning what is absolutely essential then eliminating everything that is not so we can make the highest possible contribution toward the things that really matter By forcing us to apply more selective criteria for where to spend our precious time and energy the disciplined pursuit of less empowers us to reclaim control of our own choices instead of giving others the implicit permission to choose for us

Essentialism is not one more thing to do It's a whole new way of doing less but better in every area of our lives Join the millions of people who have used Essentialism to change their outlook on the world

Full Summary Of "Essentialism: The Disciplined Pursuit Of Less - By Greg McKeown" Sapiens Editorial, 2018-08-04 ABOUT THE ORIGINAL BOOK Do you usually say I have to do it I should do it instead of freely choosing if you want to do a certain activity If you answered yes then you are not following the path of essentialism This book written by Greg McKeown studies essentialism a systematic discipline that seeks to locate the most essential tasks of a particular activity This approach allows for a more planned and easier execution of your routine since it will eliminate everything that is unnecessary The aim of the author is to help us discover what is fundamental essential a thought that will allow us to have a more useful and productive life

Summary of Essentialism - The Disciplined Pursuit of Less , Essentialism is more than just a productivity hack or time management tactic It is a methodical discipline for identifying what is truly necessary and then getting rid of everything else so we may contribute as much as we can to the issues that truly matter The disciplined pursuit of less helps us to retake control of our own decisions about where to spend our valuable time and energy by forcing us to apply more discriminating criteria for what is Essential as opposed to implicitly granting others the right to make such decisions for us Getting more done in less time isn't the goal of the essentialist approach It's not about accomplishing less It's about completing only the appropriate tasks The fundamental beliefs of we can have it all and I have to do everything are being challenged and they are being replaced with the pursuit of the correct decision in the right way at the right time Instead of allowing others to make decisions for us we should take back control of where we choose to invest our time and energy
