Saunders, 2024 Welcome to the 2024 Release of *Essentials of Negotiation*. Again, this book represents our response to many faculty who wanted a brief version of the longer text *Negotiation* Ninth Edition. The objective of this shorter version is to provide the reader with the core concepts of negotiation in a more succinct presentation. Many faculty requested such a book for use in shorter academic courses, executive education programs, or as a companion to other resource materials. It is suitable for courses in negotiation, labor relations, conflict management, human resource management, and the like. *The Essentials of Contract Negotiation* Stefanie Jung, Peter Krebs, 2019-06-14 This book focuses on the tactics and strategies used in business-to-business contract negotiations. In addition to outlining general negotiation concepts, techniques, and tools, it provides insight into relevant framework conditions, underlying mechanisms, and also presents generally occurring terms and problems. Moreover, different negotiating styles are illustrated using an exemplary presentation of negotiation peculiarities in China, the USA, and Germany.

The presented tactics and strategies combine interdisciplinary psychological and economic knowledge as well as findings from the field of communication science. The application scope of these tactics and strategies covers business to business negotiations as well as company internal negotiations. The fact that this book does not necessarily stipulate any prior knowledge of the subject of negotiations also makes it highly suitable for nonprofessionals with a pronounced interest in negotiations. Nonetheless, it provides proficient negotiators with a deeper understanding for situations experienced in negotiations. This book also helps practitioners to identify underlying mechanisms and on this basis sustainably improve their negotiation skills.

**The Negotiator's Fieldbook** Andrea Kupfer Schneider, Christopher Honeyman, 2006. This book provides a comprehensive reference guide to negotiation and mediation. Negotiation skills can be learned everything from managing fairness and power and understanding the other side and cultural differences to decision making creativity and apology. Good negotiation is best approached from a multidisciplinary perspective that combines the best of theory and practice.
