Close Encounters Laura K. Guerrero, Peter A. Andersen, Walid A. Afifi, 2010-11-03 New edition of this popular introduction to interpersonal communication High Contrast Sharon Willis, 1997 In *High Contrast* Sharon Willis examines the dynamic relationships between racial and sexual difference in Hollywood film from the 1980s and 1990s Seizing on the way these differences are accentuated sensationalized and eroticized on screen most often with little apparent regard for the

political context in which they operate Willis restores that context through close readings of a range of movies from cinematic blockbusters to the work of the new auteurs Spike Lee David Lynch and Quentin Tarantino Capturing the political complexity of these films Willis argues that race gender and sexuality as they are figured in the fantasy of popular film do not function separately but rather inform and determine each other s meaning She demonstrates how collective anxieties regarding social difference are mapped onto big budget movies like the Die Hard and Lethal Weapon series Basic Instinct Fatal Attraction Thelma and Louise Terminator 2 and others Analyzing the artistic styles of directors Lynch Tarantino and Lee in such films as Wild at Heart Pulp Fiction and Do the Right Thing she investigates how these interactions of difference are linked to the production of specific authorial styles and how race functions for each of these directors particularly in relation to gender identity erotics and fantasy

The Reagan Years: a Social History of the 1980'S Richard Stanley, 2017-12-15 Ronald Reagans legacy as president is nearly unparalleled in American history due to his domestic and foreign policy leadership Reagans contrarian insistence on advocating limited government and supply side economics drew much bipartisan criticism causing the Great Communicator to take his argument that lowering taxes would encourage economic growth directly to the people The result Congress granted 750 billion in tax cuts in 1981 The Reagan Revolution had begun By mid 1983 the nations economy was booming On President Reagans first day in office the Iran Hostage Crisis finally came to an end Fifty two American embassy personnel held hostage by a defiant Iran during the last four hundred plus days of the Carter

administration were freed a definite win for all Americans. But Reagan soon was widely criticized for insulting Russia's leaders by calling the Soviet Union the evil empire. Later, Reagan was criticized at home and abroad for challenging Soviet premier Gorbachev to tear down the Berlin Wall. Reagan's most criticized proposal of all, however, was his insistence on developing his Strategic Defense Initiative (SDI) space weapons to defend America from incoming Soviet nuclear missiles. Domestic critics dismissed his proposal as a Star Wars fantasy, but the Soviets feared SDI. By December 1991, it was clear that Reagan's Star Wars fantasy helped cause the bankruptcy and total collapse of the Soviet Union, bringing a peaceful end to the decades-long Cold War.
