Esoteric Christianity:

Inner Christianity Richard Smoley, 2002-10-08 An eye opening introduction to the complex world of esoteric Christianity perfect for the general reader This guide to mystical and esoteric Christianity speaks from a nonsectarian point of view unearthing insights from the whole of the Christian tradition orthodox and heretical famous and obscure The esoteric tradition has traditionally searched for meanings that would yield a deeper inner knowledge of the divine While traditional Christianity draws a timeline from Adam s Fall to the Day of Judgment the esoteric often sees time as folding in on itself bringing every point to the here and now While the Church fought bitterly over dogma the esoteric borrowed freely from other traditions Kabbalah astrology and alchemy in their search for metaphors of inner truth Rather than basing his book around exponents of esoteric doctrine scholar Richard Smoley concentrates on the questions that are of interest to every searching Christian How can one attain direct spiritual experience What does the Fall really tell us about coming to terms with the world we live in Can we find salvation in everyday life How can we ascend spiritually through the various levels of existence What was Christ s true message to humankind From the Gospel of Thomas to A Course in Miracles from the Jesus Prayer to alchemy and Tarot from Origen to Dante to Jung Richard Smoley sheds the light of an alternative Christianity on these issues and more

Esoteric Christianity and the Mission of Christian Rosenkreutz Rudolf Steiner,2013-04-16 In addition to the outer manifestation of Christianity as we know it from history there exists a second hidden stream of Christian thought and development sometimes referred to as esoteric Christianity or Rosicrucian Christianity Displaying an intimate knowledge of his subject Rudolf Steiner throws light on this once secret spiritual movement But rather than relying on historical tradition or teaching he presents wisdom and insight directly from the original metaphysical sources of esoteric Christianity In these dynamic lectures Steiner describes the influence of Christ s power throughout history the workings of karma the role of the Buddha and the Bodhisattvas as well as the vital work of Christian Rosenkreutz Jeshu ben Pandira and other key historical figures This new edition indispensable for serious students of esotericism contains all 23 lectures and addresses of the original German collection It features previously scattered classic lectures such as The Etherisation of the Blood Faith Love Hope and Cosmic Ego and Human Ego *The Star of Higher Knowledge* Ron MacFarlane,2015-02-06 When Christ Jesus walked the earth over two thousand years ago he established a two fold division in his teaching that has continued to this day To the general public he simplified his teaching and presented it in pictorial allegorical and figurative imagery in the form of

stories parables and lessons that could be imaginatively and intuitively understood To his inner circle of disciples who were sufficiently prepared however he taught more plainly and directly in the form of intellectual concepts clear ideas and logical reasoning that could be understood on a much deeper and wider level of comprehension As biblically explained Then the disciples came and said to him Why do you speak to them the general public in parables And he answered them To you it has been given to know the secrets of the kingdom of heaven but to them it has not been given This is why I speak to them in parables because seeing they do not see and hearing they do not hear nor do they understand Matt 13 10 13 Moreover in union with the divine Our Saviour was able to reveal sacred knowledge that had never been previously presented in the entire history of mankind I will explain mysteries hidden since the creation of the world Matt 13 35 This sacred and revealed knowledge has been termed Christ mysteries or mysteries of the Son After his glorious resurrection and ascension Christ Jesus institutionalized his two fold mystery teachings through St Peter and St John the Evangelist not the apostle Through St Peter Our Saviour instituted a universal Christian religion and theology to preserve promote and convey the more basic and simplified mystery teachings that are intended for the general public Through St John Christ Jesus instituted a universal Christian philosophy and theosophy to preserve promote and convey the more comprehensive and complex mystery teachings that are intended for the more advanced disciples Christian initiates In esoteric terminology the institutionalized teachings through St Peter are known as the lesser mysteries of exoteric Christianity The institutionalized teachings through St John are known as the greater mysteries of esoteric Christianity While both mystery teaching approaches are equally sacred profound and intended to complement each other corrupt and intolerant authorities within the universal institution Church of St Peter for many centuries persecuted and attacked any public expressions of esoteric Christianity Consequently genuine historical forms of esoteric Christianity such as the Knights of the Holy Grail and the Fraternity of the Rose Cross were forced to be secretive and publicly hidden during the past two thousand years Thankfully today the social political and intellectual climate has progressed to the point where the greater mystery teachings of esoteric Christianity can begin to be publicly revealed for the first time This modern day outpouring really began with the twentieth century establishment of anthroposophy by Rudolf Steiner 1861 1925 The information and approach presented in The Star of Knowledge The Five Guiding Mysteries of Esoteric Christianity is intended to augment and continue the mystery teachings of Christ Jesus as safeguarded by the Rosicrucian Fraternity and publicized through anthroposophy Consequently this particular discourse delves much more deeply and comprehensively into the cosmos changing salvational achievement of Christ Jesus the historical and cosmic preparations as well as his birth life death resurrection and ascension While much of this mystery information may be unfamiliar unknown and unexpected to mainstream exoteric Christianity it in no way is meant to criticize denigrate or displace the profound teachings of the universal Church but rather to complement to enhance and to enlarge for the betterment of true Christianity and thereby the betterment of all mankind *Insights into Christian Esotericism* René

Guénon, 2024-07-27 In *Insights into Christian Esotericism* René Guénon unveils the hidden initiatic dimension of Christianity often obscured by centuries of dogmatic and exoteric interpretation Drawing on traditional symbolism sacred texts and metaphysical principles Guénon reveals that beneath Christianity's outer forms lies a profound esoteric current fully in harmony with the great initiatic traditions of the world With clarity and depth Guénon examines key Christian symbols doctrines and rites illuminating their inner meanings and their role in the spiritual journey of the soul He challenges the assumption that Christianity is solely exoteric arguing instead that its original essence was and remains esoterically grounded and universally resonant A vital contribution to the rediscovery of Christianity's sacred core *Insights into Christian Esotericism* is an indispensable guide for those seeking a deeper more unified understanding of Christian doctrine within the framework of perennial wisdom René Guénon 1886-1951 was a pioneering French metaphysician philosopher and esotericist whose writings bridged Eastern and Western spiritual traditions A leading voice in the Traditionalist School Guénon sought to restore timeless metaphysical principles amid the disorientation of the modern world His works explore symbolism initiation sacred knowledge and the unity underlying all authentic spiritual paths After relocating to Egypt in 1930 he embraced Sufism and lived the remainder of his life in Cairo deepening his engagement with Islamic mysticism Today Guénon remains a key influence on scholars seekers and spiritual thinkers worldwide
