The alcohol issue !

Would you ever drink poison intentionally? No, of course. Well that's what alcoholics do every hour of every day. The number of alcoholics has increased excessively throughout the past years. Alcohol abuse has become very frequent and people don't actually realize the gravity of this situation. We, as a community, should absolutely reject the use of alcohol. This essay will cover the consequences of alcohol abuse, the real reasons why people drink, how it is linked to committing suicide, and how to stop drinking.

So why do people drink? Many people drink too much in order to escape from their lives or drown their sorrows. And since alcohol makes the brain and memory go fuzzy, some people actually forget what's troubling them, at least for a night. But when the person wakes up, all the troubles are still there. Alcohol never, ever fixes what is wrong with somebody's life. In fact, it almost always makes things worse, because alcoholism is just one more problem to add to whatever else is going on and it brings one to do things that are unimaginable, but people don't realize that and keep drinking, thinking it will drown their sorrows and make them forget their daily problems.

Did you know that drinking alcohol makes many people harm themselves or even commit suicide? Alcohol make people do things they would never do if they did not drink and this can lead to situations like getting sent to juvenile or jail. studies show that more than fifty percent of the people who injured themselves were at drugs or drinking alcohol and then blamed it on the alcohol but they decided to take the alcohol so it's their fault .shocking reality, right?
