Problem

Pakistan as a nation is a developing country and consequently she faces a wide array of social problems: educational, economical, political, religious and a number of internal ethnic conflicts. However I believe that it is more important to address small issues first and then work towards the annihilation of the larger ones. After all small steps lead to big changes and transformations. The most beautiful moment in the life of humans is when someone of their own blood calls them 'mama' or 'papa'.

Parents want to provide the newborn with the best of everything. He is pampered, protected and taken care of. The blissful period of childhood soon gets over, and the little human infant grows up to be an adult ready to face the challenges of the world he was born in. He sees around him with a hope of finding the same perfection in everything which his parents had provided him with. In no time, he realizes that the Utopian concept of a perfect world should be confined to the fictional island created by Thomas More in his widely renowned novel only. That Utopia was far from reality and had nothing to do with the world around us. It's a world abound with countless problems- social, economic, legal, political, spiritual and the list goes on.

Certain social and economic conditions become a menace for the society when they start asserting negative influence on the society. Usually those social needs which persist in a society for long period of time without being fulfilled owing to restrained budgetary scenarios, they turn into socio-economic problems. The major problems of a society are linked with the providence of basic necessities of life to the people making up the society. If the basic needs of man- shelter, food and clothing are not fulfilled, the deprivation of these needs gradually transform into different forms of social menaces. In the context of Pakistan, owing to the fact that it is a developing nation, there is no wonder that it is engulfed with a number of social and economical problems. The real issue is not the presence of these problems in society because, as stated earlier, there is no concept of a

Problems of Communism, 1983

The Right to Be Lazy, and Other Studies Paul Lafargue, 2019-11-27 In *The Right to Be Lazy and Other Studies* Paul Lafargue offers a provocative examination of labor and leisure within the capitalist framework critiquing the cult of work that dominated 19th century socio economic thought Employing a satirical yet erudite literary style Lafargue challenges prevailing notions of productivity and virtue associated with hard work arguing instead for the human right to enjoy leisure The text is steeped in the context of Marxist theory interweaving philosophical discourse with social criticism illuminating the detrimental effects of relentless labor on individual well being and societal health Lafargue a French Revolutionary socialist and son in law of Karl Marx draws upon his intimate understanding of Marxist concepts and the socio political landscape of his time His upbringing within a family of intellectuals and his exposure to the labor movements in France undoubtedly influenced his radical views compelling him to advocate for

a society that celebrates leisure as a fundamental human right Lafargue s deep engagement with the struggles of workers forms the backdrop for this incisive critique Highly recommended for scholars activists and general readers alike The Right to Be Lazy invites us to reconsider our relationship with work and leisure Lafargue s incisive arguments and whimsical prose challenge us to reflect on the meaning of true freedom and well being making this text both a timely and timeless exploration of the human condition

Comparisons in Economic Thought Stavros A. Drakopoulos,2016-05-26 The idea of comparing rewards with others has a long and persistent presence in the social sciences and can be found in many psychological social and managerial theories In economics this idea can be traced back through the works of a substantial number of eminent thinkers from Genovesi and Hume to Smith Ricardo Marx and Mill through to Veblen Pigou and Keynes In the last two decades the notion of social comparisons has started to appear more

frequently in economic literature especially in the subfield of happiness research There are also signs that the notion has resurfaced in some strands of literature such as positional concerns social identity models and social capital theory Comparisons in Economic Thought offers a uniquely comprehensive account of how social comparisons have featured in the history of economic thought This book provides an assessment as to why social comparisons have been dismissed by mainstream economists and considers their current and future usefulness This volume is suitable for those who are interested and study history of economic thought economic methodology and History of Consumer Theory as well as Rational Choice Theory
