Downs, Kate Masur, 2015-07-22 At the close of the Civil War it was clear that the military conflict that began in South Carolina and was fought largely east of the Mississippi River had changed the politics policy and daily life of the entire nation In an expansive reimagining of post Civil War America the essays in this volume explore these profound changes not only in the South but also in the Southwest in the Great Plains and abroad Resisting the tendency to use Reconstruction as a catchall the contributors instead present diverse histories of a postwar nation that stubbornly refused to adopt a unified ideology and remained violently in flux Portraying the social and political landscape of postbellum America writ large this volume demonstrates that by breaking the boundaries of region and race and moving past existing critical frameworks we can appreciate more fully the competing and often contradictory ideas about freedom and equality that continued to define the United States and its place in the nineteenth century world Contributors include Amanda Claybaugh Laura F Edwards Crystal N Feimster C Joseph Genetin Pilawa Steven Hahn Luke E Harlow Stephen Kantrowitz Barbara Krauthamer K Stephen Prince Stacey L Smith Amy Dru Stanley Kidada E Williams and Essays on the Civil War and Reconstruction and Related Topics - Scholar's Choice Edition Andrew Zimmerman William Archibald Dunning, 2015-02-19 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge Essays on the Civil War and Reconstruction and Related Topics - War College Series William Archibald alive and relevant Dunning, 2015-02-19 This is a curated and comprehensive collection of the most important works covering matters related to national security diplomacy defense war strategy and tactics The collection spans centuries of thought and experience and includes the latest analysis of international threats both conventional and asymmetric It also includes riveting first person accounts of historic battles and wars Some of the books in this Series are reproductions of historical works preserved by some of the leading libraries in the world As with any reproduction of a historical artifact some of these books contain
