The Great CoMission Brooks St. Clair Morton, 2012-11-02 This book presupposes that pastors and seminarians deeply desire to answer the question of all questions how do I make disciples of Jesus Christ The Great CoMission Making Sense of Making Disciples is a helpful guide for pastors in the field yet meaty enough for seminarians in the classroom In The Great CoMission readers will encounter useful principles for discipleship and solid biblical theology for ministry This unique book approaches the Great Commission from a rite of passage framework therefore allowing for serious consideration of the internal mechanisms of Matthew 28 16 20 by focusing on the relationship between initiation instruction and Jesus promise to be with the church to the end of the age Morton writes from a Wesleyan cross cultural and missiological perspective avoiding the popular method of using the Great Commission merely as a holy launching pad for retelling the story of a mega church

A Faith of Our Own Jonathan Merritt, 2012-05-08 Every day major headlines tell the story of how Christianity is attempting to influence American culture and politics But statistics show that young Americans are disenchanted with a faith that has become culturally antagonistic and too closely aligned with partisan politics In this personal yet practical work Jonathan Merritt uncovers the changing face of American Christianity by uniquely examining the coming of age of a new generation of Christians Jonathan Merritt illuminates the spiritual ethos of this new generation of believers who engage the world with Christ centered faith but an unpolarized political perspective Through personal stories and biblically rooted commentary this scion of a leading evangelical family takes a close thoughtful look at the changing religious and political environment addressing such divisive issues as abortion gay marriage environmental use and care race war poverty and the imbalance of world wealth Through Scripture the examples of Jesus and personal defining faith experiences he distills the essential truths at the core of a Christian faith that is now just coming of age *Generation Ex-Christian* Drew

Dyck, 2010-10-01 Young people aren't walking away from the church they're sprinting According to a recent study by Ranier Research 70 percent of youth leave church by the time they are 22 years old Barna Group estimates that 80 percent of those reared in the church will be disengaged by the time they are 29 years old Unlike earlier generations of church dropouts these leavers are unlikely to seek out alternative forms of Christian community such as home churches and small groups When they leave church many leave the faith as well Drawing on recent research and in depth interviews with young leavers *Generation Ex-Christian* will shine a light on this crisis and propose effective responses that go beyond slick services or edgy outreach But it won't be easy Christianity is regarded with suspicion by the younger generation Those who leave the faith are often downright cynical To make matters worse parents generally react poorly when their children go astray Many sink into a defensive crouch or go on the attack delivering homespun fire and brimstone sermons that further distance their grown children Others give up completely or take up the spiritual sounding all we can do is pray mantra without truly exploring creative ways to engage their children on matters of faith Some turn to their churches for help only to find that they frequently lack adequate resources to guide them This is where *Generation Ex-Christian* will lend a hand It will equip and inspire parents church leaders and everyday Christians to reawaken the prodigal's desire for God and set him or her back on the road to a dynamic faith The heart of the book will be the raw profiles of real world young ex Christians No two leavers

are identical but upon close observation some categories emerge The book will identify seven different kinds of leavers the postmodern skeptic the drifter the neopagan etc and offer practical advice for how to connect with each type Shrewd tips will also intersperse the chapters alerting readers to opportunities for engagement and to hidden landmines they must sidestep to effectively reach leavers

What's Right with the Church Elmer L. Towns, 2009-09-15 The early believers of Jesus Christ knew that they were not just members of an organization nor were they just an extension of Old Testament Judaism They knew that they were followers of the living Lord Jesus Christ They were members of a thing called the church Through the centuries the church has been the most powerful transforming force in history Yet in America many observe it as anemic and powerless Author Elmer Towns contends that there is good news there are many things that are still right with the church *What Is Right With the Church* affirms the positive things that are present in the church today and what will carry it forward as a transforming force This book is not a defense of the traditional church nor does it run to embrace all new forms of worship Rather this book examines the biblical nature of church allowing the best to come forth It is not a book about old churches new churches or home churches It is a book about what is right about every true church no matter the expression history or culture A growing number of people are not aware of the enduring strengths of the church The author contends that if believers in Christ are to effectively move forward with healthy communities and a vibrant faith in this new century they must be established on foundational biblical truths and core values And when this happens the church thrives as a transforming force

Hope For Healing Church Wounds Dr. Michael Gray, 2019-05-07 Statistics from George Barna Research Group reveal that twenty five to thirty million adults stay away from the Christian church because of hurtful treatment experienced at the hands of the body of Christ Having gone through several church hurts himself the author has written this book to be a practice guide on how to be restored renewed and healed from church inflicted wounds so that one s relationship to God is

joyous and fruitful From his own experience and documented research through surveys to pastor s church members and non church goers the author provides a training manual that churches and church leaders can use to reach and restore church members to a healthy relationship with God and His church We all want the church to be a place where we can go to worship God with freedom and joy We all want to be encouraged to grow in our faith and walk with Christ We all want a place where we find joy in serving others a place of safety and unconditional love No one wants to be part of a church that acts like the world treating people with judgment condemnation lack of ompassion and love Church wounds happen but God is a restorer of the broken hearted God is the great healer of our pain and disappointment The author believes that if one takes the steps outlined in the book there will be renewal and restoration If churches reach out to those who have been wounded in the way outlined in this book many will come back into fellowship with the Lord and His church **Small Church, Big Impact**

Preston Sprinkle,2016-09-15 Disciple making is a passion of many as it should be It is after all our great commission But much of contemporary discipleship is informed by instinct and as such it is vulnerable to the whims and trends of the broader culture which can take us further away from our biblical model and mandate Drawing on a 2015 Barna Group study of the state of discipleship in the United States commissioned by The Navigators bestselling author Preston Sprinkle provides a holistic biblical response for discipleship providing accessible tools for all those who are engaged in making Christ followers in the 21st century Sprinkle points pastors church leaders and frankly all Christ followers to a discipleship that is responsive to this most current research and accountable to the model of Jesus and his earliest followers who counted making disciples as their most important work In an extremely practical fashion Go helps us to discern from the Scriptures and from exemplary disciple making ministries what discipleship is and is not what it has become and what it can still be **The Externally Focused Quest** Eric Swanson,Rick Rusaw,2010-04-12 A practical approach for leaders to guide their congregations to become more externally focused The Externally Focused Quest Becoming the Best Church for the Community is designed for church leaders who want to transform their churches to become less internally focused and more oriented to the world around them The book includes the clear guidelines on the ten changes congregations must adopt to become truly outwardly focused This book is not about getting all churches to have an annual day of community service as a tactic but changing the core of who they are and how they see themselves as a part of their community Outlines the ten changes needed for church leaders to transform their churches Presents a highly practical approach that shows leaders how to become more externally focused without having to give up programs that serve members A new volume in the popular Leadership Network Series This book reveals what it takes to make the major shift from an internal to external focus and how that affects church leadership The Shape of Faith to Come Brad J. Waggoner,2008-10-15 Various studies suggest Christians in North America are not qualitatively different in their character and practices than non believers While some churches are growing numerically many wonder to what impact Can we determine if our churches are producing Christians who look think and act like true followers of Jesus Christ In The Shape of Faith to Come research expert Brad J Waggoner and his team measure the beliefs and actions of 2 500 active Protestant churchgoers from across the country against seven key standards of Biblical spiritual formation Learning the truth Obeying God and denying self Sharing faith Serving God and others Exercising Biblical faith Building solid relationships Seeking God The findings reveal the current state and forecast of

spiritual formation in the U S A Adding encouragement to his insights Waggoner calls all Christians to spiritual maturity and challenges church leaders to intentionally take up the mantle of making true disciples Endorsements Descriptive and prescriptive this work will be seen as one of the best books ever written on what is really taking place in the discipleship process of Christians Thom S Rainer coauthor of the 1 best seller Simple Church The elephant in the room of evangelicalism is the surprising lack of disciplined believers in all different kinds of churches We have produced a cafeteria Christianity rather than a robust orthodoxy and Jesus shaped spirituality In this challenging and disturbing book Brad Waggoner draws on twenty years of research in discipleship and spiritual formation to not just show us who we are but to point us to what we must do The Shape of Faith to Come will become a milestone as evangelicals begin to take discipleship seriously once again Ed Stetzer coauthor of Lost and Found The Younger Unchurched and Churches that Reach Them This book comes closer than any study with which I m familiar to providing an insightful and objective evaluation of the spiritual condition of the church in America Where is the church weak and where is she strong Some of the answers indicated by The Shape of Faith to Come may surprise you Donald S Whitney author of Spiritual Disciplines for the Christian Life
