Essentials of Economics Seventh Edition

EXPERIENCE
The Art of Instruction. The Power of Engagement. The Spark of Discovery.
MANKIW

"I have tried to put myself in the position of someone seeing economics for the first time. My goal is to emphasize the material that students should and do find interesting about the study of the economy."
— N. GREGORY MANKIW

In his classic textbook, the great 19th century economist Alfred Marshall said that economics is "a study of mankind in the ordinary business of life." The text you have in your hand continues that tradition. From the cover image to the last page, it reminds us that economics is about people as they go about their lives.
