Dictionary of Military Sociology Dr. George Kaffes, 2024-05-28 Although Moskos showed the way to this particular field of Military Sociology Dr George Kaffes sociologist and teacher for over thirty years in the Hellenic Army Academy felt the necessity of a first introductory but academic work in order to offer the Dictionary of Military Sociology terms From the small Greek island of Kastellorizo where he finished this work Dr Kaffes goal is to give the opportunity by gathering all these terms including military sociologists and researchers some significative military leaders a small but significative slang vocabulary and some operational terms to every sociologist whose interest is about military and society to have this very special tool in hands Another goal of Dictionary of Military Sociology is to show some terms of military slang which is a colloquial language used by and associated with members of various military forces About the Author Dr George Kaffes is a Military Sociologist and has taught Military Sociology as a fulltime professor at the Hellenic Army Academy for more than thirty years He focuses his research more on sociology of violence and war sociology of terrorism gender in the militaries and army sociology He is married with one daughter and he speaks more than his mother language which includes Greek French Portuguese English and German His book is destined to all researchers militaries cadets and everyone who is interested in the field of military sociology

The Sacred Project of American Sociology Christian Smith, 2014-07-03 Counter to popular perceptions contemporary American sociology is and promotes a profoundly sacred project at heart Sociology today is in fact animated by sacred impulses driven by sacred commitments and serves a sacred project Sociology appears on the surface to be a secular scientific enterprise its founding fathers were mostly atheists Its basic operating premises are secular and naturalistic Sociologists today are disproportionately not religious compared to all Americans and often irreligious The Sacred Project of American Sociology shows counter intuitively that the secular enterprise that everyday sociology appears to be pursuing is actually not what is really going on at sociology s deepest level Christian Smith conducts a self reflexive tables turning cultural and institutional sociology of the profession of American sociology itself showing that this allegedly secular discipline ironically expresses Emile Durkheim s inescapable sacred exemplifies its own versions of Marxist false consciousness and generates a spirited reaction against Max Weber s melancholically observed disenchantment of the world American sociology does not escape the analytical net that it casts over the rest of the ordinary world Sociology itself is a part of that very human very social often very sacred and spiritual world And sociology s ironic mis recognition of its own sacred project leads to a variety of arguably self destructive and distorting tendencies This book re asserts a vision for what sociology is most important for in contrast with its current commitments and calls sociologists back to a more honest fair and healthy vision of its purpose

Nationalism and Hegemony Michaelangelo Anastasiou, 2022-04-19 This book develops a contemporary theory of nationalism that addresses 21st century political challenges exploring theoretical and

empirical understandings of the concepts of the nation and nationalism and the failure of various theoretical accounts to decipher the diverse manner by which nationalism comes to be embedded in our social and political world Accounting for the dynamism and intertextuality of nationalism Nationalism and Hegemony shows how the nation and nationalism come to be consolidated as conceptual and experiential power structures and how the interests of political groups are advanced through diverse nationalist modalities which can at any time be activated for political purposes A critique of the various and diverse manifestations of nationalism this contribution to both theory and political practice will appeal to scholars working in the fields of sociology and social and political theory

Other Worlds John R. Heapes, MA, MSW, 2014-02 Who hasn't asked What happens to me after I die and or Are we alone in the universe Other Worlds UFOs Aliens and the Afterlife takes readers on a journey into other galaxies and into a different time a time after all of their tomorrows How are the societies organized on other planets and in the afterlife This book answers this question with a new approach in the UFO and the Near Death Experience fields As readers take this trip they will wonder if there are universal laws governing the societies of intelligent beings regardless of where they reside in existence Are humans projecting into foreign forms their own beliefs about how societies should be arranged on Earth Why study such ethereal and controversial material We always learn about ourselves when we study those who are different from us whether those beings are real or not Anyone who has read a good book of fiction knows the validity of this point Consider how many teenagers identify with the characters in the Hunger Games books What follows is the sociological perspective We will explore institutions such as marriage and the family social classes and culture We will determine the sex of alien travelers as well as the occupations of their human witnesses We will learn what the afterlife looks like and discover what messages deceased beings deliver to humans

Reclaiming Class Vivyan Adair,Sandra Dahlberg,2003-04-25 Reclaiming Class offers essays written by women who changed their lives through the pathway of higher education Collected they offer a powerful testimony of the importance of higher learning as well as a critique of the programs designed to alleviate poverty and educational disparity The contributors explore the ideologies of welfare and American meritocracy that promise hope and autonomy on the one hand while also perpetuating economic obstacles and indebtedness on the other Divided into the three sections Reclaiming Class assesses the psychological familial and economic intersections of poverty and the educational process In the first section women who left poverty through higher education recall their negotiating the paths of college life to show how their experiences reveal the hidden paradoxes of education Section two presents first person narratives of students whose lives are shaped by their roles as poor mothers guardian siblings and daughters as well as the ways that race interacts with their poverty Chapters exploring financial aid and welfare policy battery and abuse and the social constructions of the poor woman finish the book Offering a comprehensive picture of how poor women access all levels of private and public institutions to achieve against great odds Reclaiming Class shows the workings of higher learning from the vantage point of those most subject to the vicissitudes of policy and reform agendas **Smart Maintenance for Human-Robot Interaction** Bo Xing,Tshilidzi

Marwala,2017-09-08 This self contained book written by active researchers presents up to date information on smart maintenance strategies for human robot interaction HRI and the associated applications of novel search algorithms in a single volume eliminating the need to consult scattered resources Unlike other books it addresses maintaining a smart HRI from three dimensions namely hardware cyberware and hybrid asset management covering problems encountered in each through a wide variety of representative examples and elaborated illustrations Further the diverse mathematical models and intelligent systems constructions make the book highly practical It enables readers interested in maintenance robotics and intelligent systems but perplexed by myriads of interrelated issues to grasp basic methodologies At the same time the

referenced literature can be used as a roadmap for conducting deeper researches *Alternative Sociologies of Religion* James V. Spickard, 2017-03-14 Uncovers what the sociology of religion would look like had it emerged in a Confucian Muslim or Native American culture rather than in a Christian one Sociology has long used Western Christianity as a model for all religious life As a result the field has tended to highlight aspects of religion that Christians find important such as religious beliefs and formal organizations while paying less attention to other elements Rather than simply criticizing such limitations James V Spickard imagines what the sociology of religion would look like had it arisen in three non Western societies What aspects of religion would scholars see more clearly if they had been raised in Confucian China What could they learn about religion from Ibn Khaldun the famed 14th century Arab scholar What would they better understand had they been born Navajo whose traditional religion certainly does not revolve around beliefs and organizations Through these thought experiments Spickard shows how non Western ideas understand some aspects of religions even of Western religions better than does standard sociology The volume shows how non Western frameworks can shed new light on several different dimensions of religious life including the question of who maintains religious communities the relationships between religion and ethnicity as sources of social ties and the role of embodied experience in religious rituals These approaches reveal central aspects of contemporary religions that the dominant way of doing sociology fails to notice Each approach also provides investigators with new theoretical resources to guide them deeper into their subjects The volume makes a compelling case for adopting a global perspective in the social sciences **Forthcoming Books** Rose Arny, 2000

Handbook of Research on Instructional Systems and Educational Technology Kidd, Terry, Morris, Jr., Lonnie R., 2017-04-20 Incorporating new methods and approaches in learning environments is imperative to the development of education systems By enhancing learning processes education becomes more attainable at all levels The Handbook of Research on Instructional Systems and Educational Technology is an essential reference source for the latest scholarly research on new models trends and data for solving instructional and learning challenges in education Featuring extensive coverage on a wide range of topics such as distance education online learning and blended learning this publication is ideally designed for academicians practitioners researchers and students seeking current research on the latest improvements in instructional systems **From Revolution to Chaos in Haiti (1804-2019)** Rhodner J Orisma, 2020-01-13 Haiti is a failing state The country is still unable to provide basic needs such as employment food housing healthcare and education to a majority of its inhabitants in over two centuries after its revolution and Independence of 1804 Relatively incompetent both the nation's government and its opposition ignore moral politics and instead focus on corruption and fighting each other Though free from French rule the country remains tied to its slave past and violent history It seems like a socioeconomic and urban consensus cannot be achieved in order to carry out sustainable solutions for the people This book *From Revolution to Chaos in Haiti 1804 2019 Urban Problems and Redevelopment Strategies* is an attempt to analyze this situation from a

historical perspective First the Haitian Revolution of 1804 is displayed to show the violent and bloody struggles of outstanding leaders and warriors against colonial powers for the making of a great political and independent nation Second Haiti's decline is analyzed starting from the assassination of its first leader Jean Jacques Dessalines in 1806 to the country's bottom rank in the global stratification during the 2010's along with the impact of the catastrophic 2010 earthquake The main factors noted within this decline are linguistic agricultural urban and HIV AIDS TB healthcare issues and undercapitalization along with ideological confusions capitalism neoliberalism socialism social democracy and political instability
